Mysticisms Quest For God:

The Quest for God William Switala, 2020-11-10 The Quest for God is a study of the explosion of interest in newer approaches to spirituality that took place in the west among Christians Jew and Muslims in the twelfth century The book explores the historic internal and external forces that influenced members of the three major faith groups who were looking for new ways to approach their personal relationship with God It contains a detailed explanation of the new attitudes and religious practices that emerged among the three groups during that century This includes special emphasis placed on the mysticism of Christian monks and nuns the Kabbalah of the Jews and the tenets of Sufism in Islam It also paints a clear picture of the role played by the leading figures both male and female who pioneered this effort A unique feature of the book is the linkage of similar imagery biblical references mystical attitudes and actual religious practices utilized by all three faith systems to achieve a newer more mystical approach to spirituality The fundamental development of spiritual approaches initiated by these three faiths laid the foundation for many of the spiritual practices we have today Each of the three faiths is covered in a separate section Preceding the discussion of the spiritual elements of each is a chapter dealing with the historical setting in which that faith operated A final chapter summarizes the entire work and shows the common characteristics that each group had and links them together *The Big Book of Christian Mysticism* Carl

Mysticism Michael York, 2018-12-10 As a non dogmatic religion paganism is a spirituality that is variously interpreted in terms of nature worship this worldliness the valuing of the physical and multiple understandings of the sacred Like most religions pagan spirituality also entertains the experience of mystical ecstasy as an intense state of psycho spiritual consciousness that radically diverges from ordinary waking awareness This volume addresses two fundamental questions namely how do the world's religions understand the mystical and its pursuit and how and why does paganism offer something different Proverbially the mystical quest is an ultimate human endeavour The re emergence of pagan thought in contemporary times challenges the obsolete and unlocks both innovation and available forms of transpersonal emancipation **Book 14**

Mysticism HC Kurt Jurgensmeier, 2012-08-22 Does God speak to us apart from Scripture The belief that God provides us with extra biblical revelation for extra biblical decision making what we term as mega mysticism is incredibly popular Hence there are a multitude of books explaining how to hear from God Once again we go to Scripture to answer vital questions regarding how God communicates with us today and come to the following conclusions The idea that God grants extra biblical amoral revelation directly to our minds is not supported in Scripture God does not have a private personal will for our lives that we must discern outside of Scripture The translation of paraklete in the Gospel of John as Counselor is incorrect The wisdom we are to ask for in James 1 is entirely moral in nature as described in James 3 It does not include answers to all the questions that mega mystics claim God wants to answer Mega mysticism is leading many Christians astray in dangerous ways *Dialectics and the Sublime in Underhill's Mysticism* Peter Chong-Beng Gan, 2015-04-29 This book represents a study of Evelyn Underhill's premier work on mysticism using Hegel's dialectics and Kant's theory of the sublime as interpretive tools It especially focuses on two prominent features of Underhill's text the description of the mystical life as one permeated by an intense love between the mystic and infinite reality and the detailed delineation of stages of mystical development Given these two features the text lends itself to a construction of a valuable discourse predicated on dialecticism sublimity

and mysticism The book also articulates a number of insights into the content and nature of the writings of Christian mystics
