Black Terror White Soldiers David Livingstone, 2013-06-16 Far too ignorant of the histories of the rest of the world being aware of only the accomplishments of Greece Rome and Europe Westerners have been made to believe that their societies represent the most superior examples of civilization However the Western value system stems from a misconception that as in nature human society too is evolving The idea derives from the hidden influence of secret societies who followed the belief in spiritual evolution of the Kabbalah which taught that history would attain its fulfillment when man would become God and make his own laws Therefore the infamous Illuminati gave its name to the Enlightenment of the eighteenth century which claimed that human progress must abandon superstition meaning Christianity in favor of reason Thus the Illuminati succeeded in bringing about the French and American revolutions which instituted the separation of Church and State and from that point forward the Western values of Humanism seen to include secularism human rights democracy and capitalism have been celebrated as the culmination of centuries of human intellectual evolution This is the basis of the propaganda which has been used to foster a Clash of Civilizations where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy Where once the spread of Christianity and civilizing the world were used as pretexts for colonization today a new White Man's Burden makes use of human rights and democracy to justify imperial aggression However because after centuries of decline the Islamic world is incapable of mobilizing a defense the Western powers as part of their age old strategy of Divide and Conquer have fostered the rise of Islamic fundamentalism to both serve as agent provocateurs and to malign the image of Islam These sects known to scholars as Revivalists opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors Thus were created the Wahhabi and Salafi sects of Islam from which were derived the Muslim Brotherhood which has been in the service of the West ever since But the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies being based on a Rosicrucian myth of Egyptian Freemasonry which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades thus forming the foundation of the legends of the Holy Grail These beliefs would not only form the cause for the association of Western intelligence agencies

with Islamic fundamentalists but would fundamentally shape much of twentieth century history **Alternative Healthcare** Jack Raso,2013-12-05 Raso examines the philosophical underpinnings of alternative medicine as well as hands on healing Qigong and faith healing He shows that whatever the specific philosophy the common denominator is a rejection of the scientific approach of modern medicine in favor of a belief in paranormal forces that influence the well being of mind and body The final section is a firsthand account of Raso s many revealing visits to various alternative healthcare practitioners The book concludes with an encyclopedic glossary of alternative healthcare terminology **The Mystical Year** Time-Life Books,1992 The days of the solar year with mystical rites and mysterious occurrences ranging from seasonal ghosts and demons to odd premonitions extraplanetary visits and time honored rituals **Ghosthunter** Simon Marsden,2006-10-10 Sir Simon Marsden is the kind of man you d want around a campfire his deep and resonant voice conveys the perfect combination of gallantry and intrigue that makes a good ghost story get under your skin And what ghost stories he has In pursuit of his lifelong passion he has traversed the globe capturing images of the supernatural in his signature atmosphere charged photographs His latest work documents fifty haunted sites in France from the burial place of Paris s finest in the P re Lachaise cemetery to the Sun King s Ch teau de Versailles and from the eerie abbey of the Mont St Michel to the ch teaux that dot the harsh landscape of the Pyrenees France is rich in lore surrounding the Knights Templar and Marsden has featured their stories prominently in this collection of indelible images Each mysterious site has a tale behind it that is brought to life not only by Marsden s spectacular photography but also by his narrative that is worthy of a suspense novel The personal experiences of this spellbinding storyteller will inspire fellow ghosthunters and convince the staunchest skeptic to reconsider the supernatural world *Wicca* D.J.
