The Agency of Female Typology in Italian Renaissance Paintings Edward J. Olszewski, 2023-06-30 This study employs cognitive theory as a heuristic framework to interrogate the agency of female types in select Italian Renaissance paintings with emphasis on Venus Medusa the Amazon Boccaccio's Lady Fiammetta Cleopatra Susanna the Magdalene and the Madonna The study disrupts assumptions about the identity of sitters and readings of paintings as it challenges paradigms of female representation It interrogates why certain paintings were crafted by whom and for whom Works are placed in the context of meta painting with stress on the cognitive decisions negotiated between patron and artist The ludic aspects of several paintings are examined with a fine grain semiotic approach to expand their iconographies Psychoanalytic readings are unpacked based on the flawed mythological metaphors and incomplete clinical studies of Sigmund Freud's theorizing The rubric of female agency is deliberately selected to unify popular but enigmatic master paintings of disparate subjects

Bronzino's Chapel of Eleonora in the Palazzo Vecchio Janet Cox-Rearick, 2023-12-22 Do the sacred decorations of a Florentine Renaissance chapel saints symbols and scriptural stories hold personal and political meanings Cox Rearick's ground breaking book explores the message hidden in the frescoes and altar panels of the Chapel of Eleonora di Toledo painted in the early 1540s by Agnolo Bronzino for the Spanish born wife of Duke Cosimo I de Medici Bronzino then the chief painter to the Medici court was largely responsible for the invention in Florence of the highly self conscious elegant Maniera style Cox Rearick interweaves her account of the Medici biography with an examination of Bronzino's commission in the broader context of his oeuvre Cox Rearick reveals the Chapel of Eleonora as an intimately devised decorative program that transmits messages about its patrons and Medici rule Detailed color photographs of the newly restored art splendidly document this early tour de force of a major artist whose works are still relatively unexamined

The Drawings of Bronzino Carmen Bambach,Agnolo Bronzino,Janet Cox-Rearick,George R. Goldner,Philippe Costamagna,Marzia Faietti,Elizabeth Pilliod,2010 Drawings by the great Italian Mannerist painter and poet Agnolo Bronzino 1503 1572 are extremely rare This important and beautiful publication brings together for the first time nearly all of the sixty drawings attributed to this leading draftsman of the 16th century Each drawing is illustrated in color discussed in detail and shown with many comparative photographs Bronzino s technical virtuosity as a draftsman and his mastery of anatomy and perspective are vividly apparent in each stroke of the chalk pen or brush The younger generations of Florentine artists particularly admired Bronzino for his technical virtuosity as

a painter and Giorgio Vasari praised him for his powers as a disegnatore designer and draftsman Miraculous Encounters Bruce Edelstein, Davide Gasparotto, 2018 Jacopo Carucci known as Pontormo 1494-1557 was the leading painter in mid sixteenth century Florence and one of the most original and extraordinary Mannerist artists His extremely personal style was much influenced by Michelangelo though he also drew from northern art especially the work of Albrecht Dürer This catalogue brings together a small but important group of preparatory drawings and finished paintings that center on Pontormo's great masterpiece The Visitation one of the most moving and mesmerizing works by the artist The Visitation represents the intense moment of encounter between the Virgin Mary and her cousin Elizabeth who reveal to each other that both are pregnant The painting is presented for the first time along with its highly finished preparatory drawing which is squared for transfer to the larger surface of the panel The combination of rigorous research and gorgeous reproductions reveals the painter's creative process as never before Other acclaimed paintings including Portrait of a Halberdier and Portrait of Carlo Neroni will also be shown alongside their preparatory drawings Readers will encounter Pontormo both as a religious painter and a painter of portraits in this original and nuanced account of the celebrated artist **Catalogue of the Harvard University Fine Arts Library, the Fogg Art Museum** Harvard University.
