Imagining Autism Sonya Freeman Loftis, 2015-12-01 A disorder that is only just beginning to find a place in disability studies and activism autism remains in large part a mystery giving rise to both fear and fascination Sonya Freeman Loftis's groundbreaking study examines literary representations of autism or autistic behavior to discover what impact they have had on cultural stereotypes autistic culture and the identity politics of autism *Imagining Autism* looks at fictional characters and an author or two widely understood as autistic ranging from Conan Doyle's Sherlock Holmes and Harper Lee's Boo Radley to Mark Haddon's boy detective Christopher Boone and Steig Larsson's Lisbeth Salander The silent figure trapped inside himself the savant made famous by his otherworldly intellect the brilliant detective linked to the criminal mastermind by their common neurology these characters become protean symbols stand ins for the chaotic forces of inspiration contagion and disorder They are also part of the imagined lives of the autistic argues Loftis sometimes for good sometimes threatening to undermine self identity and the activism of the autistic community      **Staring at Medusa** Natali Clarke, 2023-09-07 Emma Jarvie is your typical teenager sure she's an Iranian American immigrant living in Santa Ana CA a neighborhood becoming notorious for its growing violence But like every teenage girl she worries about boys tries to keep her grades up in school and shops for makeup with her best friend Julie All right so things aren't as they seem So she doesn't have a father in the picture and her mother is slowly losing a battle to something unseen So her older sister says she'll be applying to a distant university leaving Emma to take care of their mother alone So she's turned to the streets to try and make something

out of nothing from her riches to rags life She can still handle this But when she turns to Julie for support she encounters Julie s seductive ex boyfriend Joseph and everything she s worked so hard to build starts crumbling apart Danger is closer to her than ever but with building frustration about her constant struggles at school and at home she s willing to risk it all Based on true events and infused with tenderness and dark humor Staring at Medusa is a meditation on family and friendship isolation and belonging violence and care as Emma navigates being a typical teenager against a backdrop of unique circumstances Justice in the Making Beverly Wildung Harrison,2004-01-01 Beverly Harrison has long fought for women and others at the margins challenging the subjugating ways in which women s intellectual contributions their gifts of ministerial leadership and their reproductive capacity and sexual identity have been defined This collection of essays and lectures presented over the course of her career demonstrates the progression of Harrison s contribution to the field of Christian ethics and the evolution of her thought in response to changing social realities *New Outlook* ,1955
