Lives Lived, Lives Imagined Sabrina Reed, 2022-11-04 Perceptive controversial topical and achingly funny Miriam Toews's books have earned her a place at the forefront of Canadian literature. In this first monograph on Toews's work, Sabrina Reed examines the interplay of trauma and resilience in the author's fiction. Reed skillfully demonstrates how Toews situates resilience across key themes including the home as both a source of trauma and an inspiration for resilient action, the road trip as a search for resolution and redemption, and the reframing of the Mennonite diaspora as an escape from patriarchal oppression. The deaths by suicide of Toews's father and sister stand out as the most shocking and tragic of the author's biographical details, and Reed explores Toews's use of autofiction as a reparative gesture in the face of this trauma. Written in an accessible style that will appeal to both scholars and devotees of Toews's work, *Lives Lived, Lives Imagined* is a timely examination of Toews's oeuvre and a celebration of fiction's ability to simultaneously embody compassion and anger, joy and sadness, and to brave the personal and communal oppressions of politics, religion, family, society, and mental illness.

**Romantic and Victorian Long Poems** Adam Roberts, 2019-05-23 First published in 1999, this is a guide which provides easy access to a fairly complete range of the long poetry written in the Romantic and Victorian periods: epics, narrative poems, verse novels, and other work of over a certain length. The format provides title, author, length of work, and prosodic description. Texts are then summarized according to the internal divisions. Each poem is accompanied by an objective summary, and the poems as a whole are preceded by an introduction which advances a particular argument as to why the nineteenth century was so fascinated with the length that was the ultimate aesthetic rationale for the long poem. **New York Magazine**

, 1987-01-26 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. *From Girl to Goddess* Valerie Estelle Frankel, 2014-01-10 Many are familiar with Joseph Campbell's theory of the hero's journey: the idea that every man, from Moses to Hercules, grows to adulthood while battling his alter ego. This book explores the universal heroine's journey as she quests through world myth. Numerous stories from cultures as varied as Chile and Vietnam reveal heroines who battle for safety and identity, thereby upsetting popular notions of the passive, gentle heroine. Only after she has defeated her dark side and reintegrated can the heroine become the bestower of wisdom, the protecting queen, and archcrone.

Instructors considering this book for use in a course may request an examination copy here. **Awake, Awake** Dvora Lederman-Daniely, 2022-09-14 *Awake, Awake* uncovers the subversive, rebellious, and powerful voice of the women of the Jewish tradition: Yael and Deborah, Hannah, Ruth, Miriam, Tzipora, Sarah, and the heroine of *Song of Songs*. Earthly and divine women, creators, midwives, warriors, priestesses, and prophetesses, all are women whose voices have been silenced, erased, and

distorted in the traditional canonic stories and interpretations The book exposes a covert and encrypted level of teeming subversive female voices which have outlived the processes of blurring and deletion The presence of this subversive stance in the stories of our ancestral mothers is like a knock on an inner door that evokes a deep ancient and vital memory Once we meet the stories again and experience the intensity of the fury and protest of our mothers as well as their passionate desire and fiery boldness we realize how much they can serve as a liberating anchor and a basis of power for the female readers who encounter the ancient stories of their religion with a renewed reading When we dare to wake up to challenge and undermine the exclusivity of the patriarchal ancestral heritage we find again in the depths of its womb the gifts and treasures of the maternal heritage
