main parts namely practices and stages and the proper use of comparative methodology enables a deeper understanding of each juxtaposed system Eckhart's speculative mysticism which differs from and enjoys similarities with the love based mysticism of Rumi provides a mirror that highlights the special features of Rumi's practical mysticism Such comparison also allows a deeper comprehension of Eckhart's practical thought Offering a critical examination of practical mysticism this book is a valuable resource for students and scholars of Islamic studies comparative mysticism and the intellectual history of Islam

*The Mystics of Islam* A. Reynold Nicholson, 2007-10-09 Healing is the strongest manifestation of the Divine People can read about holiness and God but unless they see and experience Healing first hand what they know might remain a conversation Healing has a way of transmuting some cursery knowledge about the occult to a personal experience as if it was part of the believer This was my impetus of publishing some of the writings of Quimby who was by all accounts a Master Healer Reading his words hopefully will allow the reader a glimpse into the mysteries of the healing power of Faith and The Divine
