

Today was the day Cas got his first bigger modelling gig. He was told by Sally & Ally to come in early at the morning so he could prepare and have chill time before being photographed, which sounded really nice to him. They did also tell him to shower and shave his whole body beforehand. Cas didn't mind it because he guessed it was part of the job and accepted getting rid of his leg and arm hair, which, was not that much to begin with so he was fine with it. When Cas put on his own clothes, he actually liked the feeling of having it directly touch his skin. Shortly after arriving, Cas was welcomed by the crew and got guided to the changing room. The door of the changing room had a name written on a paper: 'Cassy'. Cas noticed that everyone has been calling him Cassy up until that point, but shrugged it off and got distracted when he got to see what the changing room looked like. It had a big mirror with lights around it and also lots of make-up, which he didn't think was needed on him, maybe a little bit to make me look more alive but not that much. Next to the mirror and make-up table were a few outfits gathered together. He thought the outfits were strange, because he never wore such high boots with practically only a shirt, blazer and shorts. He now understood why he needed to shave off every hair he had, because this outfit wouldn't have looked great with hair on his legs. As Cas posed in the outfits, he began to feel more at ease in them and thought the outfits looked great on him, despite it not being his choice of fashion to normally wear. He didn't know men's wear was this diverse nowadays. Cas was not sure he liked the way his hair and make-up was done, he did think he looked great, but he thought it was just because his hair was not a mess like most days that he didn't have to model, which when he didn't just keep it up in a manbun or a low ponytail. Cas got told by the woman who worked on his hair and face that he did in fact need to learn how to take better care of his hair on his off days, because that would make the preparations take a lot less time. He agreed that two whole hours of getting ready was way to long, so he asked for advice. The lady was nice enough to help him and recommended a few good items to keep his hair clean and healthy looking. After the shoot was done and swapped back to his normal day attire, he got a big bag with clothes to take home. The owner of the brand thought Cassy looked way better in those clothes compared to her own clothes and decided that if these are her normal day to day clothes, she needed some new ones to freshen up her wardrobe. Cas was happy to accept it, but he couldn't think of himself wearing these clothes in normal circumstances, maybe in an office meeting when it is needed at the tech company.
