The Earth Mysteries Workbook John Michael Greer, 2024-09-24 A practical and investigative workbook to explore the timeless enigmas of the land on which we walk. The Earth Mysteries Workbook invites readers to embark on a journey to understand and restore the ancient enchantments of the land as well as continuing to train the minds and spirits of those engaged in magical study. The book follows forty-eight lessons which span the course of one year. It is not intended to be read cover to cover; instead, readers should take a lesson a week, each of which provides material for thought, study, and meditation. Each week is divided into seven numbered paragraphs to be used as themes for the week's daily meditation. The lessons include an introduction to the earth mysteries and natural philosophy, exploration of different sites across the earth, myths and legends, phenomena, and much more. This fourth installment of John Michael Greer's instructional workbook for members of the Golden Section Fellowship presents the scholarship of earth mysteries as a fundamental discipline of occult studies and as a spiritual discipline. Greer situates the mysteries of the land as intrinsically linked to occult studies as they challenge the modern paradigm which ignores and belittles the sacred knowledges of ancient times, sharing a belief in the importance of the past in understanding the subtle and spiritual dimensions of the earth. This book can be read as an accompaniment to Greer's previous titles, *The Way of the Golden Section*, *The Occult Philosophy Workbook*, and *The Way of the Four Elements*.
