Myth Cosmos Readings In Mythology Sy:

The Myth of Sisyphus Elliott M. Simon, 2007 The myth of Sisyphus symbolizes the archetypal process of becoming without the consolation of absolute achievement It is both a poignant reflection of the human condition and a prominent framing text for classical medieval and renaissance theories of human perfectibility In this unique reading of the myth through classical philosophies pagan and Christian religious doctrines and medieval and renaissance literature we see Sisyphus the most cunning of human beings attempting to transcend his imperfections empowered by his imagination to renew his faith in the infinite potentialities of human excellence BOOK JACKET **Adult Catalog: Title** Los Angeles County Public Library, 1970

Literary Pairs in Comparative Readings across National and Cultural Divides Yarmila Nikolova Daskalova, 2019-01-10 This collection of essays focuses on works by prominent poets and writers of the 19th and 20th centuries with a particular focus on post Romantics and modernists These authors belong to essentially different socio historical linguistic cultural and geopolitical contexts and the studies examine some of their emblematic texts from a comparative critical perspective Edgar Allan Poe and Charles Baudelaire William Butler Yeats and Percy Bysshe Shelley Emily Dickinson and Marina Tsvetaeva are some of the paired authors who due to the originality of their thought and work have come to be considered amongst the most significant literary figures of their contemporary world The volume offers an original and insightful reading of the literary text as a powerful means of both representing and shaping the inherent dialogism of different cultures As such it transcends in an imaginative way the national racial and cultural boundaries of human existence **Dictionary Catalog** Schomburg Collection of Negro Literature and History, 1962 **Paperbound Books in Print** , 1983 **The Publishers' Trade List Annual** , 1968 **Encyclopedia of Time** H.
