The world is full of sex manuals instructing the reader on the ins and outs of great sex but these tend to focus on only one aspect the physical mechanics According to Kabbalah the key to fulfilling sex lies in self awareness not simply technique The Kabbalah Book of Sex is a ground breaking guide by acclaimed author and teacher Yehuda Berg It offers readers kabbalistic tips for overcoming shame and lack of self respect as well as a way for accessing higher levels of connection to ourselves to our partners and to spirit Through the ancient wisdom revealed here the floodgates of passion and desire will open wide Your sex will become the truly sacred connection it was always meant to be     **Mysteries of the Qabalah** Elias Gewurz,2015-12-24 This is the second book on the Kabbalah by Elias Gewurz the other being Hidden Treasures of the Ancient Qabalah Written from a Theosophical viewpoint this thin volume has a lot more Kabbalah content than the previous one Gewurz explains signatures of each Hebrew letter the use of techniques such as permutation and numerology to find deeper meaning in the sacred writings and the history and bibliography of Jewish mysticism     **The Bahir** Aryeh Kaplan,2001-01-15 The Bahir is one of the oldest and most influential of all classical Kabbalah texts Until the publication of the Zohar the Bahir was the most widely quoted primary source of Kabbalistic teachings The Bahir is quoted in every major book on Kabbalah the earliest being the Raavad s commentary on Sefer Yetzirah and it is cited numerous times by Rabbi Moshe ben Nachman Ramban in his commentary on the Torah It is also quoted many times in the Zohar It was first published around 1176 by the Provence school of Kabbalists the first printed edition appeared in Amsterdam in 1651 The name Bahir is derived from the first verse quoted in the text Job 37 21 And now they do not see light it is brilliant Bahir in the skies It is also called the Midrash of Rabbi Nehuniah ben HaKana particularly by the Ramban The reason might be that Rabbi Nehuniah s name is at the very beginning of the book but most Kabbalists actually attribute the Bahir to him and his school Some consider it the oldest kabbalistic text ever written Although the Bahir is a fairly small book some 12 000 words in all it was very highly esteemed among those who probed its mysteries Rabbi Judah Chayit a prominent fifteenth century Kabbalist writes Make this book a crown for your head Much of the text is very difficult to understand and Rabbi Moshe Cordevero 1522 1570 head of the Safed school of Kabbalah says The words of this text are bright Bahir and sparkling but their brilliance can blind the eye One of the most important concepts revealed in the Bahir is that of the Ten Sefirot and careful analysis of these discussions yields much of what will be found in later kabbalistic works as well as their relation to anthropomorphism and the reason for the commandments Also included is a discussion of reincarnation or Gilgul an interpretation of the letters of the Hebrew alphabet the Thirty two Paths of Wisdom and the concept of Tzimtzum     The Word ,1907     *The Book of Splendours* Eliphas Levi,1973-06-01 This is the first part of Eliphas Levi s last great discourse on the mysteries of occultism

that was continued and concluded in *The Great Secret* In it Levi examines with great precision and insight the inner meanings of Qabalism and their relationship to the occult sciences Part One is a commentary on the *Spihra Dzeniuta* by Simeon BenJochal which includes an examination of the affinities between Qabalism and Freemasonry Part Two pursues the correspondences between Qabalism Numerology and the Tarot This edition includes an appendix by Papus Dr Gerard Encausse summarizing Levi s doctrines and teachings and supplying some fascinating information on some of the master s many disciples *The Psychoanalytic Study of Society, V. 17* L. *Walter Benjamin, Religion, and Aesthetics* S. Brent Plate,2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company *Reflections on the Evolution of Jewish Mysticism* Dr. Martin Sicker,2021-12-05 It has been asserted that monotheism in the Jewish tradition has long been understood both exoterically and esoterically In the exoteric Scripture based rabbinic tradition monotheism is the belief in a one and only God a belief which goes hand in hand with the affirmation of distinct individual and divine existences so that there is a dualism between humanity and God In the esoteric or mystic tradition this dualism is overcome by a conception of monotheism in which God is One not only in his Lordship but also in his universal reality That is God is the only reality so that everything which exists is in essence an aspect of divinity Jewish mysticism has both a devotional or practical and an intellectual or speculative side On its devotional side it emphasizes those aspects of the biblical precepts which serve to promote direct communion between the worshipper and God On its speculative side it is especially concerned with outlining and bringing into relief the link or links between God and man or more generally between the Creator and the universe The focus of this study is on the questions of how and why Jewish mysticism arose and underwent a variegated evolution throughout much of the history of the Jewish people from remote antiquity to the present day ***History of the Jewish Nation After the Destruction of Jerusalem by Titus***
