Trueba University of Wisconsin-Madison, USA; Lilly Cheng San Diego State University, USA; Kenji Ima San Diego State University, USA.,2016-01-31 First published in 1992 Routledge is an imprint of Taylor Francis an informa company      **Myth Or Reality** Enrique T. Trueba, Henry T. Treuba, Li-Rong Lilly Cheng, Kenji Ima, 1993 First published in 1992 Routledge is an imprint of Taylor Francis an informa company      *Myth Or Reality?* Henry T. Trueba, Lilly Cheng, Kenji Ima, 2012-10-12 Presents the reality of Asian successes and problems and challenges faced by immigrants in the USA Case studies and episodes are presented and the book shows data that calibrates the differential success of various Asian populations and the need to assist those who are less successful

**Mobilizing an Asian American Community** Linda Trinh Võ, 2004 Focusing on San Diego in the post Civil Rights era Linda Trinh V examines the ways Asian Americans drew together despite many differences within the group to construct a community that supports a variety of social economic political and cultural organizations Using historical materials ethnographic fieldwork and interviews Linda Trinh V traces the political strategies that enable Asian Americans to bridge ethnicity generation gender language and class differences among others She demonstrates that mobilization is not a smooth linear process and shows how the struggle over ideologies political strategies and resources affects the development of community organizations V also analyzes how Asian Americans construct their relationship with Asia and how they forge relationships with other racialized communities of color V argues that the situation in San Diego illuminates other localities across the country where Asians face challenges trying to organize find sufficient resources create leaders and define strategies      **Glass Ceilings and Asian Americans** Deborah Woo, 2000 Throughout the history of the United States

fluctuations in cultural diversity immigration and ethnic group status have been closely linked to shifts in the economy and labor market Over three decades after the beginning of the civil rights movement and in the midst of significant socioeconomic change at the end of this century scholars search for new ways to describe the persistent roadblocks to upward mobility that women and people of color still encounter in the workforce In *Glass Ceilings and Asian Americans* Deborah Woo analyzes current scholarship and controversies on the glass ceiling and labor market discrimination in conjunction with the specific labor histories of Asian American ethnic groups She then presents unique in depth studies of two current sites a high tech firm and higher education to argue that a glass ceiling does in fact exist for Asian Americans both according to quantifiable data and to Asian American workers own perceptions of their workplace experiences Woo s studies make an important contribution to understanding the increasingly complex and subtle interactions between ethnicity and organizational cultures in today s economic institutions and labor markets      *In Defense of Asian American Studies* Sucheng Chan, 2005 In *Defense of Asian American Studies* offers fascinating tales from the trenches on the origins and evolution of the field of Asian American studies as told by one of its founders and most highly regarded scholars Wielding

intellectual energy critical acumen and a sly sense of humor Sucheng Chan discusses her experiences on three campuses within the University of California system as Asian American studies was first developed in response to vehement student demand under the rubric of ethnic studies Chan speaks by turns as an advocate and an administrator striving to secure a place for Asian American studies as a teacher working to give Asian American students a voice and white students a perspective on race and racism and as a scholar and researcher still asking her own questions The essays span three decades and close with a piece on the new challenges facing Asian American studies Eloquently documenting a field of endeavor in which scholarship and identity define and strengthen each other In *Defense of Asian American Studies* combines analysis personal experience and indispensable practical advice for those engaged in building and sustaining Asian American studies programs

*Voices of Asian Americans in Higher Education* Festus E. Obiakor, Ying Hui-Michael, 2018-10-01 *Voices of Asian Americans in Higher Education* Unheard Voices is a unique and historical book Asian Americans are often portrayed as model minority yet their personal and educational experiences are often unheard In this book 10 Asian American educators and scholars present realistic pictures of America's higher education using personal narratives The contributors in this book come from different regions and teach in different colleges and universities and coincidentally they all endure the outsider category formerly as students and now as professors and leaders This outsider status can be emotionally overwhelming and psychologically unnerving This status hampers opportunities for Asian Americans to grow and maximize their fullest potential Though they develop different strategies to address their outsider label it does not make it comfortable But time and time again they have proven that they can succeed In this technological age we must value unending truths as we educate ourselves and others We hope that this book will be an educational and informational resource for students administrators and faculty in higher education and also educational policy makers and stakeholders

*Educating Asian Americans* Russell Endo, Xue Lan Rong, 2013-03-01 The achievement schooling and the ethnic identities of Asian American students are among the core areas in the field of Asian American education yet there is much that remains to be uncovered verified contradicted and learned through sound research especially as the Asian American population rapidly increases in size and in the diversification of its characteristics The chapters in this book deal present cutting edge work in these three areas and contain innovative perspectives new qualitative quantitative data and discussions of the implications of findings for educational policies practices and programs These chapters cover such specific topics as academic achievement gaps between Asian American and White students contemporary school experiences of Southeast Asians and of undocumented Asian American students perspectives on teaching immigrant and refugee students and the development of ethnic identities This work is authored by well known higher education faculty as well as emerging scholars Overall this material represents a valuable timely and useful contribution to the literature on Asian Americans that will be of interest to faculty administrators policymakers researchers and students

*Struggling To Be Heard* Valerie Ooka Pang, Li-Rong Lilly Cheng, 1998-09-03 The

social psychological and educational needs of Asian Pacific American youth often go unmet This book written by multicultural educators social workers psychologists and others challenges stereotypical beliefs and seeks to provide basic knowledge and direction for working with this population often labeled as the model minority *Latinos Unidos* Enrique T. Trueba,1999 A perspective on Latinos not only as a diverse and growing population in the US with distinct social cultural and economic features but as a political force with a collective ethnic identity It explores the personal identity and resiliency adaptive strategies and successes of Latinos *Culture, Motivation and Learning* Farideh Salili,Rumjahn Hoosain,2007-06-01 The influence of culture on learning and motivation has been the topic of much research in recent years Educational and psychological researchers are now aware that the findings of their studies may not apply to other cultures and that in this age of globalization and multiculturalism it is very important to examine the applicability of psychoeducational constructs to other cultures Understanding learning and motivational characteristics of students of diverse backgrounds will enable educators to develop appropriate curriculum and teaching strategies to motivate these students The aim of this book is to present research findings and views of scholars and researchers in the field of motivation and learning from a multicultural and international perspective Educators and scholars from different parts of the world have examined recent learning and motivation theories in different cultural contexts in order to explore the dynamics of sociocultural processes affecting student motivation Others have focused on teaching and learning strategies that are known to be effective with culturally diverse students *A Companion to the Anthropology of Education* Bradley A. Levinson,Mica Pollock,2016-01-19 A Companion to the Anthropology of Education presents a comprehensive and state of the art overview of the field exploring the social and cultural dimension of educational processes in both formal and nonformal settings Explores theoretical and applied approaches to cultural practice in a diverse range of educational settings around the world in both formal and non formal contexts Includes contributions by leading educational anthropologists Integrates work from and on many different national systems of scholarship including China the United States Africa the Middle East Colombia Mexico India the United Kingdom and Denmark Examines the consequences of history cultural diversity language policies governmental mandates inequality and literacy for everyday educational processes **The New Americans** Enrique T. Trueba,2004 American society is changing in front of our eyes with the presence of new Americans immigrants and transnationals whose experiences have prepared them to play key leadership roles in our country The paradox of having the poorest of the new Americans rising to important social economic and academic roles is explained in these pages **Resources in Education** ,2000-04 **The Psychological and Social Impact of Disability** Robert P. Marinelli,1999 Marinelli and Dell Orto continue the premise of their earlier editions of this widely adopted text and present a realistic perspective on disability Carefully selected articles and personal narratives capture the unique aspects of the psychological and social effects of disability Formatted to include thought provoking study questions and disability awareness exercises this text is recommended for students in rehabilitation

counseling and physical therapy education programs as well as professionals in rehabilitation psychology and social work

**Human Behavior and Social Environments** Dennis Saleebey, 2001 Using a biopsychosocial perspective this book demonstrates that there are many ways of knowing many methods of inquiry and several perspectives that can guide one's understanding of human behavior The conceptual frameworks upon which this book is based are resilience and meaning making Themes throughout are capacity context and constitution Pedagogical devices to aid the student include chapter overviews case studies and end of chapter questions

**Mothering, Education, and Ethnicity** Susan Matoba Adler, 2019-05-24 This postmodern feminist study explores changes in Japanese American women's perspectives on child rearing education and ethnicity across three generations Nisei second Sansei third and Yonsei fourth Shifts in socio political and cultural milieu have influenced the construction of racial and ethnic identities Nisei women survived internment before relocating to the midwest Sansei women grew up in white suburban communities while Yonsei women grew up in a culture increasingly attuned toward multiculturalism In contrast to the historical focus on Japanese American communities in California and Hawaii this study explores the transformation of ethnic culture in the midwest Midwestern Japanese American women found themselves removed from large ethnic communities and the development of their identities and culture provides valuable insight into the experience of a group of Asian minorities in the heartland The book explores central issues in studies of Japanese culture the Japanese sense of self and the Japanese family including amae mother child dependency relationship gambare perseverance and gaman endurance

Gysbers, Mary J. Heppner, Joseph A. Johnston, 2014-11-04 This book establishes a new standard The focus on holism diversity and strengths sets a fresh direction

for the field that will inspire today's counselors Distinct from other texts both in terms of style and ease of use Career Counseling provides a practical model that connects theory practice and resources in hopeful and affirming ways while offering readers new skills and insights Rich Feller PhD University Distinguished Teaching Scholar Colorado State University Past President National Career Development Association Gysbers Heppner and Johnston have continued their excellent contributions to the field with this 4th edition Their approach is highly practical for counselors in helping diverse clients prepare for and manage the changing workplace and economy I enthusiastically recommend this book as a must have resource for counseling professionals and as a textbook for graduate counseling programs Kenneth F Hughey PhD Kansas State University We invite all students professionals and researchers to read this volume to enrich their practice research and the values by which they should be inspired to persist in being active agents of change in the world Laura Nota PhD and the Larios Vocational Psychology Team University of Padova Italy The latest edition of this bestseller will help both counselors in training and experienced clinicians update and expand their existing knowledge and skills in career counseling with clients of all ages and circumstances Significant attention is placed on expanding the career options and empowering the life choices of women men racial and ethnic minorities gay lesbian bisexual and transgender clients clients from diverse socioeconomic backgrounds and individuals with disabilities Additional topics discussed include traditional and postmodern career theories and approaches forming a productive alliance with the client effective use of assessment inventories and instruments helping clients respond to changes in the workplace and family life working with resistant clients developing client action plans and bringing closure to the counseling process A new chapter titled Using Social Media in Career Counseling rounds out this exceptional book Requests for digital versions from ACA can be found on [www.wiley.com](http://www.wiley.com) To purchase print copies please visit the ACA website Reproduction requests for material from books published by ACA should be directed to [publications@counseling.org](mailto:publications@counseling.org) Handbook of Blended Shore Education Gabriele Strohshen, 2008-11-07 As we confront the future of our professional endeavors we tend to rely with confidence on longstanding and widely honored assumptions about the world and ourselves We believe we have accumulated sturdy structures of knowledge effective practices and sound values Yet we rely on these resources with scant consciousness that in the long run our assumptions practices and values may not only be inimical to the viability of our profession but as well oppressive in their effects on others There is at least one assumption common across many professions and cultures that is of particular significance It is the assumption that the world is made up of discrete entities or units There are not only the species of plants and animals for example but there is me as opposed to you us vs them my business enterprise in competition with yours our nation or religion and yours And with this assumption of separable units we assemble ways of sustaining and protecting those units of which we feel a part We erect buildings laws schools governments and armies to ensure that what is inside the boundary will flourish and what is outside cannot threaten us In effect the assumption of a world of independent entities establishes the way in

which we understand and conduct ourselves within relationships
