HUMAN RACES

Second Edition

Alain F. Corcos

Myth Of Human Races

Ian Tattersall, Rob DeSalle

Myth Of Human Races:

The Myth of Human Races Alain F. Corcos, 2016-08-15 The idea that human races exist is a socially constructed myth that has no grounding in science Regardless of skin hair or eye color stature or physiognomy we are all of one race Nonetheless scientists social scientists and pseudoscientists have for three centuries tried vainly to prove that distinctive and separate races of humanity exist These protagonists of race theory have based their flawed research on one or more of five specious assumptions humanity can be classified into groups using identifiable physical characteristics human characteristics are transmitted through the blood distinct human physical characteristics are inherited together physical features can be linked to human behavior human groups or races are by their very nature unequal and therefore they can be ranked in order of intellectual moral and cultural superiority The Myth of Human Races systematically dispels these fallacies and unravels the web of flawed research that has been woven to demonstrate the superiority of one group of people over another The Myth of Race Robert Wald Sussman, 2014-10-06 Although eugenics is now widely discredited some groups and individuals claim a new scientific basis for old racist assumptions Pondering the continuing influence of racist research and thought despite all evidence to the contrary Robert Sussman explains why when it comes to race too many people still mistake bigotry for science Race? Ian Tattersall, Rob DeSalle, 2011-09-01 Race has provided the rationale and excuse for some of the worst atrocities in human history Yet according to many biologists physical anthropologists and geneticists there is no valid scientific justification for the concept of race To be more precise although there is clearly some physical basis for the variations that underlie perceptions of race clear boundaries among races remain highly elusive from a purely biological standpoint Differences among human populations that people intuitively view as racial are not only superficial but are also of astonishingly recent origin In this intriguing and highly accessible book physical anthropologist Ian Tattersall and geneticist Rob DeSalle both senior scholars from the American Museum of Natural History explain what human races actually are and are not and place them within the wider perspective of natural diversity They explain that the relative isolation of local populations of the newly evolved human species during the last Ice Age when Homo sapiens was spreading across the world from an African point of origin has now begun to reverse itself as differentiated human populations come back into contact and interbreed Indeed the authors suggest that all of the variety seen outside of Africa seems to have both accumulated and started reintegrating within only the last 50 000 or 60 000 years the blink of an eye from an evolutionary perspective The overarching message of *Race Debunking a Scientific Myth* is that scientifically speaking there is nothing special about racial variation within the human species These distinctions result from the working of entirely mundane evolutionary processes such as those encountered in other organisms **The Mythology of All Races ...** Louis Herbert Gray, George Foot Moore, John Arnott MacCulloch, 1917 *The Mythology of All Races* Louis Herbert Gray, George Foot Moore, John Arnott MacCulloch, 1964 *The Mythology of all Races* Hartley Burr Alexander, Ph.D., 1920 Three Biological Myths: Race,

Ancestry, Ethnicity Alain F. Corcos, 2018-02-16 By the end of the twentieth century biologists and anthropologists concluded that there are no human races In Three Biological Myths Race Ancestry Ethnicity Professor Alain F Corcos raises the question What about ethnicity Is it also a biological myth He also asks a very important question in a time when people are busy looking for their roots What did your ancestors transmit to you The answers may surprise you Human diversity occupies much of the talk these days but few know about the biological process meiosis responsible for that extreme diversity In Three Biological Myths Race Ancestry Ethnicity Corcos explains the process by which our extreme diversity occurs **The Mythology of All Races ...** ,1918 The Equality of the Human Races Joseph-Ant  nor Firmin, 2002 Rediscovering an early scientific challenge to racism This is the first paperback edition of the only English language translation of the Haitian scholar Ant nor Firmin s *The Equality of the Human Races* a foundational text in critical anthropology first published in 1885 when anthropology was just emerging as a specialized field of study Marginalized for its radical position that the human races were equal Firmin s lucid and persuasive treatise was decades ahead of its time Arguing that the equality of the races could be demonstrated through a positivist scientific approach Firmin challenged racist writings and the dominant views of the day Translated by Asselin Charles and framed by Carolyn Fluehr Lobban s substantial introduction this rediscovered text is an important contribution to contemporary scholarship in anthropology pan African studies and colonial and postcolonial studies The Mythology of All Races: North American, by H. B. Alexander. 1916 Louis Herbert Gray, George Foot Moore, John Arnott MacCulloch, 1916 *The Forging of Races* Colin Kidd, 2006-09-07 This book revolutionises our understanding of race Building upon the insight that races are products of culture rather than biology Colin Kidd demonstrates that the Bible the key text in Western culture has left a vivid imprint on modern racial theories and prejudices Fixing his attention on the changing relationship between race and theology in the Protestant Atlantic world between 1600 and 2000 Kidd shows that while the Bible itself is colour blind its interpreters have imported racial significance into the scriptures Kidd s study probes the theological anxieties which lurked behind the confident facade of of white racial supremacy in the age of empire and race slavery as well as the ways in which racialist ideas left their mark upon new forms of religiosity This is essential reading for anyone interested in the histories of race or religion **Race and Racism in Theory and Practice** Berel Lang, 2000 This collection of original essays by scholars from a diverse range of fields examines issues of race in a variety of historical and geographical settings ranging from classical Greece to the contemporary Americas Europe and Asia The authors provide an important perspective on race both in its theoretical origins and in its actual appearances while paying close attention to the ways in which the study of race itself has been carried on or ignored by various disciplines *Man's Most Dangerous Myth: The Fallacy of Race* Ashley Montagu, 2011-11-29 DR ASHLEY MONTAGU S book possesses two great merits rarely found in current discussions of human problems Where most writers over simplify he insists on the principle of multiple and interlocking causation And where most assume that facts will speak

for themselves he makes it clear that facts are mere ventriloquists dummies and can be made to justify any course of action that appeals to the socially conditioned passions of the individuals concerned These two truths are sufficiently obvious but they are seldom recognized for the good reason that they are very depressing To recognize the first truth is to recognize the fact that there are no panaceas and that therefore most of the golden promises made by political reformers and revolutionaries are illusory And to recognize the truth that facts do not speak for themselves but only as man's socially conditioned passions dictate is to recognize that our current educational processes can do very little to ameliorate the state of the world In the language of traditional theology so much more realistic in many respects than the liberal philosophies which replaced it most ignorance is voluntary and depends upon acts of the conscious or subconscious will Thus the fallacies underlying the propaganda of racial hatred are not recognized because as Dr Montagu points out most people have a desire to act aggressively and the members of other ethnic groups are convenient victims whom one may attack with a good conscience This desire to act aggressively has its origins in the largely unavoidable frustrations imposed upon the individual by the processes of early education and later adjustments to the social environment Dr Montagu might have added that aggressiveness pays a higher dividend in emotional satisfaction than does cooperation Cooperation may produce a mild emotional glow but the indulgence of aggressiveness can be the equivalent of a drinking bout or sexual orgy In our industrial societies the goodness of life is measured in terms of the number and intensity of the excitements experienced Popular philosophy is moulded by and finds expression in the advertising pages of popular magazines Significantly enough the word that occurs more frequently in those pages than any other is thrill Like sex and alcohol aggressiveness can give enormous thrills Under existing social conditions it is therefore easy to represent aggressiveness as good Concerning the remedies for the social diseases he has so penetratingly diagnosed Dr Montagu says very little except that they will have to consist in some process of education But what process It is to be hoped that he will answer this question at length in another work

ALDOUS HUXLEY Man's Most Dangerous Myth Ashley Montagu, 2001-04-19 Man's Most Dangerous Myth was first published in 1942 when Nazism flourished when African Americans sat at the back of the bus and when race was considered the determinant of people's character and intelligence It presented a revolutionary theory for its time breaking the link between genetics and culture it argued that race is largely a social construction and not constitutive of significant biological differences between people In the ensuing 55 years as Ashley Montagu's radical hypothesis became accepted knowledge succeeding editions of his book traced the changes in our conceptions of race and race relations over the 20th century Now over 50 years later Man's Most Dangerous Myth is back in print fully revised by the original author Montagu is internationally renowned for his work on race as well as for such influential books as The Natural Superiority of Women Touching and The Elephant Man This new edition contains Montagu's most complete explication of his theory and a thorough updating of previous editions The Sixth Edition takes on the issues of the Bell Curve IQ testing ethnic cleansing and other

current race relations topics as well as contemporary restatements of topics previously addressed A bibliography of almost 3 000 published items on race compiled over a lifetime of work is of enormous research value Also available is an abridged student edition containing the essence of Montagu s argument its policy implications and his thoughts on contemporary race issues for use in classrooms Ahead of its time in 1942 Montagu s arguments still contribute essential and salient perspectives as we face the issue of race in the 1990s Man s Most Dangerous Myth is the seminal work of one of the 20th century s leading intellectuals essential reading for all scholars and students of race relations

Imagining Black America Michael Wayne,2014-02-25 DIVScientific research has now established that race should be understood as a social construct not a true biological division of humanity In Imagining Black America Michael Wayne explores the construction and reconstruction of black America from the arrival of the first Africans in Jamestown in 1619 to Barack Obama s reelection Races have to be imagined into existence and constantly reimagined as circumstances change Wayne argues and as a consequence the boundaries of black America have historically been contested terrain He discusses the emergence in the nineteenth century and the erosion during the past two decades of the notorious one drop rule He shows how significant periods of social transformation emancipation the Great Migration the rise of the urban ghetto and the Civil Rights Movement raised major questions for black Americans about the defining characteristics of their racial community And he explores how factors such as class age and gender have influenced perceptions of what it means to be black Wayne also considers how slavery and its legacy have defined freedom in the United States Black Americans he argues because of their deep commitment to the promise of freedom and the ideals articulated by the Founding Fathers became and remain quintessential Americans the incarnation of America in the words of the civil rights leader A Philip Randolph div

Rise Up! Crystal Marie Fleming,2021-10-19 This urgent book explores the roots of racism and its legacy in modern day all while empowering young people with actionable ways they can help foster a better world and become antiracists Why are white supremacists still openly marching in the United States Why are undocumented children of color separated from their families and housed in cages Where did racism come from Why hasn t it already disappeared And what can young people do about it Rise Up breaks down the origins of racial injustice and its continued impact today connecting dots between the past and present By including contemporary examples ripped from headlines and actionable ways young people can help create a more inclusive world sociologist Crystal Marie Fleming shares the knowledge and values that unite all antiracists compassion solidarity respect and courage in the face of adversity Perfect for fans of Stamped Remix This Book is Antiracist Uncomfortable Conversations with a Black Boy and The Black Friend Praise for Rise Up A Kirkus Reviews Best Book of 2021 A School Library Journal Best Book of 2021 A Booklist Editors Choice Winner for 2021 A clear and damning appraisal of the United States long standing relationship with White supremacy with actionable advice for readers to do better Kirkus Reviews starred review A standout sure to inspire young people to act Booklist starred review Rise Up is the invigorating thought

provoking eye opening and essential book about fighting white supremacy that I wish I had when I was a teen Crystal M Fleming writes about tough subjects with authority and compassion and inspires with a roadmap for how we can change the world for the better Malinda Lo author of Last Night at the Telegraph Club *Race, Philosophy, and Film* Mary K. Bloodsworth-Lugo, Dan Flory, 2013-04-12 This collection fills a gap in the current literature in philosophy and film by focusing on the question How would thinking in philosophy and film be transformed if race were formally incorporated moved from its margins to the center The collection s contributors anchor their discussions of race through considerations of specific films and television series which serve as illustrative examples from which the essays theorizations are drawn Inclusive and current in its selection of films and genres the collection incorporates dramas comedies horror and science fiction films among other genres into its discussions as well as recent and popular titles of interest such as Twilight Avatar Machete True Blood and The Matrix and The Help The essays compel readers to think more deeply about the films they have seen and their experiences of these narratives **Hesiod's Cosmos** Jenny Strauss Clay, 2003-10-30 Hesiod s Cosmos offers a comprehensive interpretation of both the Theogony and the Works and Days and demonstrates how the two Hesiodic poems must be read together as two halves of an integrated whole embracing both the divine and the human cosmos After first offering a survey of the structure of both poems Professor Clay reveals their mutually illuminating unity by offering detailed analyses of their respective poems their teachings on the origins of the human race and the two versions of the Prometheus myth She then examines the role of human beings in the Theogony and the role of the gods in the Works and Days as well as the position of the hybrid figures of monsters and heroes within the Hesiodic cosmos and in relation to the Hesiodic Catalogue of Women Myth, Ritual and Religion: Contents -- Gods of the lowest races -- American divine myths -- Mexican divine myths -- The mythology of Egypt -- Gods of the Aryans of India -- Greek divine myths -- Heroic and romantic myths Andrew Lang, 1887 Homeland Mythology Christopher Collins, 2015-09-10 Since 9 11 America has presented itself to the world as a Christianist culture no less antimodern and nostalgic for an idealized past than its Islamist foes The master narrative both sides share might sound like this Once upon a time the values of the righteous community coincided with those of the state Home and land were harmoniously united under God But through intellectual pride read science and disobedience read human rights this God blessed homeland was lost and is now worth every drop of blood it takes ours and others to recover For Americans the prime source for this once and future kingdom myth is the Bible with its many narratives of blessings gained lost and regained the garden of Eden the covenant with Abraham the bondage in Egypt the exodus under Moses the glory of David and Solomon s realm the coming of the promised Messiah his crucifixion resurrection and ascension into heaven his apocalyptic return at the end of history and his establishment of the earthly kingdom of God As Homeland Mythology shows these biblical narratives have over time inspired a multitude of nationalist narratives myths ingeniously spun out to justify a number of decidedly unchristian policies and institutions from Indian genocide the slave trade and the

exploitation of immigrant workers to Manifest Destiny imperial expansionism and most recently preemptive war On March 25 2001 George W Bush shared a bit of political wisdom You can fool some of the people all of the time and those are the ones you have to concentrate on The cynical use of religion to cloak criminal behavior is always worth exposing but why our leaders lie to us is no longer a mystery What does remain mysterious is why so many of us are disposed to believe their lies The unexamined issue that this book addresses is therefore not the mendacity of the few but the credulity of the many

Myth Of Human Races Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Myth Of Human Races free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Myth Of Human Races free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Myth Of Human Races free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Myth Of Human Races. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious

and verify the legality of the source before downloading Myth Of Human Races any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Myth Of Human Races Books

1. Where can I buy Myth Of Human Races books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Myth Of Human Races book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
