

The background is a classical religious painting. In the upper left, a muscular, bearded man with long hair, possibly Jesus, is shown from the waist up, wearing a red robe draped over his left shoulder. He has a halo and is looking down towards the right. In the center-right, a woman in a dark blue or black veil and a light-colored habit is kneeling, looking up at the man in red. In the foreground, there are several other figures: a child's head is visible on the left, looking up; a man with dark, curly hair is in the center foreground, looking up; and another figure is partially visible on the right. The overall style is Baroque or Rococo, with dramatic lighting and emotional intensity.

THE MYSTICS *of* SPAIN

E. ALLISON PEERS

Mystics Of Spain

Edgar Allison Peers

Mystics Of Spain:

The Mystics of Spain E. Allison Peers, 2021-11-29 Originally published in 1951 this volume gives a general survey of the Golden Age of Spanish mysticism following this with translations of extracts from 15 leading authors in this field The selections from each author are preceded by details of editions and studies thereby making this not only an authoritative study on the treasures of Spanish mysticism but also a valuable anthology and starting point for further reading **The Mystics of Spain** Edgar Allison Peers, 1951 [The Mystics of Spain](#) E Allison (Edgar Allison) 18 Peers, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Studies of the Spanish Mystics** Edgar Allison Peers, 1927 **Spanish Mysticism** Cristobal Serran-Pagan y Fuentes, 2021-10-21 As the Guest Editor for the special volume on Spanish Mysticism my experience working with experts in this field has been excellent and very rewarding especially in these current times where we are dealing with COVID 19 I am very grateful to have served as the Guest Editor and to have contributed with an article on St John of the Cross It has been a great privilege to exchange ideas with scholars from all over the world Until just recently scholars in theology or religious studies often only associated Spanish mysticism with the great Christian mystics from St Ignatius of Loyola to St Teresa of Avila to St John of the Cross In the pluralistic and global world in which we live today we must try our best to expand our knowledge and make the connections that existed in medieval and modern times among the three major mystical traditions in the West The long history of conflicts tensions wars and yes religious coexistence is an integral part in the study of Spanish mysticism that has to be reckoned with Spanish mysticism has become a field of study in itself due to the rich history of kabbalistic Christian and Sufi mystics born in the Iberian Peninsula from Moses de Leon to Abraham Abulafia Ignatius of Loyola to Teresa of Avila and John of the Cross and Ibn Arabi of Ronda to Ibn al Arabi The three monotheistic religions in the West left us a major cultural spiritual and religious legacy in the so called period of convivencia or coexistence in medieval and modern Spain In total nine articles were published electronically in this special volume of Religions The authors were scholars from the United States Dombrowski Serran-Pagan Carrión Spain Lopez Anguita Alonso Beneito Puerto Rico Lopez Baralt Israel Bar Asher and Germany Dal Bo I am very proud of the quality of their research and their major contributions to this volume I believe this field of Spanish mysticism will open up even more avenues and opportunities after people read these articles covering Jewish

Christian and Islamic mysticism in the context of the Iberian Peninsula The primary scope of the articles collected here in this special volume serves the purpose of contextualizing Spanish mystical writings in their historical times and to examine how their legacy in the Iberian soil continues to evolve over time The purpose of this volume is to bring together the different elds of knowledge from religious studies theology philosophy history comparative literature philology psychology sociology and the arts to address the main question Do Spanish mystics borrow symbols and narratives from the mystical traditions of Judaism Christianity and Islam This special topic on Spanish mysticism has attracted scholars from different disciplines to study the great Spanish mystics The overall focus of this issue is to trace the mutual influences found in Jewish Christian and Muslim mystics and to examine their spiritual legacies in greater depth The aim of this volume is to expand on the existing currently available literature and to bring together the disjoint pieces of the puzzle so we can better and more holistically understand the rich legacy of the Spanish mystics and the extent to which their mystical thoughts are intertwined in the long history of Spanish mystical literature To those of you interested in Jewish mysticism in the context of past interactions with either Muslims or Christians I cordially invite you to read *Heresy and Mysticism in Sixteenth-century Spain* Alastair Hamilton,1992 The first full scale study of an often discussed but little understood heresy the Alumbrados or Illuminated Ones whose heterodox and sometimes extreme practices of mysticism and piety resulted in their suppression by the Spanish Inquisition **Between Exaltation and Infamy** Stephen Haliczer,2002-08-29 One day in 1599 in the Spanish village of Saria seven year old Maria Angela Astorch fell ill and died after gorging herself on unripened almonds Maria s sister Isabel a nun came to view the body with her mother superior an ecstatic mystic and visionary named Maria Angela Serafina Overcome by the sight of the dead girl s innocent face Serafina began to pray fervently for the return of the child s soul to her body Entering a trance she had a vision in which the Virgin Mary gave her a sign At once little Maria Angela started to show signs of life A moment later she scrambled to the ground and was soon restored to perfect health During the Counter Reformation the Church was confronted by an extraordinary upsurge of feminine religious enthusiasm like that of Serafina Inspired by new translations of the lives of the saints devout women all over Catholic Europe sought to imitate these athletes of Christ through extremes of self abnegation physical mortification and devotion As in the Middle Ages such women s piety often took the form of ecstatic visions revelations voices and stigmata Stephen Haliczer offers a comprehensive portrait of women s mysticism in Golden Age Spain where this enthusiasm was nearly a mass movement The Church s response he shows was welcoming but wary and the Inquisition took on the task of winnowing out frauds and imposters Haliczer draws on fifteen cases brought by the Inquisition against women accused of feigned sanctity and on more than two dozen biographies and autobiographies The key to acceptance he finds lay in the orthodoxy of the woman s visions and revelations He concludes that mysticism offered women a way to transcend though not to disrupt the control of the male dominated Church

Spanish Mystics Marguerite Tollemache,1886 *Introduction to the Medieval Mystics of Europe* Paul E.

Szarmach,1984-01-01 The European Middle Ages bequeathed to the world a legacy of spiritual and intellectual brilliance that has shaped many of the ideals preconceptions and institutions we now take for granted An Introduction to the Medieval Mystics of Europe examines this phenomenon in vivid and scholarly accounts of the lives and achievements of those men and women whose genius most inspired their own and subsequent ages These great mystics explored and consciously realized the relationship between human life and unconditioned transcendence Representing both the contemplative and scholastic traditions the mystics in these studies often found their solutions to ultimate questions in radically different ways Some of them such as Eckhart Aquinas and Cusa may already be familiar and here the reader will benefit from a new approach and summary of extensive research Others such as Smaragdus and several of the women mystics are little known even to specialists Finally and unusually for a study of European mysticism the influence of Spanish Kabbalists is discussed in relation to the Zohar and two figures from the mystical school of Safed Cordovero and Luria Though the essays focus on individuals the cultural and social implications of their lives and work are never ignored for the mystic way did not exist separately from the rest of medieval life it functioned as an integral part of the whole influencing the development of Christian and Jewish religions in both their internal and external forms

The Wisdom of the Spanish Mystics Stephen

Clissold,1977-01-01 *Spanish Mysticism* Edgar Allison Peers,1924 *Studies of the Spanish Mystics* Edgar Allison Peers,1951 Spain and Its Literature Ann L. Mackenzie,1997-01-01 Besides an Introduction Bibliography and Centenary Reappraisal eighteen original articles by respected Hispanists from Britain Spain and the United States have been collected in this homage volume A high proportion of articles reflect Peers major interests in mysticism and the Romantic Movement Part I From the Middle Ages to the Siglo de Oro includes essays that deal with Francisco de Osuna s higher memory the Dark Night of San Juan de la Cruz Judaeo Islamic traditions in Luis de Le n and Miguel de Molinos Spiritual Guide Part II From the Dawn of Romanticism to the Twentieth Century contains articles concerned with writers works or themes as S nchez Colecci n and Percy s Reliques Rivas and tragedy El moro exp sito Gustavo Adolfo B cquer Victor Hugo and La Nonne sanglante An article dealing comparatively with Goytisolo and Zorrilla which provides A Missing Link in the Dis affiliation of a Post Romantic Expatriate in Revolt aptly concludes the volume

Women, Mysticism, and Hysteria in Fin-de-Si ècle Spain

Jennifer Smith,2021-06-15 *Women Mysticism and Hysteria in Fin de Si cle Spain* argues that the reinterpretation of female mysticism as hysteria and nymphomania in late nineteenth and early twentieth century Spain was part of a larger project to suppress the growing female emancipation movement by sexualizing the female subject This archival historical work highlights the phenomenon in medical social and literary texts of the time illustrating that despite many liberals hostility toward the Church secular doctors and intellectuals employed strikingly similar paradigms to those through which the early modern Spanish Church castigated female mysticism as demonic possession Author Jennifer Smith also directs modern historians to the writings of Emilia Pardo Baz n 1851 1921 as a thinker whose work points out mysticism s subversive

potential in terms of the patriarchal order Pardo Baz n unlike her male counterparts rejected the hysteria diagnosis and promoted mysticism as a path for women s personal development and self realization Spanish mystics, a sequel to 'Many voices' by the same writer Marguerite Tollemache,1886 *Christian Mysticism* William Ralph Inge,2019-11-29 In William Ralph Inge s *Christian Mysticism* the author delves into the profound exploration of mystical experiences within the Christian tradition Inge s writing style is both illuminating and philosophical seamlessly blending theological knowledge with personal reflections on the nature of spirituality Drawing on the works of mystics such as Meister Eckhart and Teresa of Avila Inge provides a comprehensive examination of the historical and theological context of Christian mysticism offering readers a deeper understanding of the mystical dimensions of faith William Ralph Inge a renowned Anglican priest and scholar brings his expertise in theology and philosophy to *Christian Mysticism* As a leading authority in religious studies Inge s background in academia and spiritual practice uniquely positions him to shed light on the complexities of Christian mysticism For readers interested in delving into the contemplative and transcendent aspects of Christian spirituality *Christian Mysticism* by William Ralph Inge is a must read This insightful and thought provoking book offers a scholarly yet accessible exploration of the mystical traditions that have shaped the Christian faith for centuries **Studies of the Spanish Mystics** E. Allison Peers,2003-01-01 **The Spanish Mystics: Ecstasy and Communion with Peter Tyler** Peter Tyler,Wise Studies,2020-03-28 In these four talks Peter Tyler explores the factors that contributed to the rise of mystical writing in 16th Century Spain He traces the particular history of the Peninsula that shaped the milieu within which mysticism flourished at this time One of the most popular and approachable Christian saints of all time St Teresa of Avila 1515 1582 is justly celebrated as one of the key writers in the Christian mystical tradition Yet her popularity belies the struggles she had to overcome in her own lifetime to have her mystical approaches accepted by the wider church Peter looks at how her life and struggles influenced her mystical teaching especially as found in *The Book of the Life* and *The Interior Castle* Peter explores the author of the *Dark Night of the Soul* St John of the Cross s 1542 1591 His teachings on the spiritual life are remarkably light and beautiful Peter places John s life and teaching within the context of 16th Century Spain and explores questions such as How can God be known in this life and How far does knowledge of God lead to annihilation of the individual personality **The Mystic Soul of Spain** David Rubio,1946 *Studies of the Spanish Mystics* Edgar Allison Peers,1960
