Mystic Poet:

Whitman Walt Whitman, 2013-09-12 Discover How Whitman's Spiritual Life and Vision Can Enlighten Your Own Whitman's collected poems and prose are not an object or icon to be gazed upon or revered but a transparency we look through to see ourselves with greater clarity excitement and meaning They wake us up to our potential to learning about and from ourselves To experience his writing is to experience ourselves more deeply from the Preface by Gary David Comstock Walt Whitman was the most innovative and influential poet of the nineteenth century The self proclaimed American Bard Whitman challenged his contemporaries to resist conforming to society and shocked them with his embrace of the sensual But beneath his manifesto for social revolution lies a vigorous call for spiritual revolution as well This beautiful sampling of Whitman's most important poetry from *Leaves of Grass* and selections from his prose writings offers a glimpse into the spiritual side of his most radical themes love for country love for others and love of Self Whitman seeks to tear down the belief that the spiritual resides only in the religious and embraces the idea that nothing is more divine than humankind nothing greater than the individual soul Rich with passion reverence and wonder this unique collection offers insight into Whitman's quest for self discovery which involved an ongoing mystical experience of the world Though seemingly personal his verse speaks to universal harmony and universal love optimism and joy and celebrates the outwardly mundane details of life through words electrified with love and spirit

The Rumi Prescription Melody Moezzi, 2021-03-02 A powerful personal journey to find meaning and life lessons in the words of a wildly popular 13th century poet Rumi's inspiring and deceptively simple poems have been called ecstatic mystical and devotional To writer and activist Melody Moezzi they became a lifeline In *The Rumi Prescription* we follow her path of discovery as she translates Rumi's works for herself to gain wisdom and insight in the face of a creative and spiritual roadblock With the help of her father who is a lifelong fan of Rumi's poetry she immerses herself in this rich body of work and discovers a 13th century prescription for modern life Addressing isolation distraction depression fear and other everyday challenges we face the book offers a roadmap for living with intention and ease and embracing love at every turn despite our deeply divided and chaotic times Most of all it presents a vivid reminder that we already have the answers we seek if we can just slow down to honor them You went out in search of gold far and wide but all along you were gold on the inside Become the sky and the clouds that create the rain not the gutter that carries it to the drain You already own all the sustenance you seek If only you'd wake up and take a peek Quit being a drop Make yourself an ocean

The Two Mystic Poets

Swapon Kumar Roy, 2017-07-17 Forerunner mystic poet Sant Kabir Ji and his poetic successor Lalon Sayeen are two great thought ancestries in this subcontinent They are not only poets or saints of the stream they have also great impact in building our main thought stream Here we had a quest in to the treasure with which they executed influence over the thinkers and truth seekers From the point destitute of the view of love and interest it is hard to enter the treasure cave they had Another follow up there is here Since both they are mystic so they are ones of world mystical tradition Rhythmic unity of human elementary beliefs made them fallen in the single stream The writer looked at this unity of mystical authority from Heraclitus to Lalon Reevaluation of mysticism inspired to look at the subject eagerly And that was made by as we know specifically three exponents Ones among them are Rabundranath Tagore Bertrand Russell and L Wittgenstein According to their apprehension the present writer looked at the text of the two mystic poets Thus their forerunner successor link is I don't know whether it is just or alike to say discovered However with this description everything such as theme meaning thought and attitude of their songs is connected So if the present writer claims new many things of the two mystic poets are openly described here perhaps the claim will not be far ahead than the reality Besides that their synthetic and all inclusive outlook is known to all Other else anywhere proper study of human thought may disclose the secrets why both the mystic poets and the stream are timeless and universal Presently it is practical to look and think how the two mystic poets looked at life and world

and also at truth good beauty Lastly most important and harder a work has been taken to do it is the universal mystical view on God as only this view is free from savage imagination Mysticism in Postmodernist Long Poems Joe Moffett, 2014-10-28

Written from a literary critic's perspective Mysticism in Postmodernist Long Poems borrows insights from Religious Studies and critical theory to examine the role of spirituality in contemporary poetry specifically the genre of the long poem

Descending from Whitman's *Song of Myself* the long poem is often considered the American twentieth century equivalent of the epic poem but unlike the epic it carries few generic expectations aside from the fact that it simply must be long This makes the form particularly pliable as a tool for spiritual inquiry The period following World War II is often described as a secular age but spirituality continued as a concern for poets as evidenced by this study These writers look beyond conventional faith systems and instead seek individual paths of understanding they engage in mysticism in other words With chapters on H D and Brenda Hillman Robert Duncan James Merrill Charles Wright and Galway Kinnell and Gary Snyder this study demonstrates how these poets engage the culture of consumption in the postwar years at the same time they search for opportunities for transcendence Not content to throw over the earthly in favor of the otherworldly these poets reject the familiar binary of the worldly and metaphysical to produce distinctive paths of spiritual understanding that fuel what Wright calls a contemplation of the divine

Jacopone Da Todi, Poet and Mystic--1228-1306 Evelyn Underhill, 1919

The Gospel of Thomas Ron Miller, 2011-08-18 The Gospel of Thomas a book of sayings and wisdom of Jesus compiled as early or earlier than the New Testament gospels can transform your spiritual life There are many academic commentaries on the Gospel of Thomas but this book has a different aim It is meant to be a guidebook that is a translation of the sayings into daily practice The goal of such practice is to become Jesus's twin This does not of course mean becoming an olive skinned bearded Mediterranean peasant wearing sandals It is more about manifesting in our lives the same Christ consciousness revealed in the person we know as Jesus of Nazareth from the Introduction In the decades since its discovery the Gospel of Thomas has intrigued people of all faiths around the world Shedding new light on the origins of Christianity the Gospel of Thomas raises questions about whether the New Testament's version of Jesus's teachings is entirely accurate and complete In the Gospel of Thomas we see Jesus as a wisdom loving sage sharing aphorisms about the value of the present and each person's role in the creation of the Kingdom of God here on earth But these inspiring sayings can leave you wondering What next Now you can learn how to start applying Jesus's wisdom to your own life and in turn to the world around you This unique guidebook leads you through Thomas offering practices that help you translate Jesus's wisdom into a more fulfilling enriching daily life including Becoming a Spiritual Adult Sorting Out the Old and the New Being a Healing Presence Daring to Be a City on a Hill God's Reign Calls for Ready Hands Spirituality Is Not Skygazing And much more

Christian Mysticism and Australian Poetry Toby Davidson, Australian poetry is popularly conceived as a tradition founded by the wry secular and stoic strains of its late nineteenth century bush balladeers Adam Lindsay Gordon Henry Lawson and Banjo Paterson consolidated into a land

based vigour in publications such as the Bulletin Yet this popular conception relies on not actually consulting the poetry itself which for well over one hundred and fifty years has been cerebral introspective feminine and highly even experimentally religious This book casts Australian poetry in a new light by showing how Australian Christian mystical poetics can be found in every era of Australian letters how literary hostilities towards women poets eroticism and contemplation served to stifle a critical appreciation of mystical poetics until recent decades and how in the twentieth century one Australian Christian mystical poet began to influence another and share their appreciations of Dante Donne Traherne Blake Wordsworth Brontë Rossetti Hopkins Yeats Eliot and Lowell *Three Mystic Poets* Abinash Chandra Bose, 1945 Rumi's Holistic Humanism Mirza Iqbal Ashraf, 2012-07-17 Rumi's universal approach to life is compellingly revealed in easy to read prose with excerpts from Rumi's poetry
