primary human drive is not pleasure as Freud maintained but rather the discovery and pursuit of what the individual finds meaningful Today as new generations face new challenges and an ever more complex and uncertain world Frankl's classic work continues to inspire us all to find significance in the very act of living in spite of all obstacles A must read companion to this classic work a new never before published work by Frankl entitled Yes to Life In Spite of Everything is now available in English

From an Existential Vacuum to a Tragic Optimism Barbara A. Heavilin, Charles W. Heavilin, 2014-07-03

From an Existential Vacuum to a Tragic Optimism The Search for Meaning and the Presence of God in Modern Literature employs a new theoretical approach to critical analysis Victor Frankl's logotherapy from the Greek logos for word or reason and often related to divine wisdom a unique form of existentialism On the basis of his observations of the power of human endurance and transcendence the discovery of meaning even in the midst of harrowing circumstances Frankl diagnoses the malaise of the current age as an existential vacuum a sense of meaninglessness He suggests that a panacea for this malaise may be found in creativity love and moral choice even when faced with suffering or death He affirms that human beings may transcend this vacuum discover meaning or even ultimate meaning to be found in Ultimate Being or God and live with a sense of tragic optimism This book observes both the current age's existential vacuum a malaise of emptiness and meaninglessness and its longing for meaning and God as reflected in three genres poetry novel and fantasy

Part I Reflections of God in the Poetic Vision addresses tragic optimism hope when there seems to be no reason for hope in poems by William Butler Yeats T S Eliot Samuel Taylor Coleridge and Gerard Manley Hopkins

Part II American Angst Emptiness and Possibility in John Steinbeck's Major Novels presents a study of Steinbeck's The Grapes of Wrath East of Eden and The Winter of Our Discontent novels that together form a uniquely American epic trilogy Together these novels tell the story of a nation's avarice corruption and betrayal offset by magnanimity heroism and hospitality Set against the backdrop of Frankl's ways of finding meaning and fulfillment all obliquely implying the felt presence of God the characters are representative Every Americans in whose lives are reflected a nation's worst vices and best hopes

Part III A Tragic Optimism The Triumph of Good in the Fantasy Worlds of Tolkien Lewis and Rowling defines fantasy and science fiction as mirrors with which to view reality J R R Tolkien's The Lord of the Rings C S Lewis's That Hideous Strength and J K Rowling's Harry Potter series are considered in the light of Frankl's logotherapy providing paths to meaning and the ultimate meaning to be found in God In a postmodern fragmented age these works affirm a continuing vision of God often through His felt absence and also a most human yearning for meaning even when there seems to be none providing as Frankl maintains a tragic optimism

Viktor Frankl's Contribution to Spirituality and Aging Melvin A. Kimble, 2014-02-04

Use Frankl's insights and techniques to improve life for your aging clients or parishioners Viktor Frankl a holocaust survivor who experienced firsthand the horrors of Auschwitz saw man as a being who continuously decides what he is a being who equally harbors the potential to descend to the level of an animal or to ascend to the life of a saint Man is that being who after all invented the gas chambers but at the same time he

is that being who entered into those same gas chambers with his head held high and with the Our Father or the Jewish prayer of the dying on his lips Dr Frankl's insights led him to found the therapeutic system of logotherapy which views man as a spiritual being rather than simply as a biological construct Logotherapy has come to be called the Third Viennese School of Psychotherapy after Freud's psychoanalysis and Adler's individual psychology He left a rich legacy of theory and insights especially relevant to the search for meaning in later life The tenets of logotherapy provide many clues and approaches to what an ever increasing body of evidence suggests regarding the crisis of aging as a crisis of meaning Frankl's insightful work increased man's understanding of the spiritual dimension of humanity and the dignity and worth of every person in the face of what he called the tragic triad of human existence pain guilt and death Viktor Frankl's *Contribution to Spirituality and Aging* presents an essential overview of logotherapy and explores the search for and the will to meaning in later life the connection between logotherapy and pastoral counseling bringing psychology and theology together to effectively counsel the aging the role of logotherapy in the treatment of adult major depression aspects of meaning and personhood in dementia the search for meaning in long term care settings Viktor Frankl's *Contribution to Spirituality and Aging* represents varying professional perspectives on the application of Frankl's logotherapy for ministry with older adults The chapter authors represent diverse professional backgrounds in medicine pastoral theology the behavioral sciences and pastoral ministry They address issues such as death and dying dementia and depression and the spiritual meaning of aging as well as Frankl's conception of the nature of humanity Everyone interested in the connection between theology and psychology in the context of the aging will want to own this book

explores a simple thesis Life has no meaning except what we assign to it Dr Kimmons simple thesis helps us begin to understand why there is such a variety of interpretations of just about everything encountered in modern times including ideas and behavioral phenomena from politics science social science entertainment and religion Dr Kimmons proposes that most of what we want to accomplish in this lifetime is driven not by a quest for money power sex glory religion or objective knowledge Rather what we want to accomplish in this lifetime is driven by our desire to understand justify and perpetuate our life While including bits and pieces of his own life story along with social commentary about a variety of matters taking place in these times in this book Dr Kimmons addresses the origins of his thesis and uses Freud and White as part of a theoretical framework for his thesis The core of Dr Kimmons book however is his attempt to illustrate how individuals may actualize themselves through completely different processes but all with the same ultimate goal or end in mind To understand justify and perpetuate ones life Is it true that there are few if any absolutes in this world Dr Kimmons seems to believe that and through his examination of a simple thesis encourages us to proceed carefully in this life lest we offend life itself *Seeds of Redemption* Andy White, 2021-05-24 Struggle of both the small and staggering sort is woven throughout all our lives It can erode our faith strip us of hope rob us of joy extinguish our vitality and diminish our capacity to love But because God is always present and at work seeds of redemption lie as hidden treasure buried in the ground of struggle By taking a deeply human look at various figures in the lineage of Jesus in Matthew 1 Andy White shows us that the people we once may have considered unlike us because of thousands of years of separation suddenly come close in their pain loss and failures He too comes close as a man who has faced hardships to offer others a hand when their feet are unsteady By digging into the lives of these biblical sojourners White unearths hidden treasures guides readers on a journey of self discovery and points the way forward showing us ways to cultivate tenacious hope stronger faith and greater capacity to live and love as participants in God s ongoing redemption story
