Manners And Morals Of Long Ago:

Pride, Manners, and Morals Andrea Branchi, 2021-11-29 In *Pride Manners and Morals* Bernard Mandeville's *Anatomy of Honour* Andrea Branchi offers a reading of the Anglo Dutch physician and thinker's philosophical project from the hitherto neglected perspective of his lifelong interest in the theme of honour Through an examination of Mandeville's anatomy of early eighteenth century beliefs practices and manners in terms of motivating passions the book traces the development of his thought on human nature and the origin of sociability By making honour and its roots in the desire for recognition the central thread of Mandeville's theory of society Andrea Branchi offers a unified reading of his work and highlights his relevance as a thinker far beyond the moral problem of commercial societies opening up new perspectives in Mandeville's studies

How to observe: morals and manners Harriet Martineau, 1838 **How to Observe Morals and Manners by Harriet Martineau** Harriet Martineau, 1838 **Manners and Morals of Long Ago** John E. Duncan, 1993 **A Long Time Burning** Donald Thomas, 2024-12-06 Censorship of the written word has proved a constant source for debate and argument To cut or not to cut is a question with a long and fascinating history First published in 1969 *A Long Time Burning* is an account of the political religious and moral censorship of literature in the context of English literary history It is principally concerned with the evolution of a modern pattern of censorship between the abolition of licensing in 1695 and the late Victorian period The author outlines the motives and methods of censorship illustrating these by more detailed discussion of such cases as those involving Edmund Curll John Wilkes Thomas Paine William Hone Richard Carlile William Dugdale and Henry Vizetelly The unofficial trade in banned books and the campaigns of the Proclamation Society the Society for the Suppression of Vice and the National Vigilance Association are described with the aid of some previously unpublished material The book includes an anthology of illustrative material quoting extracts from publications banned at various times and for various reasons Pages from such books as *Venus in the Cloister* are reprinted for the first time in more than two centuries while the other documents range from the Blasphemy Act of 1698 to a prosecution brought under the Race Relations Act of 1965

Masses and Man George L. Mosse, 2024-06-25 In fourteen essays that speak to the full breadth of George L. Mosse's intellectual horizons and scholarly legacy *Masses and Man* explores radical nationalism fascism and Jewish modernity in twentieth century Europe Breaking from the conventions of historical analysis Mosse shows that secular religions like fascism cannot be understood only as the products of socioeconomic or intellectual histories but rather must be approached first and foremost as cultural phenomena *Masses and Man* comprises three parts The first lays out a cultural history of nationalism essentially the first of its kind emphasizing the importance of sacred expressions like myths symbols and rituals as appropriated in a political context The second zeroes in on fascism's most dramatic irruptions in European history in the rise of Italian Fascism and the Nazi Party in Germany elucidating these as not just political movements but also cultural and even aesthetic ones The third part considers nationalism and fascism from the particular standpoint of German

Jews Taken in full the volume offers an eloquent summation of Mosse's groundbreaking insights into European nationalism, fascism and Jewish history in the twentieth century. A new critical introduction by Enzo Traverso helpfully situates Mosse's work in context and exposes the many ways in which *Masses and Man*, first published in 1980, remains relevant today. *The Churchman*, 1897

Rules and ethics Morgan Clarke, Emily Corran, 2021-08-10 This book investigates the pronounced enthusiasm that many traditions display for codes of ethics characterised by a multitude of rules. Recent anthropological interest in ethics and historical explorations of self-fashioning have led to extensive study of the virtuous self, but existing scholarship tends to pass over the kind of morality that involves legalistic reasoning. *Rules and ethics* corrects that omission by demonstrating the importance of rules in everyday moral life in a variety of contexts. In a nutshell, it argues that legalistic moral rules are not necessarily an obstruction to a rounded ethical self but can be an integral part of it. An extended introduction first sets out the theoretical basis for studies of ethical systems that are characterised by detailed rules. This is followed by a series of empirical studies of rule-oriented moral traditions in a comparative perspective.

Aristotle, Emotions, and Education Professor Kristján Kristjánsson, 2012-10-01 What can Aristotle teach us that is relevant to contemporary moral and educational concerns? What can we learn from him about the nature of moral development, the justifiability and educability of emotions, the possibility of friendship between parents and their children, or the fundamental aims of teaching? The message of this book is that Aristotle has much to teach us about those issues and many others. In a formidable display of boundary-breaking scholarship drawing upon the domains of philosophy, education and psychology, Kristján Kristjánsson analyses and dispels myriad misconceptions about Aristotle's views on morality, emotions and education that abound in the current literature, including the claims of the emotional intelligence theorists that they have revitalised Aristotle's message for the present day. The book proceeds by enlightening and astute forays into areas covered by Aristotle's canonical works while simultaneously gauging their pertinence for recent trends in moral education. This is an arresting book on how to balance the demands of head and heart, a book that deepens the contemporary discourse on emotion, cultivation and virtuous living, and one that will excite any student of moral education, whether academic or practitioner.
