*The Mystery Beneath the Real* Peter Crafts Hodgson, 2000      Theology in the Fiction of George Eliot Peter Crafts Hodgson, 2001 George Eliot was a deeply religious thinker despite having abandoned orthodox forms of Christian belief and religious themes and figures appear in all her novels This study focuses on that religious part of her life and writings Peter C Hodgson is the Charles G Finney Professor of Theology at Vanderbilt University His many books include *Winds of the Spirit* *God in History and Revisioning the Church*      *The Mystery Beneath the Real* Peter Crafts Hodgson, 2000 Hodgson's sympathetic reading of Eliot's work traces her religious pilgrimage from a strongly evangelical Home through critical humanism to a profound and novel affirmation of the mystery beneath the real It unearths a neglected aspect of 19th century thought      **Christian Faith** Peter Crafts Hodgson, 2001-01-01 Addresses three issues including the struggle for justice cultural and religious pluralism and ecological and cosmological awareness arguing for the necessity of revising Christian faith in order to handle changing circumstances Original      **George Eliot's Religious Imagination** Marilyn Orr, 2018-02-15 George Eliot's Religious Imagination addresses the much discussed question of Eliot's relation to Christianity in the wake of the sociocultural revolution triggered by the spread of theories of evolution The standard view is that the author of *Middlemarch* and *Silas Marner* lost her faith at this time of religious crisis Orr argues for a more nuanced understanding of the continuity of Eliot's work as one not shattered by science but shaped by its influence Orr's wide ranging and fascinating analysis situates George Eliot in the fertile intellectual landscape of the nineteenth century among thinkers as diverse as Ludwig Feuerbach David Strauss and Søren Kierkegaard She also argues for a connection between George Eliot and the twentieth century evolutionary Christian thinker Pierre Teilhard de Chardin Her analysis draws on the work of contemporary philosopher Richard Kearney as well as writers on mysticism particularly Karl Rahner The book takes an original look at questions many believe settled encouraging readers to revisit George Eliot's work Orr illuminates the creative tension that still exists between science and religion a tension made fruitful through the exercise of the imagination Through close readings of Eliot's writings Orr demonstrates how deeply the novelist's religious imagination continued to operate in her fiction and poetry      **Essays on Religion in G. Eliot's Early Fiction** J. H. Mazaheri, 2018-04-18 This series of essays explores the relationship between religion and literature in George Eliot's early fiction With a particular focus on *Scenes of Clerical Life* *Adam Bede* and *The Mill on the Floss* this title complements the author's previous publication *George Eliot's Spiritual Quest in Silas Marner* 2012      **The Victorian Novel of Adulthood** Rebecca Rainof, 2015-09-09 In *The Victorian Novel of Adulthood* Rebecca Rainof confronts the conventional deference accorded the bildungsroman as the ultimate plot model and quintessential expression of Victorian nation building The novel of maturity she contends is no less important to our understanding of narrative Victorian culture and the possibilities of fiction Reading works by Charles Dickens George Eliot Henry James John Henry Newman and Virginia Woolf Rainof exposes the little discussed theological

underpinnings of plot and situates the novel of maturity in intellectual and religious history notably the Oxford Movement Purgatory a subject hotly debated in the period becomes a guiding metaphor for midlife adventure in secular fiction Rainof discusses theological models of gradual maturation thus directing readers attention away from evolutionary theory and geology and offers a new historical framework for understanding Victorian interest in slow and deliberate change **The Life of George Eliot** Nancy Henry,2012-05-07 The life story of the Victorian novelist George Eliot is as dramatic and complex as her best plots This new assessment of her life and work combines recent biographical research with penetrating literary criticism resulting in revealing new interpretations of her literary work A fresh look at George Eliot s captivating life story Includes original new analysis of her writing Deploys the latest biographical research Combines literary criticism with biographical narrative to offer a rounded perspective Evangelical Gothic Christopher Herbert,2019-11-22 Evangelical Gothic explores the bitter antagonism that prevailed between two defining institutions of nineteenth century Britain Evangelicalism and the popular novel Christopher Herbert begins by retrieving from near oblivion a rich anti Evangelical polemical literature in which the great religious revival often lauded in later scholarship as a moral revolution is depicted as an evil conspiracy centered on the attempted dismantling of the humanitarian moral culture of the nation Examining foundational Evangelical writings by John Wesley and William Wilberforce alongside novels by Charles Dickens George Eliot Bram Stoker and others Herbert contends that the realistic popular novel of the time was constitutionally alien to Evangelical ideology and even to some extent took its opposition to that ideology as its core function This provocative argument illuminates the frequent linkage of Evangelicalism in nineteenth century fiction with the characteristic imagery of the Gothic with black magic with themes of demonic visitation and vampirism and with a distinctive mood of hysteria and panic

Clothed in Nothingness Leonard M. Hummel, Clothed in Nothingness provides practical and theological considerations for pastoral care and insights from the Lutheran tradition for coping with suffering **Coleridge and Newman** Philip C. Rule,2004 By examining Samuel Taylor Coleridge s and John Henry Newman s parallel approaches to the central question of Christian apologetics the existence of God Coleridge and Newman The Centrality of Conscience documents more fully than ever before the extent of Coleridge s influence on Newman Both men sought to develop an argument for God s existence by understanding conscience as the moral self awareness that makes us human The study provides fresh readings of three texts by Coleridge and three by Newman The result of these comparative readings is a rhetoric that both informs and invites the reader to personal reflection **Christianity and Confucianism** Christopher Hancock,2020-12-10 Christianity and Confucianism Culture Faith and Politics sets comparative textual analysis against the backcloth of 2000 years of cultural political and religious interaction between China and the West As the world responds to China s rise and China positions herself for global engagement this major new study reawakens and revises an ancient conversation As a generous introduction to biblical Christianity and the Confucian Classics Christianity and Confucianism tells a remarkable story of

mutual formation and cultural indebtedness East and West are shown to have shaped the mind heart culture philosophy and politics of the other and far more perhaps than either knows or would want to admit Christopher Hancock has provided a rich and stimulating resource for scholars and students diplomats and social scientists devotees of culture and those who pursue wisdom and peace today

**Christ and the Other** Reverend Dr Graham Adams,2017-03-02 How should we relate to others those within a particular tradition those of different traditions and those who are oppressed In the light of these anxieties and building on the work of Andrew Shanks this book offers a vision of Christ as the Shaken One rooted in community with others Shaped through dialogue with the theologies of John Hick and Lesslie Newbigin Adams urges Christian communities to attend more deeply to the demands of ecumenical dialogical and political theologies to embody an ever greater solidarity of others a quality of community better demonstrating Christlike other regard

Prayer and Embodiment in Nineteenth-Century Women's Writing Elizabeth Ludlow,2025-02-20 In the 19th century an era that saw a reconfiguration of the relationship between the self the world and the divine women writers probed the theological depths of embodied faith in new ways through poetry fiction devotional prose and life writing Elizabeth Ludlow explores how through this process they articulated what it means to pray and thereby understand one's place in a world of individual and communal bodies The eight women writers discussed Elizabeth Barrett Browning Josephine Butler George Eliot Elizabeth Gaskell Dora Greenwell Felicia Hemans Adelaide Procter and Christina Rossetti provide accounts of prayer that stress that the only way to experience and respond to something of the transcendent is through embracing lived experience and through a recognition of the connectedness of all bodies In detailing how these writers engage with new ways of thinking about faith desire and the material world Ludlow argues that they offer models for ethical modes of being in the world and pave the way for later theologies of embodiment

*God and Nature* Curtis L. Thompson,Joyce M. Cuff,2012-03-29 The current religion and science dialogue begs for greater clarity on the relation of God to nature In *God and Nature* two scholars who embrace contemporary insights from science and religion explore the complexities of this debate As the narrative unfolds classical and contemporary thinkers are engaged as discussion partners in articulating a philosophical theology of nature Conceptual pairs in which two concepts play off of each other provide the structure for each of the seven chapters with usually the first concept being more scientific in character and the second more religious in tone These pairs of concepts from chronology and creation to creativity and creator help to thematize and structure the progressing narrative Within each chapter the two concepts are first investigated independently then interdependently and finally in relation to the divine At the story's completion nature has emerged as alive with possibility that is as alluring as the actuality it evokes Envisioned is a divine Creator who works in and through the possibility of creation to lure it into fuller manifestations via creative transformation
