specialism which travels beyond its proper province and in this matter I am at best no more than a specialist probably too not one of very high pretensions I have not that practised skill that comprehensive outlook over the whole field of Hellenic and other than Hellenic archaeology which has conferred upon Mr Newton his well earned fame The just conclusion from these premises appears to be that I ought to have declined a Charge 92105 I fem e 766mm Mama 22 But there was in ancient poetry a Destiny stronger than the will of gods To me on this occasion Dr Schliemann is the vicegerent and organ of that Destiny In View of the splendid services which he has conferred upon classical science a power that thrusts argument out of court brings me to perceive that I cannot but accede to his desire I have however given the reader fair warning where and why he should be on his guard About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Mycenae Heinrich Schliemann, 1880
