## **Mysterious Presence:**

**The Eucharist: Mystery of Presence, Sacrifice, and Communion** Lawrence Feingold, 2018-04-01 The Eucharist Mystery of Presence Sacrifice and Communion explores the three ends of the Sacrament of Sacraments God's true presence His redemptive sacrifice and spiritual nourishment through communion with Him In this follow up to his groundbreaking work Faith Comes From What Is Heard Lawrence Feingold constructs a biblical vision of the Eucharist from its prefigurement in the Old Testament to its fulfillment in the New and presents the Eucharistic theology of the Church Fathers St Thomas Aquinas and magisterial teaching from centuries past through today The Eucharist is a masterful text both challenging and spiritually rich that comprehensively examines the unspeakable mystery that is the Eucharist *Mystery Hidden Yet Revealed* Marie Theresa Coombs, 2003-09-02 This work focuses on a reality central to each human life and basic to every branch of theology namely the immanent transcendence of God This study begins by exploring that theme of mystery hidden yet revealed from the perspective of the interrelationship of transcendence self actualization and creative expression The book goes on to describe the interplay of those three elements in the lives and the works of Thomas Merton monk and writer and Georgia O Keeffe artist People from a wide variety of backgrounds and traditions will find this study a stimulating source of insight for their spiritual quest The Mystical Presence John Williamson Nevin, 2012-04-19 The Mystical Presence 1846 John Williamson Nevin's magnum opus was an attempt to combat the sectarianism and subjectivism of nineteenth century American religion by recovering the robust sacramental and incarnational theology of the Protestant Reformation enriched with the categories of German idealism In it he makes the historical case for the spiritual real presence as the authentic Reformed doctrine of the Eucharist and explains the theological and philosophical context that render the doctrine intelligible The 1850 article The Doctrine of the Reformed Church on the Lord's Supper represents his response to his arch critic Charles Hodge of Princeton Seminary providing what is still considered a definitive historical treatment of Reformed eucharistic theology Both texts demonstrate Nevin's immense erudition and theological creativity contributing to our understanding not only of Reformed theology but also of the unique milieu of nineteenth century American religion The present critical edition carefully preserves the original text while providing extensive introductions annotations and bibliography to orient the modern reader and facilitate further scholarship The Mercersburg Theology Study Series is an attempt to make available for the first time in attractive readable and scholarly modern editions the key writings of the nineteenth century movement known as the Mercersburg Theology An ambitious multi year project this aims to make an important contribution to the academic community and to the broader reading public who may at last be properly introduced to this unique blend of American and European Reformed and Catholic theology *Presence* Ranjan Ghosh, Ethan Kleinberg, 2013-10-11 The philosophy of presence seeks to challenge current understandings of meaning and understanding One can trace its origins back to Vico Dilthey and Heidegger though its more immediate exponents include Jean Luc Nancy

Hans Ulrich Gumbrecht and such contemporary philosophers of history as Frank Ankersmit and Eelco Runia The theoretical paradigm of presence conveys how the past is literally with us in the present in significant and material ways Things we cannot touch nonetheless touch us This makes presence a post linguistic or post discursive theory that challenges current understandings of meaning and interpretation Presence provides an overview of the concept and surveys both its weaknesses and its possible uses In this book Ethan Kleinberg and Ranjan Ghosh bring together an interdisciplinary group of contributors to explore the possibilities and limitations of presence from a variety of perspectives history sociology literature cultural theory media studies photography memory and political theory The book features critical engagements with the presence paradigm within intellectual history literary criticism and the philosophy of history In three original case studies presence illuminates the relationships among photography the past memory and the Other What these diverse but overlapping essays have in common is a shared commitment to investigate the attempt to reconnect meaning with something real and to push the paradigm of presence beyond its current uses The volume is thus an important intervention in the most fundamental debates within the humanities today Contributors Bill Ashcroft University of New South Wales Mark Bevir University of California Berkeley Susan A Crane University of Arizona Ranjan Ghosh University of North Bengal Suman Gupta Open University Ethan Kleinberg Wesleyan University John Michael University of Rochester Vincent P Pecora University of Utah Roger I Simon
