

Mysticism is the art of union with Reality.
The mystic is a person who has attained
that union in greater or less degree; or who
aims at and believes in such attainment.

The Mystical Journey to Divine Union John Paul Thomas, 2018-04-23 **Franciscan Mysticism** Dunstan John Dobbins, 1927 **Medieval Mystical Women in the West** John Arblaster, Rob Faesen, 2024-07-18 This book explores the rich and varied mystical writings by and about medieval and a few early modern women across Western Europe Women had a profound and lasting impact on the development of medieval and early modern spiritual and mystical literature both through their own writing and as a result of the hagiographical texts that they inspired Bringing together contributions by both established and emerging scholars the volume provides a valuable overview of medieval mystical women with a special focus on the Low Countries and Italy regions that produced a disproportionately high number of female mystics The figures discussed range from Hildegard of Bingen Hadewijch Mechthild of Magdeburg Marguerite Porete Angela of Foligno Julian of Norwich and Beatrice of Nazareth to lesser known women such as Agnes Blannbekin Christina of Hane and Maria Maddalena de Pazzi The chapters address topics such as the body pain desire ecstasy stigmata annihilation virtue visions the tension between exterior and interior experience and the nature of mystical union itself **Mystical Union** Stephen J. Bost, 2016-12-02 Wisdom was in abundance in the ancient societies of Greece and India but today it seems to be in short supply Why is that Where did wisdom go This book was written to help us rediscover that lost wisdom and to incorporate the concepts of the sages and the mystics into our lives The next parts are some of the new manuscripts I have included which talk about some of the differences between eastern and western religious thought and the ideas of the Islamic mystics in which their thoughts and ideas could help us all solve our problems with radical Islamic ideology **The Middle English Mystics** Wolfgang Riehle, 2019-06-26 Originally published as an English translation in 1981 The Middle English Mystics is a crucial contribution to the study of the literature of English mysticism This book surveys and analyses the language of metaphor in the writings of such mystics as Richard Rolle Walter Hilton Julian of Norwich and in such anonymous works as The Cloud of Unknowing and the Ancrene Wisse The main emphasis of this comparative and stylistic study is not theological but rather the means by which theological concepts are communicated through language The book sets the English mystics in perspective by establishing their place in the European mystical movement of the Middle Ages It shows how intricate the relationship between English and continental mysticism really is The book suggests that there is clear links between English and German female mysticism yet the mysticism is in the main due not so much to specific influences as to the common background of Christian theology and mysticism **Mystical Union in Judaism, Christianity, and Islam** Moshe

Idel, Bernard McGinn, 2016-10-06 Mystics who have spoken of their union with God have come under suspicion in all three major religious traditions sometimes to the point of condemnation and execution in the case of Christianity and Islam Nevertheless in all three religions the tradition of unio mystica is deep and long Many of the spiritual giants of these three faiths have seen the attainment of mystical union as the heart of their beliefs and practices Despite its importance mystical union has rarely been investigated in itself apart from the wider study of mysticism and even more rarely from the aspect of comparative studies especially those based upon broad and expert knowledge of the inner life of the three related monotheistic faiths This text brings together essays that equally explore the broader idea of unio mystica as well as the mystic traditions within each religion *The Journey of the Mind to God* Saint Bonaventure (Cardinal), 1993-01-01 The

Hackett edition of this classic of medieval philosophy and mysticism a plan of pilgrimage for the learned Franciscan wishing to reach the apex of the mystical experience combines the highly regarded Boehner translation with a new introduction by Stephen Brown focusing on St Francis as a model of the contemplative life the meaning of the Itinerarium its place in Bonaventure's mystical theology and the plan of the work Boehner's Latin Notes as well as Latin texts from other works of Bonaventure included in the Franciscan Institute Edition are rendered here in English making this the edition of choice for the beginning student **Desire in Dante and the Middle Ages** Manuele Gragnolati, 2017-07-05 This volume takes Dante's

rich and multifaceted discourse of desire from the Vita Nova to the Commedia as a point of departure in investigating medieval concepts of desire in all their multiplicity fragmentation and interrelation As well as offering several original contributions on this fundamental aspect of Dante's work it seeks to situate the Florentine more effectively within the broader spectrum of medieval culture and to establish greater intellectual exchange between Dante scholars and those from other disciplines The volume is also notable for its openness to diverse critical and methodological approaches In considering the extent to which modern theoretical paradigms can be used to shed light upon the Middle Ages it will interest those engaged with questions of critical theory as well as medieval culture **A manual of mystical theology** A. Devine,

Mystic, Rebel, Saint : José C. Nieto, 1979 Franciscan Studies , 1924 Issues for 1941-44 include the Report of the 23rd-26th annual meeting of the Franciscan Educational Conference **The Way of Divine Union** Arthur Edward

Waite, 1915 The Riddle of Christian Mystical Experience Paul Mommaers, 2003 A distinctive feature of mystical experience is that it is imageless Mystics of various traditions witness indeed to their going beyond all intermediaries so as to enjoy immediate union Understandably the idea of imageless immediacy is attractive and it is especially in vogue with those who hope to discover that different religious spiritualities converge if only the particularity of say the Christian way would be left behind However a crucial question arises here If mystical union consists in simply transcending what is part and parcel of the human condition where is its relevance Is the mystic as such in a position to be his or her human self thinking and loving enjoying and suffering Can he or she be active in the world of humankind Obviously it is especially in the Christian

tradition that this matter comes to the fore as a radical difficulty For here there is the divine Image and Mediator so much so that the Humanity of Jesus ought to be integral to a person s union with God Perhaps the Christian mystic is such an extraordinary figure that the Humanity and all other images and intermediaries are for him or her at best a stepping stone that is bound to disappear The Riddle of Christian Mystical Experience aims to clarify this issue by analyzing the writings of such visionaries as Julian of Norwich Teresa of Avila and Maria Petyt of the ecstasy minded masters Richard of Saint Victor Bernard of Clairvaux and Bonaventure describing Francis of Assisi s experience of the cream of the Flemish mystics namely Hadewijch and Jan van Ruusbroec Nevertheless the preference for the mystical text does not prevent the Riddle from drawing on the insights of modern philosophers such as Jean Paul Sartre and Jean Luc Marion when treating of images and idols or Michael Polanyi and Ludwig Wittgenstein when reflecting on intermediaries The main result of this procedure may come as a surprise Far from turning into a detached creature who forgets about the Humanity and the human the full fledged mystic is as a Flemish mystic puts it wholly in God where he rests in enjoyment and wholly in himself where he loves with works Experiencing union with intermediary and without intermediary the true Christian mystic is unimaged as well as imaged upon the humanity of our Lord through heartfelt affection *The Graces of Interior Prayer (Des Grâces D'oraison)* Augustin Poulain,1921 *The Graces of Interior Prayer* Augustin Poulain,1912 **“And They Shall Be One Flesh”: On The Language of Mystical Union in Judaism** Adam Afterman,2016-08-29 In And They Shall Be One Flesh On the Language of Mystical Union in Judaism Adam Afterman offers an extensive study of mystical union and embodiment in Judaism Afterman argues that Philo was the first to articulate the notion of unio mystica in Judaism and is the source of the hen sis mysticism in the later Neoplatonic tradition The study provides a detailed analysis of the Jewish medieval trends that developed different forms of mystical union and mystical embodiment through the divine name and spirit The book argues that the development of unitive mysticism in Judaism is the fruit of the creative synthesis of rabbinic Judaism and Hellenistic and Arab philosophy and a natural outcome of the theological articulation of the idea of monotheism itself **Pregnancy and Birth** Karen O'Donnell,2024-08-30 Pregnancy is a period of time that institutes great change in the lives of those who are pregnant Regardless of whether a pregnancy concludes with the birth of a live child or not there are experiences that are common for many people who are pregnant Yet as a site of theological reflection pregnancy is underrepresented This landmark book seeks to begin the conversation within theology about pregnancy the positive and negative experiences and the potential for pregnancy to be understood theologically Chapters consider a number of avenues in this exploration from early pregnancy loss to trauma in labour from adoption to the end of reproductive years at the onset of menopause Throughout this book seeks to understand the resources that theology brings to the experiences of pregnancy as well as the situations of oppression and underrepresentation that currently exist Allowing for intersections of race parenting childlessness and disability this book approaches pregnancy from different theological perspectives in order to complexify

the theological response and engagement as well as produce constructive resources for both the academy and the church Contributors include Chine McDonald Julie Gittoes Margaret Kamitsuka and Rachel Muers **Little Lessons from the Mystics** Bob Burnham, 2021-01-08 Little Lessons from the Mystics is catechist and spiritual director Bob Burnham's follow up to Little Lessons from the Saints In his new book Burnham provides brief stories from mystics' lives to help us make connections learn lessons and begin our own mystical practices Organized by the main mysteries of our faith the Incarnation the Paschal Mystery the People of God and the Most Holy Trinity this book offers an inviting perspective on mystics and mysticism that is refreshing new and helpful *City of Desires - a Place for God?* Reinder Ruard Ganzevoort, Rein Brouwer, Bonnie J. Miller-McLemore, 2013 Originating at the 2011 conference of the International Academy of Practical Theology in Amsterdam this volume explores the practical theological significance of desire Although desire is central to many issues in practical theology and related disciplines it is only rarely discussed under its own name Three introductory chapters locate desire in concrete practices in the city and discuss the phenomenology theology and ethics of desire Subsequent sections are organized around embodying desire culturing desire and transforming desire The chapters include various kinds of desire such as sexuality consumerism and spirituality Perspectives from different contexts and religious traditions are offered in this rich and thought provoking book Series International Practical Theology Vol 16
