My Words Mean Something , *Conceptual Foundations of Social Research Methods* David Baronov, 2015-10-23 One of the common frustrations for students trying to make sense of the various debates and concepts that inform contemporary educational and social science research methods such as structuralism postpositivism hermeneutics and postmodernism is that most books introducing these topics are written at a level that assumes the reader comes to this material with a basic grasp of the underlying ideas Too often fundamental concepts and theories are presented without adequate preparation and without providing practical examples to illustrate key elements When the first edition of *Conceptual Foundations of Social Research Methods* was published it represented a sharp contrast with these other approaches and received much praise In this revised and expanded second edition David Baronov further develops his critically acclaimed treatment of the core conceptual tools of social research informing education and the social sciences updating his discussion of the current literature and adding a new chapter that explores the role of pragmatism *Features of the Second Edition* *Within the Madness That Is Grief* Jeanette Fagan, 2012-11 This book is about the grief of a sudden young death and the madness that I was hurled into as a result On March 12th 2004 I found my beloved brother dead at his flat and I was overcome with the grief that followed I am a Registered General Nurse and have dealt with death and suffering within my profession for over 20 years However the impact of my grief after finding Kevin dead led to a nervous breakdown the loss of my beloved job and the sense of myself as a person I have had to write this book not only for me but also for the countless people out there who as I type are getting a phone call a knock on the door the news that a young person has died suddenly The impact of this type of grief is within the pages of my book and I hope that my words and emotions experienced will support you within the madness that is created But mainly it is for Kevin because I could not let his death mean nothing because he meant everything to me and his family In memory of Kevin this book has been written but it is mainly intended for those that are left behind to live within the madness that their loss has created *IraqiGirl* IraqiGirl, 2009 I feel that I have been sleeping all my life and I have woken up and opened my eyes to the world A beautiful world But impossible to live in These are the words of fifteen year old Hadiya blogging from the city of Mosul Iraq to let the world know what life is really like as the military occupation of her country unfolds In many ways her life is familiar She worries about exams and enjoys watching Friends during the rare hours that the electricity in her neighborhood is running But the horrors of war surround her everywhere weeklong curfews relatives killed and friends whose families are forced to flee their homes With black humor and unflinching honesty Hadiya shares the painful stories of lives changed forever Let's go back she writes to my unnormal life With her intimate reflections on family friendship and community IraqiGirl also allows us to witness the determination of one girl not only to survive but to create amidst the devastation of war a future worth living for Hadiya's authentically teenage voice emotional struggles and concerns make her story all the more resonant Publishers Weekly Despite all the news coverage

about the war in Iraq very little is reported about how it affects the daily lives of ordinary citizens A highschooler in the city of Mosul fills in the gap with this compilation of her blog posts about living under U S occupation She writes in English because she wants to reach Americans and in stark specifics she records the terrifying dangers of car bombs on her street and American warplanes overhead as well as her everyday struggles to concentrate on homework when there is no water and electricity at home Her tone is balanced she does not hate Americans and although she never supported Saddam Hussein she wonders why he was executed Readers will appreciate the details about family friends school and reading Harry Potter as well as the ever present big issues for which there are no simple answers Hazel Rochman Booklist IraqiGirl has poured reflections of her daily life into her blog reaching all over the cyber world from her home in northern Iraq She writes about the universals of teen life school family TV food Harry Potter but always against the background of sudden explosions outbursts of gunfire carbombs death A n important addition to multicultural literature Elsa Marston author of Santa Claus in Baghdad and Other Stories About Teens in the Arab World A book as relevant to adults as teenagers and children Hadiya s clear simple language conveys the feelings of a teenager offering a glimpse into the daily life of a professional middle class Iraqi family in an ancient modern city subjected to a brutal occupation Haifa Zangana author of City of Widows An Iraqi
