My World MICHAEL JEAN NYSTROM-SCHUT, 2004-05-19 Let me tell you how much fun it is to be a book writer One of my friends recently said to me I don't even know anyone who's ever READ a book let alone WRITE one I was amused Well you know it's really not so hard to write a book You just talk about what you feel and organize your thoughts along the way At some point as you stay determined to make it happen the book comes into the world For me now having compiled over 30 book length manuscripts of various topics and subject matter I have become more and more inclined to share the way I see the world with others along the way You might call what I like to write about as having to do with personal philosophy or individual world view Everyone has a way they see their world this book is part of how I see mine It seems that all kinds of people have something to say about what life is and is not I am like most people so am no exception I have come to enjoy giving such opinions and points of view with just about anyone who will listen I wrote this book MY WORLD The First 50 Years because I wanted to be sure and document the way life appeared to be to me at the half century mark in my personal growth and evolution I did it in a way that enables you to read right through it or if you prefer you can take it slowly over a one year span of time and think about the ideas and thoughts carefully How you read the book is entirely up to you Ten years earlier I had written a similar book Earth Dwelling An Owners Manual for Life in order to share thoughts about the meaning and purpose of life It is amazing the difference that ten years can make I like to think that I am growing Gee Could that be I sure hope so People from the worlds of philosophy religion and the popular culture are anxious to share the way they see the world with others I have a passion to do that also and so I wrote this book in order to

summarize how things in life appeared to me I could be way off you decide for yourself At any rate my world is MY way of seeing life in YOUR world you will see it your special way and that is part of the beauty of this life Each person is free to see it differently and that is our basic right to do so I like that I actually feel so strongly about what I am saying here that I created a web site which is called HowIseetheworld.com to talk about and share ideas with others Take a look at it some time Thoughts are powerful and have a tendency to either make you great or even destroy you before your time So think good thoughts And enjoy the book as well

Invisible to Invincible Dawn D. Milson, 2019-08-30 There has been so much pain in my life pain in my heart and the pain of being beaten so badly that death was a welcome thought Twenty people are physically abused by a loved one every minute of every day This is more than 10 million victims of domestic violence a year Offering a hard look inside the life of a victim of domestic violence Dawn shares her pain heartache and fear as she walks you through the thirteen years of horrific abuse at the hands of her husband Beaten cut and stabbed numerous times throughout the years it was her faith in Jesus Christ that would see her through the dark years that lay ahead Your heart will pound as Dawn takes you through her death defying escape in order to save the lives of her children It would take years to overcome the shame guilt and unworthiness that attached themselves throughout her life You will journey back in time as she relives childhood memories of a scared little girl who felt lost and invisible throughout her childhood years But even as a small child she held on to hope through Jesus Christ Get ready for your heart to fill with joy as Dawn shares her journey to freedom as God calls her to action She must use her voice once again in order to change a legacy of silence that has been passed down through generations You will see God use her trials in life in order to fulfill his purpose For I know the plans I have for you declares the Lord plans to prosper you and not harm you plans to give you hope and a future Jeremiah 29 11 2

Unnatural Theology

Charlie Gere, 2019-05-02 The failure of secular modernity to deliver on its promise of progress and enlightenment leaves a void that religion is rushing to fill Yet what kind of religious thinking and doing can be adequate to our posthuman condition And how can we avoid either embracing religious fundamentalism and fantasy or remaining mired in hopeless atheistic nihilism In *Unnatural Theology* Charlie Gere provides ways of thinking about the possibilities of religion and theology in the context of our highly technologized postmodernity Taking its cue from a wide range of thinkers from John Ruskin and Alfred North Whitehead to Jacques Derrida Judith Butler Giorgio Agamben Simon Critchley Catherine Keller Bruno Latour and Timothy Morton and artists such as Marcel Duchamp and Richard Hamilton and films including *The Incredible Shrinking Man* the book seeks the remnants of theology and religion in the realms of technology and media and also art as the basis of potential new religious thinking Through an interdisciplinary engagement with these thinkers and artists it develops the notion of an unnatural theology as the basis of a new kind of religious thought that does not insult our intelligence
