Constructing Race Nadine E. Dolby,2001-08-30 For modern urban South African youth the concept of race persists and falters

Cold White Marble Keturah Paice,2015-02-28 In a parallel world perhaps not so different from our own a marble City of Enlightenment has been built claiming to have eliminated negative emotions from day to day life But what the oblivious Whitehead race citizens of the City do not realise is that such emotions have not been abolished only

obscured behind the City Wall When ten year old Zulu accidentally steps into the other secreted half of her seemingly perfect world she discovers a new existence where the Blackhead race endure every negative emotion possible in order to ensure that the Whiteheads never learn of them The slave force behind the Wall working to keep the City functioning is frightening and undeserving But as Zulu comes to learn the truth almost always is Cold White Marble tells the story of eight people from every status and corner of the City thrown together by fate and by circumstance but not by choice Along with Zulu these include Goldhead and leader Jufu Delani Blackhead Savanyah and the fiery but ultimately loathed Brownhead widely believed to be the lowest being in existence Tai Their individual views and opinions of each other distorted by hatred and prejudice are challenged in a way they have never been before in an epic quest to find a better world for all of them Cold White Marble is a gripping work of adult fiction that will be enjoyed by fans of science fiction Many elements of the story reflect the western world we live in challenging readers perceptions of their own perfect city and what secrets are hidden behind their walls
