Seriously There is No Need to Perish Audrey Evans,2019-04-11 Seriously There is No Need to Perish by Audrey Evans

A Century of Gospel-work William Francis Pringle Noble,1876 *Prayers of Jewish Women* Markus H. McDowell,2006
Markus McDowell examines how the literature of the Second Temple period portrays women at prayer through an examination of the literary context and character of those prayers The goal of this work is a greater understanding of how women were portrayed in literary sources and an offering of some fresh insights for the study of women's religious and social roles in the ancient world The texts are analyzed and categorized within five areas social location content form occasion and gender perspective The prayers are also compared and contrasted with men's prayers in the same sources The analysis includes locating as much as possible the historical literary and cultic context of each document in which these prayers appear By examining all prayers in these texts uttered by women not just prayers of named or prominent women and then comparing them with all the prayers of men in those same texts certain patterns appear This study adds to our knowledge of women and religion in Second Temple Judaism by primarily exploring patterns that appear among the prayers in the literature of the Second Temple period While there are fewer prayers by women than men in this literature the prayers of women are not portrayed as significantly different from those of men in terms of social location content form or occasion At the same time the prayers of women exhibit other patterns of language and in a minor way form and occasion that differ from the prayers of men On the Road to Pa'A JoAnna Goldman,2012-04-27 The three stages of existence are Ignorance Awareness and Enlightenment There is a raging river before you You stand on one side Beside you is all your baggage To move forward you need to cross that river You know there is no way that you can walk through it with all your baggage To get across you need to unpack and take piece by piece or leave it all behind Once you decide to unpack and begin to cross you become aware of having no experience in doing this You also are aware that this could be life threatening Many people would look at the river and feel they don't have what it takes to get across let alone do it several times Others would take their bags and walk a different path one that feels safer and easier Then there are those who take the challenge They want whatever it is that is waiting on the other side of the river With a treasure in one hand and the other hand for balance they enter the raging river of Awareness By the time you have made it half way across you realize it will wash you away if you're not smart with your instant choices You look back to the land of Ignorance You cannot go back you know now this treasure is weighing you down You look to the bank you are heading towards You make a choice how to reach the bank of Enlightenment Do you go down Do you hold onto that treasure and let the river take you through torment Alternatively do you let it go **A**
