Norman

Hyatt,2009 Based on the memoir of Stephen Norton Van Blaricom An Uncommon Journey details the origins of Dawson County Montana in the late 1800s The oldest of nine children Van Blaricom left home at the age of thirteen and worked for many of northeastern Montana s earliest ranches After working for the Northern Pacific Railroad he married Maud Griselle one of the first female telegraphers for the Northern Pacific More than a family history An Uncommon Journey tells the personal stories of many of the first settlers of this last West buffalo hunters cattlemen train drivers early tradesmen saloonkeepers scallywags and lawmen This is the story of many of the long forgotten first settlers of old Dawson County and how they met the challenges of a country that was then primitive and remote at its best and deadly at its worst For all of them it was indeed An Uncommon Journey      The MammySlammy Sharon Marler,2003-02-26 Despite the knowledge that early detection of breast cancer can save lives many still fail to schedule or choose to ignore or postpone appointments for mammograms because of misdirected embarrassment lack of support or fear The MammySlammy book addresses the reasons for avoidance and tells how to erase all the excuses by turning the annual glamour shot into a celebration of life It provides you with an innovative way to make mammography fun and stress free as women wisely join together to ensure their good health and quality of life Detect isolate and treat breast cancer before it becomes yet another tragic story Have that yearly exam but do it with friends chocolate gifts balloons and celebration Welcome to a delightfully insightful book as a cancer survivor tells why she organized something as radical as MammySlammy Parties Get ready for an enjoyable read that will make you laugh and cry and will motivate you to get out your pen and paper to plan your own day of fun networking and memorable activities      **Tracking Humans** David Diaz,V. L. Mccann,2013-06-04 Tracker The very word evokes images of buckskin clad braves crouching over the ground carefully studying the signs before them a part of history But the modern world has not put behind it the need for the earthy business of tracking Such skills are still routinely used by the military rescue personnel and law enforcement as well as by hunters and people living at subsistence level throughout the world Tracking Humans is the ultimate authoritative guide to this most complex pursuit A great resource for military law enforcement and rescue professionals Tracking Humans is also useful for outdoor enthusiasts Users will find it invaluable as an on site manual to assist in any ongoing search Unlike many tracking manuals this guide focuses on tracking humans whether they re enemy combatants or lost children Author David Diaz explains what it takes to be an expert tracker from the physical stamina to the focus and perception necessary to do the job correctly He explains the tools of the tracker and presents essential safety tips every tracker should know Tracking Humans is an important tool for anyone dealing with missing persons it could be an essential lifesaver      *Varmints and Victims* Frank Van Nuys,2015-11-09 It used to be If you see a coyote shoot it Better yet a bear Best of all perhaps A wolf How we ve gotten from there to here where such predators are reintroduced protected and in some cases revered is the story Frank Van Nuys tells in Varmints and Victims a thorough and enlightening look at the evolution of predator management in the American West As controversies over predator control

rage on Varmints and Victims puts the debate into historical context tracing the West's relationship with charismatic predators like grizzlies wolves and cougars from unquestioned eradication to ambivalent recovery efforts Van Nuys offers a nuanced and balanced perspective on an often emotional topic exploring the intricacies of how and why attitudes toward predators have changed over the years Focusing primarily on wolves coyotes mountain lions and grizzly bears he charts the logic and methods of management practiced by ranchers hunters and federal officials Broad in scope and rich in detail this work brings new much needed clarity to the complex interweaving of economics politics science and culture in the formulation of ideas about predator species and in policies directed at these creatures In the process we come to see how the story of predator control is in many ways the story of the American West itself from early attempts to connect the frontier region to mainstream American life and economics to present ideas about the nature and singularity of the region

The Earth Is Weeping Peter Cozzens,2016-10-25 Bringing together Custer Sherman Grant and other fascinating military and political figures as well as great native leaders such as Crazy Horse Sitting Bull and Geronimo this sweeping work of narrative history San Francisco Chronicle is the fullest account to date of how the West was won and lost After the Civil War the Indian Wars would last more than three decades permanently altering the physical and political landscape of America Peter Cozzens gives us both sides in comprehensive and singularly intimate detail He illuminates the intertribal strife over whether to fight or make peace explores the dreary squalid lives of frontier soldiers and the imperatives of the Indian warrior culture and describes the ethical quandaries faced by generals who often sympathized with their native enemies In dramatically relating bloody and tragic events as varied as Wounded Knee the Nez Perce War the Sierra Madre campaign and the Battle of the Little Bighorn we encounter a pageant of fascinating characters including Custer Sherman Grant and a host of officers soldiers and Indian agents as well as great native leaders such as Crazy Horse Sitting Bull Geronimo and Red Cloud and the warriors they led The Earth Is Weeping is a sweeping definitive history of the battles and negotiations that destroyed the Indian way of life even as they paved the way for the emergence of the United States we know today

The Mountain Men George Laycock,2023-09-21 To know how the West was really won start with the exploits of these unsung mountain men who like the legendary Jeremiah Johnson were real buckskin survivalists Preceded only by Lewis and Clark beaver fur trappers roamed the river valleys and mountain ranges of the West living on fish and game fighting or trading with the Native Americans and forever heading toward the untamed wilderness In this story of rough heroic men and their worlds Laycock weaves historical facts and practical instruction with profiles of individual trappers including harrowing escapes feats of supreme courage and endurance and sometimes violent encounters with grizzly bears and Native Americans
