Hyeyong Han Yujoo and Kim Aeran Curated by Bruce Fulton this is a volume that will surprise unsettle and delight Edited by Bruce Fulton With an introduction by Kwon Youngmin      **Requiem for New Orleans** Leon Sharpe, 2015-01-28 Requiem for New Orleans is a lament for the destruction of a great city and scorn for those who allowed it to happen Mike Sharpe writes New Orleans was not destroyed by a hurricane but by abandonment Above all Requiem for New Orleans is a meditation on our ability to overcome loss It is an interweaving of biblical cadences black idiom standard American speech jazz and the caustic side of protest music The author leaves us with a question when will we learn what we must from the fate of New Orleans      *Contemporary World Fiction* Juris Dilevko, Keren Dali, Glenda Garbutt, 2011-03-17 This much needed guide to translated literature offers readers the opportunity to hear from learn about and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions In a globalized world knowledge about non North American societies and cultures is a must Contemporary World Fiction A Guide to Literature in Translation provides an overview of the tremendous range and scope of translated world fiction available in English In so doing it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions Within the guide approximately 1 000 contemporary non English language fiction titles are fully annotated and thousands of others are listed Organization is primarily by language as language often reflects cultural cohesion better than national borders or geographies but also by country and culture In addition to contemporary titles each chapter features a brief overview of earlier translated fiction from the group The guide also provides in depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions      **War and Democracy** David Richard McCann, Barry S. Strauss, 2001 Bringing together distinguished Classicists Koreanists and Americanists this book examines the cultural and political institutional dimensions of war's impact on society by comparing the effects of prolonged war on ancient Athens during the war with Sparta and on the United States and the two Koreas North and South during the Korean War Despite the very circumstances of the two conflicts and the radically different way each was viewed in its own time the contributors point to many underlying similarities between the two wars and put each in a fascinating and unique perspective      **The Columbia Companion to Modern East Asian Literature** Joshua S. Mostow, 2003-07-10 This extraordinary one volume guide to the modern literatures of China Japan and Korea is the definitive reference work on the subject in the English language With more than one hundred articles that show how a host of authors and literary movements have contributed to the general literary development of their respective countries this companion is an essential starting point for the study of East Asian literatures Comprehensive thematic essays introduce each geographical section with historical overviews and surveys of persistent themes in the literature examined including nationalism gender family relations and sexuality Following the thematic essays are the individual entries over forty for China over fifty for Japan and almost thirty for Korea featuring everything from detailed analyses of the works of

Tanizaki Jun ichiro and Murakami Haruki to far ranging explorations of avant garde fiction in China and postwar novels in Korea Arrayed chronologically each entry is self contained though extensive cross referencing affords readers the opportunity to gain a more synoptic view of the work author or movement The unrivaled opportunities for comparative analysis alone make this unique companion an indispensable reference for anyone interested in the burgeoning field of Asian literature Although the literatures of China Japan and Korea are each allotted separate sections the editors constantly kept an eye open to those writers works and movements that transcend national boundaries This includes for example Chinese authors who lived and wrote in Japan Japanese authors who wrote in classical Chinese and Korean authors who write in Japanese whether under the colonial occupation or because they are resident in Japan The waves of modernization can be seen as reaching each of these countries in a staggered fashion with eddies and back flows between them then complicating the picture further This volume provides a vivid sense of this dynamic interplay

**The Great East Asian War and the Birth of the Korean Nation** JaHyun Kim Haboush, 2016-03-08 The Imjin War 1592-1598 was a grueling conflict that wreaked havoc on the towns and villages of the Korean Peninsula The involvement of Chinese Japanese and Korean forces not to mention the regional scope of the war was the largest the world had seen and the memory dominated East Asian memory until World War II Despite massive regional realignments Korea's Chosŏn Dynasty endured but within its polity a new national discourse began to emerge Meant to inspire civilians to rise up against the Japanese army this potent rhetoric conjured a unified Korea and intensified after the Manchu invasions of 1627 and 1636 By documenting this phenomenon JaHyun Kim Haboush offers a compelling counternarrative to Western historiography which ties Korea's idea of nation to the imported ideologies of modern colonialism She instead elevates the formative role of the conflicts that defined the second half of the Chosŏn Dynasty which had transfigured the geopolitics of East Asia and introduced a national narrative key to Korea's survival Re-creating the cultural and political passions that bound Chosŏn society together during this period Haboush reclaims the root story of solidarity that helped Korea thrive well into the modern era
