**Ordinary Lives** Aparna Suresh,11-12-13 What is the definition of life According to the dictionary it is the existence of a human being or animal Life is all around us Human life is 7 1 billion and growing But for every one of those 7 1 billion life is a unique adventure Like a fingerprint No two are alike Yet life is intertwined it is connected These connections are what make life worth living Ordinary Lives is about these connections and the profound effect it has on us It is about life and the ordinary business of living It is about what a young girl learns from her wise Athe or giving a boy of seven a new perspective Life continues to teach even as it is taken away from us So step into the world of Ordinary Lives and be reminded of all those connections and find in it a resonating chord At the end of it all life is anything but ordinary It s about loving and living and all the in betweens

**My Turn** Nancy Reagan,2011-09-14 The former First Lady discusses her life the Reagan administration her shaky relationship with her children and key White House personnel her husband s involvement in the Iran Contra affair and her bout with cancer During our White House years I said almost nothing about how I really felt regarding the controversies that swirled around me But now those years are over and it s my turn to describe what happened About Ronald Reagan Although Ronnie loves people he often seems remote and he doesn t let anybody get too close There s a wall around him He lets me come closer than anyone else but there are times when even I feel that barrier About being a mother What I wanted most in all the world was to be a good wife and mother As things turned out I guess I ve been more successful at the first than at the second About her influence I make no apologies for telling Ronnie what I thought Just because you re married doesn t mean you have no right to express your opinions For eight years I was sleeping with the president and if that doesn t give you special access I don t know what does About astrology What it boils down to is that each person has his or her own ways of coping with trauma and grief with the pain of life and astrology was one of mine Don t criticize me I wanted to say until you have stood in my place This helped me Nobody was hurt by it except possibly me About Don Regan His very first day on the job Don said that he saw himself as the chief operating officer of the country But he was hired to be chief of staff Although I believed for a long time that Donald Regan was in the wrong job my power in getting him to leave has been greatly exaggerated Believe me if I really were the dragon lady that he described in his book he would have been out the door many months earlier
