heritage and natural beauty Myanmar is becoming an increasingly popular destination for tourists Myanmar in the Fifteenth Century Michael A. Aung-Thwin, 2017-05-31 When the great kingdom of Pagan declined politically in the late thirteenth and early fourteenth centuries its territory devolved into three centers of power and a period of transition occurred Then two new kingdoms arose the First Ava Dynasty in Upper Myanmar and the First Pegu Dynasty in Lower Myanmar Both originated around the second half of the fourteenth century reached their pinnacles in the fifteenth and declined before the first half of the sixteenth century was over Their story is the only missing piece in Myanmar's mainstream historiography a gap this book is designed to fill Renowned historian Michael Aung Thwin reconstructs the chronology of this nearly two hundred year period while challenging a number of long held beliefs Contrary to conventional histories he contends that Ava was the continuation of an old kingdom Pagan led by its traditional ethno linguistic group the Burmese speakers while Pegu was a new kingdom led by more recent arrivals the Mon speakers Although both kingdoms shared many cultural components of the classical Pagan tradition Ava was inland and agrarian while Pegu was maritime and commercial so that each was shaped by very different geopolitical and economic environments In that difference rests the dynamism of their upstream downstream relationship which thereafter became a regular historical pattern in Myanmar history represented today by inland Naypyidaw and coastal Yangon Original in conception and impressive in scope this well written book not only fills in the history of early modern Myanmar but places it in a broad interpretive context based on years of familiarity with a wealth of primary sources Full of arresting anecdotes and colorful personalities it represents an important contribution to Myanmar studies that will not easily be superseded **Discovering the Flavours and Traditions of**

Historical Dictionary of Burma (Myanmar) Donald M. Seekins, 2017-03-27. Burma, Myanmar is a Southeast Asian country that is emerging from crisis after more than a half century of hard-line military rule and cultural, diplomatic, and economic isolation. With the dissolution of its military regime, the State Peace and Development Council, in 2011, a formally civilian but military-dominated constitutional government was inaugurated. By 2012, Burma's president, retired General Thein Sein, had established a working relationship with Daw Aung San Suu Kyi, the leader of the country's pro-democracy movement, since 1988, and after a 2012 by-election, she and members of her opposition party, the National League for Democracy (NLD), entered the new Union Parliament as legislators. However, even with the election victory of Daw Suu Kyi and the NLD in the General Election of November 2015, Burma faces daunting challenges; it is still one of the poorest countries in Southeast Asia, fissured by longstanding ethnic conflicts that have made a nationwide peace agreement elusive, and its people's security and the environment are threatened by foreign economic exploitation. Religious discord is also widely evident, as Buddhist militants instigate violence against the country's religious minorities, especially Muslims. Today, Burma's prospects are the most hopeful they have been for over half a century, as the country takes steps along the road to a more open society and economy. This edition of the *Historical Dictionary of Burma (Myanmar)* encompasses not only current developments but also Burma's over 1,500 years-old recorded history and the most important features of its cultures, ethnicity, religions, society, and economy. This is done through a chronology, an introduction, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture.
