The Mystical Philosophy of Ibn Masarra and His Followers Asín Palacios, 2023-09-25 *Moses, Mount Sinai and Early Christian Mystics* Ann Conway-Jones, Wise Studies, 2021-10-12

Moses encounter with God on the summit of Mount Sinai as told in the biblical book of Exodus contains a number of peculiarities and paradoxes Early Christian mystics seized on these as clues to the spiritual understanding of Moses experiences and as guides to the practice of contemplation In this course we will examine five moments in Moses ascent of Mount Sinai his entry into the darkness the elders vision of the sapphire pavement the pattern of the tabernacle revealed God s placing of Moses into the cleft of the rock and Moses shining face We will explore how these intriguing passages inspired four early Christian writers Gregory of Nyssa Evagrius of Pontus Pseudo Macarius and Dionysius the Areopagite as they reflected on such topics as the unknowability of God and the state of a mind at prayer In doing so we will discover the influence of scripture on the development of the Christian mystical tradition

Session 1 The Darkness of Unknowing Exodus 20 18 21 Moses breaks free away from what sees and is seen and he plunges into the truly mysterious darkness of unknowing Here renouncing all that the mind may conceive wrapped entirely in the intangible and the invisible he belongs completely to him who is beyond everything Dionysius

Session 2 Divine Blue Exodus 24 9 11 When the mind has put off the old self and shall put on the one born of grace then it will see its own state in the time of prayer resembling sapphire or the colour of heaven this state scripture calls the place of God that was seen by the elders on Mount Sinai Evagrius of Pontus

Session 3 The Heavenly Tabernacle Exodus 25 28 Moses was educated beforehand by a type in the mystery of the tabernacle which encloses everything This would be Christ the power of God and the wisdom of God which in its own nature is not made by hands yet allows itself to be physically fashioned when this tabernacle needs to be pitched among us so that in a certain way the same is both unfashioned and fashioned uncreated in pre existence but becoming created in accordance with this material composition Gregory of Nyssa

Session 4 The Cleft in the Rock Exodus 33 11 23 This truly is the vision of God never to be satisfied in the desire to see him But one must always by looking at what he can see rekindle his desire to see more Thus no limit would interrupt growth in the ascent to God since no limit to the Good can be found nor is the increasing of desire for the Good brought to an end because it is satisfied Gregory of Nyssa

Session 5 Transformation Exodus 34 29 35 For blessed Moses provided us with a certain type through the glory of the Spirit which covered his countenance upon which no one could look with steadfast gaze This type anticipates how in the resurrection of the just the bodies of the saints will be glorified with a glory which even now the souls of the saintly and

faithful people are deemed worthy to possess within in the indwelling of the inner person Pseudo Macarius Philosophy in World Perspective David A. Dilworth,1989-01-01 Philosophers and theologians from around the world and throughout history have grappled with such fundamental issues as the nature of the world and man's relation to it as well as the optimal forms of human perception language and behaviour Yet it has always been difficult to compare the works of thinkers from different eras and cultures In this work of systematic philosophy David Dilworth places the major texts of ancient and modern and Western and Oriental philosophy and religion into one comparative framework His study reveals affinities between thinkers who lived centuries and continents apart and produces numerous insights by bringing together the greatest philosophical texts into a single scheme Evangelical Dictionary of Theology (Baker Reference Library) Walter A. Elwell,2001-05-01 Fifteen years after its original publication comes a thoroughly revised edition of the Evangelical Dictionary of Theology Every article from the original edition has been revisited With some articles being removed others revised and many new articles added the result is a completely new dictionary covering systematic historical and philosophical theology as well as theological ethics

Early Chinese Mysticism Livia Kohn,1991-11-12 Did Chinese mysticism vanish after its first appearance in ancient Taoist philosophy to surface only after a thousand years had passed when the Chinese had adapted Buddhism to their own culture This first integrated survey of the mystical dimension of Taoism disputes the commonly accepted idea of such a hiatus Covering the period from the Daode jing to the end of the Tang Livia Kohn reveals an often misunderstood Chinese mystical tradition that continued through the ages Influenced by but ultimately independent of Buddhism it took forms more various than the quietistic withdrawal of Laozi or the sudden enlightenment of the Chan Buddhists On the basis of a new theoretical evaluation of mysticism this study analyzes the relationship between philosophical and religious Taoism and between Buddhism and the native Chinese tradition Kohn shows how the quietistic and socially oriented Daode jing was combined with the ecstatic and individualistic mysticism of the Zhuangzi with immortality beliefs and practices and with Buddhist insight meditation mind analysis and doctrines of karma and retribution She goes on to demonstrate that Chinese mysticism a complex synthesis by the late Six Dynasties reached its zenith in the Tang laying the foundations for later developments in the Song traditions of Inner Alchemy Chan Buddhism and Neo Confucianism
