**The forgotten planet: Mystique** Alain Costea,2024-04-18 Earthly year 2833 Planet Mystique under the influence of the Solar Empire From the moment she set foot she couldn't get enough If she could she would have embraced it all in a single hug The endless fields of plants their soft green stems rising up to 50 70 cm leafless and ending in clusters of intensely luminous red to pink peonies the low grass forming a dense carpet of the same dark green all of it gave the impression that the flowers were actually floating above the ground She walked among them as if walking on water each touch creating ripples through the sea of blossoms Unaware she had come very close to the weeping willow wall She wasn't sure where the name came from but somehow it seemed to fit these trees perfectly up to 40 meters tall with trunks in the same omnipresent shade of dark green that turned almost fluorescent lime green toward the middle adorned with small pink streaks where countless thin branches originated These branches fell toward the ground creating an illusion of perpetual levitation *The*

*Body in the Catacombs* Kate MacLeod,2021-07-06 Murdina Ritchie and Shackleton Fitz IV start their junior year at the Oymyakon Foreign Service Academy finally feeling like they belong in that world They stand as equals among the other cadets And the crushing load of schoolwork Surprisingly manageable when you're not trying to solve a murder at the same time But the rumors of big changes in the political universe reach even the depths of the Academy Distrust and secretiveness invade the minds of all of the cadets Something dark and tumultuous hangs over all of them and not just the ever present storms of Oymyakon Then someone finds a body in the lower levels and the accusations fly A murder but committed decades before Long before the time of any of the cadets But not before the time of the instructors In fact exactly at the time Colonel Hansen was Cadet Hansen Can Ritchie and Fitz solve the coldest of cases and prove the colonel innocent Or worse guilty

**Death on the Summit** Kate MacLeod,2021-11-11 The cadets of the Oymyakon Foreign Service Academy know more than most about challenging environments They experience one every day just while crossing their campus Their planet barely ranks as habitable on the best of days But now the third and fourth year cadets face even harsher conditions climbing to heights nearly at the edge of space and totally within the heart of Oymyakon's ever present storms Murdina Ritchie relishes the opportunity to test her mettle in ways she never could back home in the stable comfortable environment of a space station Shackleton Fitz IV delights in freedom from campus life and distance from the growing rumors of political turmoil in the Union of Free Worlds if only for a few days Then a fellow cadet falls to her death No one in the camp thinks this an accident But with no way down off the mountain until the storm passes they all live with the knowledge that a murderer lurks among them possibly planning to kill again Ritchie and Fitz face death all the time But if a human killer fails to end them the planet itself just might finish the job Staying alive calls on them to apply everything they've learned at the
