## **Manhood And The American Renaissance David Leverenz:**

**Manhood and the American Renaissance** David Leverenz, 1989 In 1980 when my book on Puritans had just come out one of my more well known colleagues sat down in my office to read the jacket flap Oh He said with a touch of disdain You re actually saying something This book too is actually saying something more readably I hope My colleague s spontaneous reaction expressed the prevailing postromantic values of the profession which dazzle of critical sensibility playing over texts

**Manhood in America** Michael S. Kimmel, 2018 For more than three decades the women s movement and its scholars have exhaustively studied women s complex history roles and struggles In *Manhood in America: A Cultural History* Fourth Edition author Michael Kimmel argues that it is time for men to rediscover their own evolution Drawing on a myriad of sources he demonstrates that American men have been eternally frustrated by their efforts to keep up with constantly changing standards Kimmel contends that men must follow the lead of the women s movement it is only by mining their past for its best qualities and worst excesses that men will free themselves from the constraints of the masculine ideal **The**

**Arnoldian**, 1991 **David Mamet and American Macho** Arthur Holmberg, 2012-02-02 What does it mean to be an American man Holmberg demonstrates how David Mamet s plays explore complex issues of masculinity Sexual Violence and American Manhood T. Walter Herbert, 2002-11-22 His work offers an unusually clear view of this prevailing convention of insecure and destructive masculinity which Herbert connects with contemporary analyses of male identity formation sexuality and violence and with cultural political and ideological developments reaching back to the nation s democratic beginnings Gender and the American Temperance Movement of the Nineteenth Century Holly Berkley

Fletcher, 2007-12-12 During the nineteenth century the American temperance movement underwent a visible gendered shift in its leadership as it evolved from a male led movement to one dominated by the women However this transition of leadership masked the complexity and diversity of the temperance movement Through an examination of the two icons of the movement the self made man and the crusading woman Fletcher demonstrates the evolving meaning and context of temperance and gender Temperance becomes a story of how the debate on racial and gender equality became submerged in service to a corporate political enterprise and how men s and women s identities and functions were reconfigured in relationship to each other and within this shifting political and cultural landscape **Male Authors, Female Subjects**

Duco Van Oostrum, 1995 In the wake of feminist and poststructuralist contributions to literary study how can we read images of women in literature written by men Is it possible to read anything other than appropriation or misrepresentation in these male portraits of women Starting with these questions Van Oostrum looks for openings in a debate that seems to be firmly locked into traditional gender roles While contemporary literary theory works hard to dismantle oppressive binaries questions about the representation of an other often lead back to a dizzying number of rigid identities Through an examination of Henry Adams s and Henry James s attempts to write about American women Van Oostrum tries to have it

both ways at once holding on to gendered cultural identity and at the same time challenging a stable personality Using the sentimental fiction written by women in the 1850s James and Adams write about the new women of the turn of the 20th century Traversing multiple oceans they increasingly entangle concepts of gender and nationality othering not only women but the culture of Europe and the South Seas as well An analogous movement of a male translation of female American sentimental fiction intersected with national identities the author argues takes place in two Dutch novels of the late 19th century By looking through a Dutch lens at American literature this book on possible gender crossings shows cultural identities always to be on the move Crossing from the male author to the female subject on such an international landscape the author tries to navigate a place for women within and beyond literature written by men

**Staging Masculinity** Carla J. McDonough, 2006-07-19 The men in plays such as Arthur Miller's *Death of a Salesman* or Sam Shepard's *True West* are often presented as universal little attention is given to the gender dynamics involved in the characters This work looks at how contemporary playwrights including Miller Shepard Eugene O'Neill David Mamet and August Wilson stage masculinity in their works It becomes apparent that male playwrights return often to the issues of troubled manhood usually masked in other issues such as war business or family The plays indicate both the attractiveness of the model of traditional masculinity and the illusive nature of this image which all too often fractures and fails the characters who pursue it O'Neill's play *The Hairy Ape* and the character Yank receive much attention

*Together by Accident* Stephanie C. Palmer, 2008-12-16 This fascinating account of the regional travel accident motif within American local color literature offers a reassessment of the cultural work done by authors writing during the Gilded Age Stephanie C. Palmer shows how events like broken carriage wheels and missed trains were used by local color authors to bring together bourgeois and lower class characters thus giving readers the opportunity to see modernity coming into contact with both rural and urban life Using the works of Sarah Orne Jewett Bret Harte William Dean Howells Elizabeth Stuart Phelps and others Palmer traces the use of the regional travel accident motif and how local color writers employed it to give critiques on class society and modern life Exploring the themes of regional identity modernity and interpersonal relationships *Together by Accident* offers an intriguing evaluation of the innovations and inconveniences associated with life during the industrializing Gilded Age in America

**A Mighty Baptism** Susan Juster, Lisa MacFarlane, 1996 Follows the influences of race and gender on the Protestant tradition in America from the late eighteenth to the early twentieth century
