Chicago Makes Modern Mary Jane Jacob, Jacquelynn Baas, 2012-12-15 Chicago is a city dedicated to the modern from the skyscrapers that punctuate its skyline to the spirited style that inflects many of its dwellings and institutions from the New Bauhaus to Hull House Despite this the city has long been overlooked as a locus for modernism in the arts its rich tradition of architecture design and education disregarded Still the modern in Chicago continues to thrive as new generations of artists incorporate its legacy into fresh visions for the future Chicago Makes Modern boldly remaps twentieth century modernism from our new century perspective by asking an imperative question How did the modern mind deeply reflective yet

simultaneously directed help to dramatically alter our perspectives on the world and make it new Returning the city to its rightful position at the heart of a multidimensional movement that changed the face of the twentieth century Chicago Makes Modern applies the missions of a brilliant group of innovators to our own time From the radical social and artistic perspectives implemented by Jane Addams John Dewey and Buckminster Fuller to the avant garde designs of L szl Moholy Nagy and Mies van der Rohe the prodigious offerings of Chicago s modern minds left an indelible legacy for future generations Staging the city as a laboratory for some of our most heralded cultural experiments Chicago Makes Modern reimagines the modern as a space of self realization and social progress where individual visions triggered profound change Featuring contributions from an acclaimed roster of contemporary artists critics and scholars this book demonstrates how and why the Windy City continues to drive the modern world **A Dictionary of the Avant-Gardes**, 2013-05-13 A Dictionary of the Avant Gardes recognizes that change is a driving force in all the arts It covers major trends in music dance theater film visual art sculpture and performance art as well as architecture science and culture **Naïve Intention** Pezo von Ellrichshausen, Edwin van Gelder, 2022-02-25 Introduced by an essay about the vague contradiction between intentionality and chance necessity and accident reason and futility authorship and anonymity the book presents a selection of images that inform Pezo von Ellrichshausen s cross production between art architecture and academia Each page contains a single picture and a brief caption describing it Beyond a comprehensive depiction of the individual works the monograph underlines transversal notions of inventory format scale regulation and value within the pictorial representation In the fashion of a personal album each drawing painting photograph model or building evokes the mental world behind the couple s production This volume could be read both as a collection of ideas one after another or as the same one that persists over time Mies van der Rohe Franz Schulze, Edward Windhorst, 2020-03-04 An excellent new edition of the definitive biography of the architectural genius with more than a hundred photos Booklist starred review Upon publication this book was praised by the Chicago Tribune and the most comprehensive book ever written about the master designer and by any measure the best while the Christian Science Monitor noted that Schulze has both the gift of an architectural historian able to render Mies s building innovations and that of a biographer able to paint the humanity and shortcomings of the man Newsweek called it a revelation Now this biography of the iconic modernist architect and designer has been extensively updated providing an even more enlightening and intimate portrait of a man who helped to create the twentieth century world This excellent revised edition has 138 illustrations incisive descriptions of Mies innovative creations and a fascinating account of his Pyrrhic victory in a lawsuit against his disaffected client Edith Farnsworth Booklist starred review This authoritative biography of Mies van der Rohe has been updated through building records the recollections of students and a court transcript It s a gripping read Christopher Woodward Building Design *The Architecture of Influence* Amanda Reeser Lawrence, 2023-11-21 How do we create the new from the old The Architecture of Influence explores this fundamental

question by analyzing a broad swath of twentieth century architectural works including some of the best known examples of the architectural canon modern and postmodern through the lens of influence The book serves as both a critique of the discipline s long standing focus on genius and a celebration of the creative act of revisioning and reimagining the past It argues that all works of architecture not only depend on the past but necessarily alter rewrite and reposition the traditions and ideas to which they refer Organized into seven chapters Replicas Copies Compilations Generalizations Revivals Emulations and Self Repetitions the book redefines influence as an active process through which the past is defined recalled and subsequently redefined within twentieth century architecture *Chicago* Ali Lemer, Karla Zimmerman, 2023-04 Inside Lonely Planet s Chicago Travel Guide What s NEW in this edition Up to date information all businesses were rechecked before publication to ensure they are still open after 2020 s COVID 19 outbreak Highlights and itineraries help you tailor your trip to your personal needs and interests Eating it s in every traveler s hands It s on mobile phones It s on the Internet It s everywhere and it s telling entire generations of people how to travel the world Fairfax Media Australia [Not For Tourists Guide to Chicago 2023](#) Not For Tourists, 2022-10-04 The Not For Tourists Guide to Chicago is a map based neighborhood by neighborhood dream guide that divides Chi Town into sixty mapped neighborhoods from Gold Coast and Lincoln Park to Wrigleyville and Lakeview Designed to lighten the load of already street savvy locals commuters business travelers and yes tourists too every map is dotted with user friendly NFT icons that plot the nearest essential services and entertainment locations while providing important information on things like kid friendly activities public transportation restaurants bars and Chicago s art scene Need to find the best deep dish pizza hideouts around NFT has you covered How about a list of the top sports attractions in the famously sports crazy city We ve got that too The nearest beach jazz club coffee shop or bookstore whatever you need NFT puts it at your fingertips This book also features A foldout highway map Sections on the North Side Near North Side Near West Side the Greater Loop the South Side and Greater Chicago More than 150 neighborhood and city maps It s the only key to the Windy City that Rahm Emanuel can t give you
