### THE MYSTERY OF *Peace*

The human soul craves it, every nation desires it, all political parties proclaim it, the world groans for it, and the Church prays for it... **PEACE!** We would agree that our world is in dire need of peace. Peace, therefore, is not simply a need but a must. To navigate in the days to come, we will need to meet in peace, seek peace, pursue peace, and manifest peace. This book was written with your "peace" in mind—that state of being not predicated on external factors—but an inward force powerful enough to challenge what challenges you.

One right into this treasure called *The Mystery of Peace*. This book would point you to God-given secrets designed to bring a cease-fire to the mental anguish and distress of life that most of us face, while, at the same time, provide divine revelation regarding supernatural benefits of this weapon called *Peace*.

**The Politics of Peace** Te-Li Lau,2009-12-07 Although scholarship has noted the thematic importance of peace in Ephesians few have examined its political character in a sustained manner throughout the entire letter This book addresses this lacuna comparing Ephesians with Colossians Greek political texts Dio Chrysostom s Orations and the Confucian Four Books in order to ascertain the rhetorical and political nature of its topos of peace Through comparison with analogous documents both within and without its cultural milieu this study shows that Ephesians can be read as a politico religious letter concerning peace within the church Its vision of peace contains common political elements such as moral education household management communal stability a universal humanity and war that are subsumed under the controlling rubric of the unity and cosmic summing up of all things in Christ MYST OF PEACE George Thomas 1863

**365 Devotions for Peace** Cheri Cowell,2015-12-08 365 peaceful days add up to a life changing year This affordable daily devotional walks readers through the peace that comes from knowing God in a simple and accessible format Each entry focuses on ways God offers peace how to let go of stress and panic and let God guide you and how to hold onto peace even in the most stressful and hectic of times Sample excerpt The world was dark For 400 years God had been silent Not a word Not a peep Had he forgotten his people Did he no longer hear their cries Then the most incredible thing happened The heavens broke forth in praise Shepherds shouted their joy and that joy reverberated over the mountains The

Lord had heard their cries He has heard yours and has come to comfort He brings comforting peace into this dark world peace into your world Are you in need of comfort and peace He has come for you      Memory and Peace Francis Anekwe Oborji,2020-11-11 The Latin adage Si vis pacem para bellum if you want peace prepare for war is usually interpreted as peace through strength It expresses the idea that being armed and ready to fight in order to defend oneself is a viable way of keeping the peace However the truism of the adage is expressed by the author who argues for peace and sustainable development of Africa at large in the light of the Nigerian Biafra struggle He intellectually equips readers with memories of the past lest the mistakes of history be repeated The author uses the power of the pen as a weapon mightier than the sword to discuss the structures of peace in the African context He weighs in a balance the need for restructuring and the right for self determination the way to freedom and collective effort towards development This volume contains articles that propose potential and functional solutions to the perennial challenges presently facing Nigeria as a country Interestingly the reflections recommend steps towards cordial reconciliation and the liberating spirit that would catalyze the restoration of an emerging nation the Republic of Biafra The volume further expands the ongoing ideas and thoughts on a variety of issues that offer roadmaps to the contextual problems of the indigenous people as well as the Christian Mission and evangelical witness Furthermore the author goes on to demonstrate that when dialogue is employed peace makes its way in the hearts of the citizens which ushers in the flourishing of good governance and economic growth Hence justice equity peace equal rights and opportunity become the bedrock upon which every nation state is supposed to be founded      **How to Achieve World Peace** Jim Des Rocher,2004-10-25 This book deals with plans to achieve a true World Peace Achieving World Peace is a subject that has never been openly discussed by the people of this world before The content of this book is original because a real workable plan for achieving World Peace has never been offered to the people of this world because it can change the way we live in this world Violence and wars have been a part of our lives since the beginning of the human race and now this book is offering for the first time a chance to live in a world that is dominated by peace This book takes a serious look at civilizing this world for the first time and offers a simple way to go about civilizing this world This book takes the dreams of achieving World Peace and makes achieving World Peace a reality This book solves the mystery of how to achieve World Peace This book shows us how to end all wars and military conflicts and put an end to all the terrorism in this world The plan for achieving World Peace laid out in this book is a stroke of political brilliance because no one in this world could possibly stand against any efforts by the people of this world to achieve true World Peace When the people in this world are armed with a perfect political issue like achieving World Peace that no world leader or government could possibly be against they can easily achieve World Peace Any political issue like achieving World Peace that has one hundred percent support can not fail The content of this book is very powerful and will change the way we live on this earth Injecting a World Peace movement into world politics will force our governments to address the World Peace issue and when they do they will have no choice

but to accept the plan for achieving World Peace No government or world leader could ever stand in front of their people and try to explain why World Peace is bad for the people of their country This book offers an opportunity to all peace loving people in to world to be part of a movement that will lead to a true World Peace     **The Mystery of Peace** Arthur C. resolution James O Dea provides a holistic approach to peace work covering its oft ignored cultural spiritual and scientific dimensions while providing guidance suitable even for those who have never considered themselves peacebuilders O Dea is unique in his ability to integrate personal experience in the world s violent conflict zones with insights gathered from decades of work in social healing human rights advocacy and consciousness studies Following in the footsteps of Gandhi and King O Dea keeps the dream of peace alive by teaching us how to dissolve old wounds and reconcile our differences He strikes deep chords of optimism even as he shows us how to face the heart of darkness in conflict situations His soulful but practical voice speaks universally to peace activists mediators negotiators psychologists educators businesspeople and clergy and to everyday citizens

*Finding Peace* Jean Vanier, 2003-02-01 One of our deepest human desires and needs is to live in peace We all yearn for peace but what is it exactly How do we find it and how can we bring peace to our lives and our communities Jean Vanier reflects on recent world events identifying the sources of conflict and fear within and among individuals communities and nations that thwart us in our quest for peace Peace is not just the work of governments or armies or diplomats he argues but the task of each one of us We can all become makers of peace We can do our part And though it s easy to be a love of peace and much more difficult to be a worker for peace Vanier shows us that ordinary people unknown and unrecognized are transforming our world little by little finding peace in our neighbourhoods and lighting the way to change

*Peace Be with You* David Carlson, 2011-08-02 If revenge and retaliation are the best responses that our nation could muster after 9 11 then Jesus did not have to come live among us and preach a radical understanding of neighbor that includes the enemy David Carlson In the wake of the ten year anniversary of 9 11 as tension between Christians and Muslims rises author David Carlson seeks guidance in the modern day deserts of monastic communities across America Are Christianity and Islam destined to confront one other as clashing civilizations Peace Be with You Monastic Wisdom for a Terror Filled World clearly answers No Peace Be with You is the result of more than thirty interviews conducted with abbots nuns monks and even a Mennonite pastor who works at a Franciscan retreat center Hear the wisdom of these men and women in their own words as they speak with hope to a suffering world Follow Carlson s moving and at times difficult journey to discover a new yet ancient basis for genuine peace between Christianity and other religions especially Islam Sadly he says Jesus has been drafted into this war But Jesus as the banner carrier of Christendom or Christian culture has from the beginning been unacceptable to me Also unacceptable is the belief that Jesus gives the Coalition Forces some advantage Jesus would neither be dressed in military khaki nor would He carry a weapon This image to others as well as me is that of a false Christ
