The Dissenting Voice Martin S. Stabb, 2014-05-23 Political social and aesthetic change marked Latin American society in the years between 1960 and 1985 In this book Martin Stabb explores how these changes made their way into the essayistic writings of twenty six Spanish American intellectuals Stabb posits that dissent against ideology against simplistic notions of technological progress against urban values and even against the direct linear expository style of the essay itself characterizes the work of these contemporary essayists He draws his examples from major canonical figures including Paz Vargas Llosa Fuentes and Cortázar and from lesser known writers who merit a wider readership such as Monterroso Zaid Edwards and Ibarra Engoitia This exploration overturns many conventional assumptions
