## **Mysticism In Religion:**

Mysticism and Religious Traditions Steven T. Katz,1983      **Mystical Experience and Religious Doctrine** Philip C. Almond,2015-02-06 No detailed description available for Mystical Experience and Religious Doctrine      **Mysticism in Religion** Rev. W.R. Inge,1948      *Mysticism in World Religion* Sidney Spencer,1966      **A Treasury of Mystic Terms** John Davidson (M.A.),2003      Comparative Mysticism Steven T. Katz,2013 This collection of primary texts introduces readers to the mystical literature of the world s great religious traditions Beginning with an introduction by Steven T Katz a leading scholar of mysticism the anthology comprises poetry prayer narrative and other writings from Jewish Christian Muslim Hindu Buddhist Taoist Confucianist and Native American traditions This collection provides readers not only with the primary mystical texts from each religious tradition but with an explanation of the context of the source and tradition Comparative Mysticism shows how the great mystical traditions of the world are deeply rooted in the religious traditions from which they originated The contextual methodological approach taken throughout the anthology also addresses the critical question of what these mystical traditions at their highest level have in common Despite the prevailing view that mystical traditions throughout the world are essentially similar the presentation of the sources in this volume suggests that in fact the various traditions have distinct teachings and different metaphysical goals The writings collected in Comparative Mysticism address the most fundamental and important methodological epistemological and hermeneutical questions regarding the study and interpretation of mysticism and mystical sources across cultures This anthology will be an invaluable resource to students and scholars of mystic tradition for years to come      *Studies in Religious Mysticism* Santosh Thomas,2005 This Book Is An Introductory Study Of Mysticism In The Christian Religion It Should Be Suitable For Both General Readers And College Undergraduates It Provides Both A Theory Of Mysticism And Surveys Of Its Main Contours In Buddhism And Traditional Religious Cultures It Also Suggests How Readers May Understand And Appreciate What Mysticism Implies For Their Own Lives      **Mysticism in the World's Religions** Geoffrey Parrinder,1976      **Mysticism in Judaism, Christianity, and Islam** Ori Z. Soltes,2008-08-07 Mysticism in Judaism Christianity and Islam traces the sweep of mysticism \_the search for oneness with God\_ throughout the three Abrahamic traditions Beginning with a definition of mysticism and a discussion of its place within religion as a whole Ori Z Soltes explores the      *Mysticism* ,2021-09-06 Although very different and coming from a range of academic backgrounds the contributors are nevertheless united in their attempts to understand more about mysticism from a perspective that puts the human being in the center      **Teaching Mysticism** William B. Parsons,2011-12-16 The term mysticism has never been consistently defined or employed either in religious traditions or in academic discourse The essays in this volume offer ways of defining what mysticism is as well as methods for grappling with its complexity in a classroom This volume addresses the diverse literature surrounding mysticism in four interrelated parts The first part includes essays on the tradition and context of mysticism devoted to drawing out and examining the mystical

element in many religious traditions The second part engages traditions and religious cultural strands in which mysticism is linked to other terms such as shamanism esotericism and Gnosticism The volume's third part focuses on methodological strategies for defining mysticism with respect to varying social spaces The final essays show how contemporary social issues and movements have impacted the meaning study and pedagogy of mysticism Teaching Mysticism presents pedagogical reflections on how best to communicate mysticism from a variety of institutional spaces It surveys the broad range of meanings of mysticism its utilization in the traditions the theories and methods that have been used to understand it and provides critical insight into the resulting controversies Leibniz, Mysticism and Religion A.P. Coudert, R.H. Popkin, G.M. Weiner, 2013-04-17

Some scholars in the history of ideas have had a growing interest in examining Leibniz's many discussions of various aspects of religion Christian Jewish and far eastern Leibniz with his voracious interest and concern for so many aspects of human intellectual and spiritual life read a wide variety of books on the various religions of mankind He also was in personal contact with many of those who espoused orthodox and non orthodox views He annotated his copies of many books on religious subjects And he was working on schemes for reuniting the various Catholic and Protestant churches in Europe Studies on Leibniz's views on Judaism on the Kabbalah on Chinese thought have been appearing over the last decades It was decided by some of us that since there has been a growing interest in this side of Leibniz's thought it would be a good idea to bring together a group of scholars working on different aspects of Leibniz's views on religion mysticism and spiritualism in order to have them present papers on their current researches and to have the opportunity for lengthy discussion formal and informal in the most pleasant academic ambiance of the William Andrews Clark Library in Los Angeles Under the sponsorship of the UCLA Center for Seventeenth and Eighteenth Century Studies a workshop conference was held November 18 19 1994 The Cambridge Companion to Christian Mysticism Amy Hollywood, Patricia Z. Beckman, 2012-09-17

The Cambridge Companion to Christian Mysticism is a multi authored interdisciplinary guide to the study of Christian mysticism with an emphasis on the third through the seventeenth centuries The book is thematically organized in terms of the central contexts practices and concepts associated with the mystical life in early medieval and early modern Christianity This book looks beyond the term mysticism which was an early modern invention to explore the ways in which the ancient terms mystic and mystical were used in the Christian tradition what kinds of practices modes of life and experiences were described as mystical What understanding of Christianity and of the life of Christian perfection is articulated through mystical interpretations of scripture mystical contemplation mystical vision mystical theology or mystical union This volume both provides a clear introduction to the Christian mystical life and articulates a bold new approach to the study of mysticism The Wiley-Blackwell Companion to Christian Mysticism Julia A. Lamm, 2012-08-29 The Wiley Blackwell Companion to Christian Mysticism brings together a team of leading international scholars to explore the origins evolution and contemporary debates relating to Christian mystics texts and the movements they inspired Provides a comprehensive

and engaging account of Christian mysticism from its origins right up to the present day Draws on the best of current scholarship by bringing together a collection of newly commissioned readings by leading scholars Considers examples of mysticism in both Eastern and Western Christianity Offers a brilliant synthesis of the key figures and historical periods of mysticism its core themes such as heresy gender or aesthetics and its theoretical considerations including theological literary social scientific and philosophical approaches Features chapters on current debates such as neuroscience and mystical experience and inter religious dialogue

**A New Vision of Reality** Bede Griffiths, 1990 The author invites us to look afresh at Christianity in the context of modern physics on the one hand and Eastern mysticism on the other Scientists now acknowledge that quantitative enquiry can reveal only one aspect of reality and to come to terms with a much deeper transcendent reality we must also be prepared to learn from Eastern traditions The Western mechanistic model of the universe dating from the time of Galileo and Newton must now be replaced with a new organic model this marks a return to the ancient traditional wisdom in which the universe was seen to consist not only of a physical dimension but also of psychological and spiritual dimensions all of which are interrelated and interdependent In exploring the divine mystery behind human life the author seeks to discover the basic unity which underlies all religion and discusses the concept of the Cosmic Person or Cosmic Lord as revealed in Christianity Hinduism Buddhism and Islam He concludes that a radical vision of a new society and a universal religion in which the essential values of Christianity will be preserved in living relationship with the other religious traditions of the world

Mysticisms East and West Christopher Hugh Partridge, Theodore P. C. Gabriel, 2003 Mysticism is proving to be the chosen type of religion for future generations of believers in the West As traditional institutional religion continues to decline mystical thought is celebrated as a vital subversive alternative Evidence for this religious cultural shift towards the mystical the experiential and indeed the creation centered can be found in bookstores most of which devote a large amount of shelf space to mystical themes and writers from the world religions While this shift is not new an increasing number of westerners are turning east because they find the fundamentally mystical thought of Asian religious traditions appealing Furthermore numerous westerners have actually become gurus and mystics within Eastern traditions *Mysticisms East and West* examines the worldwide phenomenon of mystical experience across the world religions In examining both Christian and non Christian expressions of mysticism this unique volume brings together a number of prominent evangelical scholars to analyze the central historical cultural and theological issues Beginning in the East these studies in mystical experience gradually move to the West and to Christian mysticism before concluding with a number of philosophically reflective essays examining the implications and nature of mysticism

*The Essentials of MYSTICISM* Evelyn Underhill, 2020-04-28 Evelyn Underhill was one of the greatest spiritual writers of the twentieth century Her legacy as a pivotal figure in Christian mysticism endures today For her true mysticism is first of all active and practical an organic life process in which the whole self is engaged rather than simply an intellectual apprehension Underhill's essays

on the topic merits a reexamination since it is still used in most courses that explore the experience of God called mysticism and still attracts contemporary spiritual seekers Excerpt What are the true essentials of mysticism When we have stripped off those features which some mystics accept and some reject all that is merely due to tradition temperament or unconscious allegorism what do we find as the necessary and abiding character of all true mystical experience This question is really worth asking For some time much attention has been given to the historical side of mysticism and some much less to its practice But there has been no clear understanding of the difference between its substance and its accidents between traditional forms and methods and the eternal experience which they have mediated In mystical literature words are frequently confused with things and symbols with realities so that much of this literature seems to the reader to refer to some self consistent and exclusive dream world and not to the achievement of universal truth Thus the strong need for re statement which is being felt by institutional religion the necessity of re translating its truths into symbolism which modern men can understand and accept applies with at least equal force to mysticism It has become important to disentangle the facts from ancient formulae used to express them Contents THE ESSENTIALS OF MYSTICISM THE MYSTIC AND THE CORPORATE LIFE MYSTICISM AND THE DOCTRINE OF ATONEMENT THE MYSTIC AS CREATIVE ARTIST THE EDUCATION OF THE SPIRIT THE PLACE OF WILL INTELLECT AND FEELING IN PRAYER THE MYSTICISM OF PLOTINUS THREE MEDIAEVAL MYSTICS I THE MIRROR OF SIMPLE SOULS II THE BLESSED ANGELA OF FOLIGNO III JULIAN OF NORWICH MYSTICISM IN MODERN FRANCE I SOEUR TH R SE DE L ENFANT J SUS II LUCIE CHRISTINE III CHARLES P GUY

**Phenomenology and Mysticism** Anthony J. Steinbock, 2009-12-22 Exploring the first person narratives of three figures from the Christian Jewish and Islamic mystical traditions St Teresa of Avila Rabbi Dov Baer and R zbih n Baql Anthony J Steinbock provides a complete phenomenology of mysticism based in the Abrahamic religious traditions He relates a broad range of religious experiences or verticality to philosophical problems of evidence selfhood and otherness From this philosophical description of vertical experience Steinbock develops a social and cultural critique in terms of idolatry as pride secularism and fundamentalism and suggests that contemporary understandings of human experience must come from a fuller more open view of religious experience Mysticism and Sacred Scripture Steven T. Katz, 2000-11-02 This is the fourth volume in an influential series that presents a basic revaluation of the nature of mysticism Each provides a collection of solicited papers by noted experts in the study of religion This new volume will explore how the great mystics and mystical traditions use interpret and reconstruct the sacred scriptures of their traditions
