More Than a Champion Fabricio Sales Silva, 2025-03-24 I have always believed that true victory begins long before the final flag Since I was a boy when I rode karts for the first time I felt a restlessness that pushed me to want more to test myself in every possible way This inner fire made me understand early on that there is no middle ground between dream and reality it takes total dedication going to the last limit and giving the best of yourself without reservations There were times when the competition was fierce when rivalries put not only talent but also mental strength at stake I won world titles in Formula 1 facing brilliant opponents such as Alain Prost and I realized that success does not depend only on a competitive car but on focus courage and the commitment to do everything well or simply not do it They always ask me where so much desire to win came from I believe that part of it was born from the love I had for my country and my family Knowing that there were millions of Brazilians waking up at dawn to watch me hoping that I would bring joy to them gave me extra energy for each overtaking And I with an open heart know that the important thing is to win Everything and always This story that the important thing is to compete is nothing more than pure demagoguery *Almanack for the Year of Our Lord ...* , 1991
