Mangos Bananas And Coconuts A Cuban Love Story:

Mangos, Bananas and Coconuts: A Cuban Love Story Himilce Novas, 1996-06-30 The twin protagonists of *Mangos Bananas and Coconuts* emerge from the lush tropics of the Cuban countryside like Caribbean Tristans and Isolde bound to each other in an eternal embrace that neither politics nor geography nor the ill will of family and society can break Like so many timeless tales *Mangos Bananas and Coconuts* begins with the love of a man and a woman from opposite ends of the social strata and rises to mythic proportions as their newly born twins are separated at birth The son is raised in wealth and privilege in the affluent exile community of Florida the daughter and her father scratch out a living in New York's Spanish Harlem In spite of the realistically portrayed social and economic differences in their upbringing destiny and all of the forces of fate and chance conspire to bring together the twin protagonists in an ingenious and sincerely amorous embrace The four elements of nature earth wind fire and water all participate in this magically real world where their parents' mystical union has led to a quest for a second and more fulfilled and transcendent one

Mangos, Bananas, and Coconuts Himilce Novas, 1996 *Retelling the Caribbean* Laura Ekberg, 2025-09-26 *Retelling the Caribbean* examines heterolingualism in Anglophone Caribbean novels and their Finnish translations Heterolingualism such as various types of code switching is utilised by many Caribbean authors to represent the linguistic multiplicity of Caribbean cultures Switching between different languages is a natural part of communication in Caribbean communities Consequently issues of language and cultural representation have become an integral part of the Caribbean literary tradition This study is located at an intersection between the notion of intercultural translation employed in Postcolonial Studies and the notion of interlingual translation that is at the centre of Translation Studies examining both the original novels and their Finnish translations as forms of translation The book maps the strategies used by the Finnish translators of these heterolingual texts comparing them to the strategies used by the authors in the representation of Caribbean language and culture in the original literary works Through textual analysis of works spanning five decades of translated Anglophone Caribbean fiction in Finnish as well as translator interviews the book sheds light on some of the central issues related to cultural representation in the translation of heterolingual literary works

McCracken,1999-02 During the last two decades of the twentieth century U S Latina writers have made a profound impact on American letters with fiction in both mainstream and regional venues Following on the heels of this vibrant and growing body of work *New Latina Narrative* offers the first in depth synthesis and literary analysis of this transethnic genre Focusing on the dynamic writing published in the 1980s and 1990s by Mexican American Puerto Rican Cuban American and Dominican American women *New Latina Narrative* illustrates how these writers have redefined the concepts of multiculturalism and diversity in American society As participants in both mainstream and grassroots forms of multiculturalism these new Latina narrativists have created a feminine space within postmodern ethnicity disrupting the idealistic veneer of diversity with which publishers often market this fiction In this groundbreaking study author Ellen McCracken opens the conventional boundaries of Latino a literary criticism incorporating elements of cultural studies theory and contemporary feminism Emphasizing the diversity within new Latina narrative McCracken discusses the works of more than two dozen writers including Julia Alvarez Denise Chavez Sandra Cisneros Cristina Garcia Graciela Limon Demetria Martinez Pat Mora Cherr e Moraga Mary Helen Ponce and Helena Maria Viramontes She stresses such themes as the resignification of master narrative the autobiographical self and collective identity popular religiosity subculture and transgression and narrative harmony and dissonance *New Latina Narrative* provides readers an enriched basis for reconceiving the overall Latino a literary field and its relation to other contemporary literary and cultural trends McCracken's original approach extends the Latina literary canon both the works to be studied and the issues to be examined resulting in a valuable work for all readers of women's studies contemporary American literature ethnic studies communications and sociology *Troubling Nationhood in U.S. Latina Literature* Maya Socolovsky,2013-06-26 This book examines the ways in which recent U S Latina literature challenges popular definitions of nationhood and national identity It explores a group of feminist texts that are representative of the U S

Latina literary boom of the 1980s 1990s and 2000s when an emerging group of writers gained prominence in mainstream and academic circles Through close readings of select contemporary Mexican American Puerto Rican and Cuban American works Maya Socolovsky argues that these narratives are remapping the United States so that it is fully integrated within a larger hemispheric Americas Looking at such concerns as nation place trauma and storytelling writers Denise Chavez Sandra Cisneros Esmeralda Santiago Ana Castillo Himilce Novas and Judith Ortiz Cofer challenge popular views of Latino cultural unbelonging and make strong cases for the legitimate presence of Latinas/os within the United States In this way they also counter much of today's anti immigration rhetoric Imagining the U S as part of a broader Americas these writings trouble imperialist notions of nationhood in which political borders and a long history of intervention and colonization beyond those borders have come to shape and determine the dominant culture's writing and the defining of all Latinos as other to the nation
