**Disappearing Pure Korean Place Names** Lee Ki-bong, 2023-04-03 Having been involved in sorting out and studying Korean place names for 18 years I feel regretful in my heart The Hanja transcriptions of pure Korean place names which were written in old maps and geography books were organized according to how they sounded At some point I realized that the Hanja transcriptions were distorted versions of the names that were really used However as I had to sort out so many names in a short period of time I could not even think of fixing the issues and always felt regretful in a corner of my mind Writing this book is my small struggle to relieve that regretful feeling at least a little **Agenda**, 1980 **Korea's Divided**

**Families** James Foley, 2003-08-29 The divided families problem is a serious social issue in North and South Korea involving hundreds of thousands of first generation divided family members most of whom have not seen their relatives since the Korean War It is the most pressing humanitarian issue between the two Koreas and is connected to the greater issue of human rights in North Korea today However little serious academic work exists on the subject in either English or Korean This new study based on research conducted in Korea including interviews in 2001 with Korean families who benefited from the most recent exchanges addresses the many issues surrounding the divided family problem and highlights its importance in the path towards Korean rapprochement North Korea's Mundane Revolution Andre Schmid, 2024-01-30 When the crucial years after the Korean War are remembered today histories about North Korea largely recount a grand epic of revolution centering on the ascent of Kim Il Sung to absolute power Often overshadowed in this storyline however are the myriad ways the Korean population participated in party state projects to rebuild their lives and country after the devastation of the war North Korea's Mundane Revolution traces the origins of the country's long term durability in the questions that Korean women and men raised about the modern individual housing family life and consumption Using a wide range of overlooked sources Andre Schmid examines the formation of a gendered socialist lifestyle in North Korea by focusing on the localized processes of socioeconomic and cultural change This style of New Living replaced radical definitions of gender and class revolution with the politics of individual self reform and cultural elevation leading to a depoliticization of the country's political culture in the very years that Kim Il Sung rose to power *Essays in Faith and Learning* Michael

Bollenbaugh, Steven N. Goetz, 2015-12-07 This book represents the collected thinking of a few people who have had strong personal connections to Dr Song Nai Rhee Because the integration of faith and learning is a core value held by Dr Rhee the various authors have written essays on this topic in honor of his life and work Such a book is typically referred to as a Festschrift a celebratory writing given for a special person Dr Rhee's robust career at Northwest Christian College University is celebrated by the essays brought together in this book All the authors have known Dr Rhee as students or as academic

colleagues or both What they write about ranges from topics found in biblical literature to expressly theological ideas to matters that are eminently practical Yet each essay is held in place by its relevancy to the ongoing conversations about how faith and learning are integrated in the context of the Christian liberal arts university More important each author has a deep and abiding respect for Dr Song Nai Rhee His teaching and mentoring at Northwest Christian College University have left an indelible mark on each of their lives      **Voices of the Korean Minority in Postwar Japan** Erik Ropers,2018-12-07

Shedding new light on how the histories of zainichi Koreans have been written consumed and discussed this book addresses the roots of postwar debates concerning the wartime experiences of Koreans in Japan Providing an overview of the complicated historiography it explores the experiences of Koreans located at Ground Zero in Hiroshima and Nagasaki as well as the history and processes that coerced Korean women into military prostitution These debates and controversies continue to attract attention regionally and globally and as this book demonstrates they are deeply embedded in ideas dating back decades earlier By tracing the roots of these debates in historical writings from local history groups to zainichi and Japanese scholars we may see how written histories have been used for particular social political or cultural purposes and how they have lent support to certain interpretations and memories of past events across the political spectrum Interdisciplinary at its core **Voices of the Korean Minority in Postwar Japan** will appeal to audiences including those interested in modern Japanese and Korean history historiography and methodology and memory studies      **Complete IELTS Bands 4-5 Student's Book**

She was homely overweight and over the hill but there was a time when Marie Dressler outdrew such cinema sex symbols as Garbo Dietrich and Harlow To movie audiences suffering the hardships of the Great Depression she was Everywoman and in

the early 1930s her charming mixture of pathos and comedy packed movie theaters everywhere In the early days of the century Dressler was constantly in the headlines She took up the cause of the ponies in the chorus lines earning them better pay and benefits She played in productions organized to raise money for the women s suffrage movement And during World War I she claimed she sold more liberty bonds than any other individual in the United States Dressler was an astute observer of public mood and taste When she was lucky enough to find work in the newly minted Hollywood talkies she grabbed the brass ring with fierce enthusiasm even making three films in the year before her death when she was so sick she had to rest between scenes on a sofa just out of camera range The two hundred pound actress s remarkable stage presence captivated audiences even though her roles were not Hollywood beauties She played tough practical characters such as the old wharf rat in *Anna Christie* 1930 the waterfront innkeeper in *Min and Bill* 1931 for which she won the Academy Award for best actress the aging housekeeper in *Emma* 1932 and the title role in *Tugboat Annie* 1933 She spoke honestly to her audiences and troubled people in the comforting darkness of the Depression era movie theaters embraced her as one of themselves
