Doing Justice Pablo Oyarzun, 2020-09-01 Pablo Oyarzun is one of the foremost Benjamin scholars in Latin America His writings have shaped the reception of Benjamin's work in Latin America and have been central to the effort to identify the tasks and responsibilities of the kind of critical theory that would interrupt social violence In this book Oyarzun examines some of the key concepts in Benjamin's work including his concepts of translation experience history and storytelling and relates them to his own systematic reflection on the nature and implications of doing justice What is meant by the words justice was done The passive voice is important here On the one hand justice does nothing it is not an agent it can only prevail or fail and if it fails it does so without limit On the other hand the passive voice alludes to the agents of an action while covering them up the allusion is the masking of the identity and traces of the person who accomplishes the action And this cover up can be dangerous it can cover up the executioners who are subjects that everyone can confirm anonymously without their being recognized and without their wanting to be recognized Justice argues Oyarzun can only be done in the active effort to do justice or as Benjamin would say in the striving to turn the world into the highest good This book by one of Chile's most distinguished philosophers will be of value to anyone interested in Benjamin's work and in the development of critical theory in Latin America

Always Becoming, Never Arriving David J. Mulder, 2024-12-19 Does Jesus care how I arrange the desks in my classroom How I evaluate student work The way I interact with students and colleagues What if all these small moment by moment classroom decisions a Christian teacher makes are actually the evidence of living discipleship Teaching Christianly does not just happen it is the result of deliberate choices to work toward shrinking the gap between what we say we believe and what we actually do in our teaching This book is an exploration of the teaching profession through the lens of living out our calling through teaching as discipleship Whether you are new to the profession or a seasoned veteran you will find ideas to expand your imagination about what teaching Christianly looks like considering topics that run the range from professionalism and ethics to a biblical view of learners and learning to content knowledge and curriculum to planning instruction and assessment Teaching Christianly is a journey a process of growing as a more faithful disciple and more closely following Jesus day by day Learning to teach Christianly is an

Litchfield, 2019-03-05 Randy Litchfield s fresh look at the perennial question of vocation combines theological reflection on the development of personal spiritual identity with a thoughtful look at the significant dimension of place how the realities of our contexts call for particular responses to vocation in specific times and places *Roots and Routes* helps pastors and leaders claim a rich vocational imagination for recognizing God s ongoing call to partnership in the specific concrete locales of ministry The Carnegie Institute s rich ethnographic studies of graduate education in the professions reveal that guiding experiences of risk are at the heart of professional development combining call with experiences in the actual realities of professional life Hence the emphasis on field education and internships But how can we help pastors and leaders see calling as a life long process of discernment and response With ministerial burnout and confusion at an all time high connecting the dots between the ongoing call of God and the specific locales of ministry is an interpretive life skill necessary for pastors leaders and disciples of Jesus Christ Failed vocational imagination obstructs the effectiveness of individuals and the church as a whole in fulfilling their mission of partnership with God s creating redeeming and sustaining work in the world The primary audience for the book is seminary educators and students and pastors It also has congregational leaders in mind **Occupy Spirituality** Adam Bucko, Matthew Fox, 2013-09-03 Named one of the Fifty Best Spiritual Books of 2013 by SPIRITUALITY PRACTICE in the JUSTICE category The Occupy Wall Street movement and protest movements around the world are evidence of a new era of intergenerational activists seeking deeper spiritual meaning in their quest for peace and
