Out of the Woods Luke Turner,2021-05-25 Out of the Woods is a brave and beautiful book electrifying on sex and nature religion and love No one is writing quite like this Olivia Lang author of The Lonely City In this highly original work of nature writing and memoir a young man explores his shifting sexual identity and troubled family history against the backdrop of a sprawling urban forest in London In the wake of a significant breakup Luke Turner is visited by familiar demons including depression and guilt surrounding his bisexual identity experiences of sexual abuse and confusion brought on by an intensely religious upbringing With nowhere to turn Turner seeks refuge in London's Epping Forest where unexpected elusive threats seem to have replaced its former comforts No stranger to compulsion Turner finds himself repeatedly drawn to the woods eager to uncover its secrets and investigate an old family rumor of illicit behavior that once happened there Away from a society that still cannot cope with the complexities of masculinity and sexuality Turner finally begins to find acceptance among the trees as he reconciles external expectations with his own way of being *Esotericism in Western Culture* Wouter J. Hanegraaff,2025-05-29 This accessible introduction by the world's leading expert explains why the study of esotericism is not a marginal pursuit but belongs at the center of modern research in the humanities Reflecting updates in the field since the foundational publication *Western Esotericism A Guide for the Perplexed* 2013 Wouter J Hanegraaff demonstrates that the exclusion of rejected knowledge from normative accounts of Western civilization is the reflection of a narrow Eurocentric

ideology that became the template for discrediting and ultimately destroying so called primitive cultures associated with superstition and pagan idolatry during the global colonial age Rejecting this rejection of rejected knowledge means restoring the suppressed to its legitimate place in history and cultural analysis Through this approach Wouter J Hanegraaff depicts a radically inclusive vision of the Greater West and its forgotten histories from pagan antiquity through Jewish Christian and Islamic cultures up to secular modernity and beyond
