Myth Of Primitivism:

The Myth of Primitivism Susan Hiller, 2016-03-30 This book explores the fusion of myth history and geography which leads to ideas of primitivism and looks at their construction interpretation and consumption in Western culture Contextualized by Susan Hiller's introductions to each section discussions range from the origins of cultural colonialism to eurocentric ideas of primitive societies including the use of primitive culture in constructing national identities and the appropriation of primitivist imagery in modernist art The result is a controversial critique of art theory practice and politics and a major enquiry into the history of primitivism and its implications for contemporary culture **The Myth of**

Primitivism Susan Hiller, 2001 *The IQ Mythology* Elaine Mensh, Harry Mensh, 1991-04-20 Ever since Alfred Binet carried out a 1904 commission from France's minister of public instruction to devise a means for deciding which pupils should be sent to what would now be called special education classes IQ scores have been used to label and track children Those same scores have been cited as proof that different races classes and genders are of superior and inferior intelligence The Menshes make clear that from the beginning IQ tests have been fundamentally biased Offered as a means for seeking solutions to social problems the actual measurements have been used to maintain the status quo Often the most telling comments are from the test makers themselves whether Binet little girls weak in orthography are strong in sewing and capable in the instruction concerning housekeeping and all things considered this is more important for their future or Wigdor and Garner naive use of intelligence tests to place children of linguistic or racial minority status in special education programs will not be defensible in court Among the disturbing facts that the authors share is that there is mounting political pressure for more tests and testing despite a court trial in which the judge stated that defendants expert witnesses even those clearly affiliated with the companies that devise and distribute the standardized intelligence tests agreed with one exception that we cannot truly define much less measure intelligence The testing firms have responded to this carefully orchestrated need with new products that extend even to the IQ testing of three month old infants The authors stress that if the testers prevail there is little doubt that these and similar tests would be used ad infinitum to justify superior and inferior education along class and racial lines **Surrealism, Cinema, and the Search for a New Myth** Kristoffer

Noheden, 2017-06-28 This book examines post war surrealist cinema in relation to surrealism's change in direction towards myth and magic following World War II Intermedial and interdisciplinary the book unites cinema studies with art history and the study of Western esotericism closely engaging with a wide range of primary sources including surrealist journals art exhibitions and writings Kristoffer Noheden looks to the Danish surrealist artist Wilhelm Freddie's forays into the experimental short film the French poet Benjamin Perret's contribution to the documentary film *L'Invention du monde* the Argentinean born filmmaker Nelly Kaplan's feature films and the Czech animator Jan Svankmajer's work in short and feature films The book traces a continuous engagement with myth and magic throughout these films uncovering a previously

unknown strain of occult imagery in surrealist cinema It broadens the scope of the study of not only surrealist cinema but of surrealism across the art forms Surrealism Cinema and the Search for a New Myth will appeal to film scholars art historians and those interested in the impact of occultism on modern culture film and the arts The Arts, Community and Cultural Democracy NA NA,2016-04-30 This interdisciplinary and international collection explores the role of the arts in shaping contemporary religion and politics The authors ask about the future of viable communities and democratic cultures in a postmodern world looking for clues in artistic practices and institutions and their impact on how people create history and interpret texts The collection shows that the arts are central to struggles over the shape of society in the new millennium

Hunting the Collectors Susan Cochrane, Max Quanchi, 2014-11-10 This volume investigates Pacific collections held in Australian museums art galleries and archives and the diverse group of 19th and 20th century collectors responsible for their acquisition The nineteen essays reveal varied personal and institutional motivations that eventually led to the conservation preservation and exhibition in Australia of a remarkable archive of Pacific Island material objects art and crafts photographs and documents Hunting the Collectors benchmarks the importance of Pacific Collections in Australia and is a timely contribution to the worldwide renaissance of interest in Oceanic arts and cultures The essays suggest that the custodial role is not fixed and immutable but fluctuates with the perceived importance of the collection which in turn fluctuates with the level of national interest in the Pacific neighbourhood This cyclical rise and fall of Australian interest in the Pacific Islands means many of the valuable early collections in state and later national repositories and institutions have been rarely exhibited or published But as the authors note enthusiastic museum anthropologists curators collection managers and university based scholars across Australia and worldwide have persisted with research on material collected in the Pacific This volume is a very important one for anyone studying the art and material culture of the Pacific It focuses on collections now in Australia Even those well versed in museum collections from the Pacific will learn about many important but little known collectors as well as better known figures like the anthropologists F E Williams and Thomas Farrell the husband of Queen Emma This will be a treat for students and specialist alike Professor Robert L Welsch University of Dartmouth

Savage Horrors Corinna Lenhardt, 2020-04-02 The American Gothic novel has been deeply shaped by issues of race and raciality from its origins in British Romanticism to the American Gothic novel in the twenty first century Savage Horrors delineates an intrinsic raciality that is discursively sedimented in the Gothic s uniquely binary structure Corinna Lenhardt uncovers the destructive and lasting impact of the Gothic s anti Black racism on the cultural discourses in the United States At the same time Savage Horrors traces the unflinching Black resistance back to the Gothic s intrinsic raciality The African American Gothic however does not originate there but in the Black Atlantic roughly a decade before the first Gothic novel was ever written on American soil

Challenging Racism in the Arts Carol Tator, Frances Henry, Winston Mattis, 1998-01-01 Contending that cultural production gives voice to racism the authors anthropologists Carol Tator and Frances Henry and attorney Winston Mattis here examine how six controversial Canadian cultural events have given rise to a newly empowered radical or critical multiculturalism
