Original Christianity Peter Novak,2005-09-29 Offers more information about the first century world of early Christians asking Could Christ s original teachings have truly been lost Foreword Reviews Whoever finds the interpretation of these sayings will not experience death from the Gospel of Thomas The work of scholars such as Elaine Pagels and Marvin Meyer have captured the imagination of the public by setting forth the Gospel of Thomas and other lost teachings of Jesus Now Peter Novak in Original Christianity brings forth a critical element essential for fully understanding these scriptures Novak argues that the authors of these early texts subscribed to the Binary Soul Doctrine an ancient belief system that allows for both reincarnation and an eternal afterlife Novak s interdisciplinary approach offers fresh insights on the beliefs and politics of the early church founders He points out that reincarnation was a commonly held Christian belief until it was voted out of official Christianity and the record expunged This newfound key reveals the true identities of many mysterious Biblical figures such as Lazarus Barabbas Judas and especially the Apostle Thomas who may not only have been Jesus identical twin brother but indeed a second Christ in his own right who lived to produce a genetically identical bloodline More important still

the rediscovery of the lost theology of Original Christianity means Christ's central message of personal integrity can again take center stage

The Buddha's Tooth John S. Strong, 2021-10-22 John S Strong unravels the storm of influences shaping the received narratives of two iconic sacred objects Bodily relics such as hairs teeth fingernails pieces of bone supposedly from the Buddha himself have long served as objects of veneration for many Buddhists Unsurprisingly when Western colonial powers subjugated populations in South Asia they used manipulated redefined and even destroyed these objects to exert control In *The Buddha's Tooth* John S Strong examines Western stories from the sixteenth to the twentieth century surrounding two significant Sri Lankan sacred objects to illuminate and concretize colonial attitudes toward Asian religions First he analyzes a tale about the Portuguese capture and public destruction in the mid sixteenth century of a tooth later identified as a relic of the Buddha Second he switches gears to look at the nineteenth century saga of British dealings with another tooth relic of the Buddha the famous Da ad enshrined in a temple in Kandy from 1815 when it was taken over by English forces to 1954 when it was visited by Queen Elizabeth II As Strong reveals the stories of both the Portuguese tooth and the Kandyan tooth reflect nascent and developing Western understandings of Buddhism realizations of the cosmopolitan nature of the tooth and tensions between secular and religious interests

Religions That Teach Hatred and Enmity

(Ed 2012) Maanoj Rakhit , *A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of Rome against Humanity and the Human Spirit* A.S., 2014-01-13 *A Corrupt Tree* is a unique extensively researched four volume expos of the dark side of the Church of Rome It reveals that for nearly two thousand years the Church's fundamental characteristic has been its self serving abuse of religious corporate power A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes Included are those who were immature capricious corrupt lascivious fanatical senile truly mad megalomaniac tyrannical murderous and wholesale killers It confirms that for many many centuries the popes were corrupt cruel inhumane and despotic In an age of savagery they were the leaders in barbarity in the subsequent age of enlightenment they have persistently resisted the march of progress Additionally the popes were wholesale killers who made the principle of assassination a law of the Christian Church Accordingly the Church has shed more innocent blood than any other institution that has ever existed among mankind Here also are presented the cupidity corruption and sexual misconducts of lesser ecclesiastics including cardinals bishops priests monks and nuns Pope Honorius III for example described his priests as worse than beasts wallowing in their dung The Church's ruthless stranglehold on knowledge and learning is catalogued in detail Mathematics philosophy and science were repressed Selected applied theology ruled the world Everything was explained but nothing was understood The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape A large number of writings which eventually became classics of European culture were condemned and prohibited The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular Many of these men were annihilated Holy books were burned in large numbers particularly the Jewish Talmud It is clearly

demonstrated that the Church held back civilisation for over fifteen hundred years Century after century passed away and left the peasantry but little better than the cattle in the fields Finally the unholy behaviours of the numerous popes cardinals and lesser ecclesiastics are shown to establish unequivocally that the Church of Rome is neither holy nor apostolic The ultimate message of these volumes is that to become an exemplary institution and to play a truly humane role in the world s future the Catholic Church must change
