Author and Title Index**, 1975 A Mummer's Tale Anatole France, 1925 What starts out as a harmless flirtation festers into a fatal obsession in this chilling short novel from Anatole France The beautiful actress Flicie has engaged in a number of brief dalliances ensnaring the hearts of many men along the way But one connection runs much deeper than she realized and Flicie and her new lover are made to pay for her perceived fickleness *Masks and Mummery in the Nordic Area* Terry Gunnell, 2007 **The Wood-carver of 'Lympos** Mary Ella Waller, 1906 A Mummer's Wife George Moore, 2023-09-19 Reproduction of the original The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision *A Mummer's Tale* Anatole France, 2019-12-16 *A Mummer's Tale* is a fascinating exploration of the human condition woven through the adventures of a troupe of performers in the decadent backdrop of 19th century Paris Anatole France masterfully employs a style rich in satire irony and vivid characterization to critique societal norms and the nature of art itself The narrative oscillates between whimsical charm and profound introspection illustrating the complexities of love ambition and the often harsh realities that accompany the pursuit of beauty and authenticity in an increasingly superficial world France's adept storytelling reflects the literary movements of his time particularly the Symbolist and Decadent movements marking a significant departure from the overtly moralistic literature of

the preceding Romantic era Anatole France a prominent literary figure and Nobel laureate possessed a deep understanding of the intersection between art and life His background steeped in literature and philosophy has undeniably influenced his writing style which often melds erudition with a playful sense of whimsy France s own experiences as a journalist and a keen observer of Parisian society provide a rich reservoir of material for his narratives offering insights into human folly and the artistic spirit Highly recommended for lovers of literature that both entertains and provokes thought *A Mummer's Tale* captivates readers with its layered narrative and philosophical underpinnings France s insightful examination of the theatrical world and its impact on personal identity invites readers to reflect on their own lives and the transformative power of art This work stands as a testament to the enduring relevance of France s literary brilliance **The Masters of Murder**

book of the neid to the shrill mechanical accompaniment of the piano on which close by his daughters were practising a difficult exercise M Bergeret's room possessed only one window but this was a large one and filled up one whole side It admitted however more draught than light for the sashes were ill fitting and the panes darkened by a high contiguous wall M Bergeret's table pushed close against this window caught the dismal rays of niggard daylight that filtered through As a matter of fact this study where the professor polished and repolished his fine scholarly phrases was nothing more than a shapeless cranny or rather a double recess behind the framework of the main staircase which spreading out most inconsiderately in a great curve towards the window left only room on either side for two useless churlish corners Trammelled by this monstrous green papered paunch of masonry M Bergeret had with difficulty discovered in his cantankerous study a geometrical abortion as well as an sthetic abomination a scanty flat surface where he could stack his books along the deal shelves upon which yellow rows of Teubner classics were plunged in never lifted gloom M Bergeret himself used to sit squeezed close up against the window writing in a cold chilly style that owed much to the bleakness of the atmosphere in which he worked Whenever he found his papers neither torn nor topsy turvy and his pens not gaping cross nibbed he considered himself a lucky man For such was the usual result of a visit to the study from Madame Bergeret or her daughters where they came to write up the laundry list or the household accounts Here too stood the dressmaker's dummy on which Madame Bergeret used to drape the skirts she cut out at home There bolt upright over against the learned editions of Catullus and Petronius stood like a symbol of the wedded state this wicker work woman M Bergeret was preparing his lesson on the eighth book of the neid and he ought to have been devoting himself exclusively to the fascinating details of metre and language In this task he would have found if not joy at any rate mental peace and the priceless balm of spiritual tranquillity Instead he had turned his thoughts in another direction he was musing on the soul the genius the outward features of that classic world whose books he spent his life in studying He had given himself up to the longing to behold with his own eyes those golden shores that azure sea those rose hued mountains those lovely meadows through which the poet leads his heroes He was bemoaning himself bitterly that it had never been his lot to visit the shores where once Troy stood to gaze on the landscape of Virgil to breathe the air of Italy of Greece and holy Asia as Gaston Boissier and Gaston Deschamps had done The melancholy aspect of his study overwhelmed him and great waves of misery submerged his mind His sadness was of course the fruit of his own folly for all our real sorrows come from within and are self caused We mistakenly believe that they come from outside but we create them within ourselves from our own personality
