performance gender and political studies **Handbook of Polynesian Mythology** Robert D. Craig, 2004-10-25 An accessible concise reference source on Polynesia's complex mythology product of a culture little known outside its home. Encounters with the West introduced Polynesian mythology to the world and sealed its fate as a casualty of colonialism. But for centuries before the Europeans came that mythology was as vast as the triangle of ocean in which it flourished as diverse as the people it served and as complex as the mythologies of Greece and Rome. Students, researchers and enthusiasts can follow vivid retellings of stories of creation, death and great voyages tracking variations from island to island. They can use the book's reference section for information on major deities, heroes, elves, fairies and recurring themes as well as the mythic implications of everything from dogs and volcanoes to the hula, Easter Island and tattooing invented in the South Pacific and popularized by returning sailors. The Classical Mythology of Milton's English Poems Charles Grosvenor Osgood,

Inventing Hell Jon M. Sweeney, 2014-06-17 Hell. The word means terror, darkness and eternal separation from God. Some people think the Bible is clear about hell but what if they're mistaken? With gripping narrative and solid scholarship Sweeney charts hell's evolution from the Old Testament underworld Sheol through history and literature to the greatest influencer of all, Dante's *Inferno*. He reveals how the modern idea of hell is based mostly on Dante's imaginative genius but in the process he offers a more constructive understanding of the afterlife than ever before. Disturbing and enthralling Sweeney will forever alter what we think happens to us after we die and more importantly he will make us reconsider how we live. **The**

Classical Mythology of Milton's English Poems Charles Grosvenor Osgood, 1900 Demythologizing Revelation Chester O'Gorman, 2019-05-24 What is revelation? Is it still relevant in the twenty-first century? In the twentieth century radical theologian Rudolf Bultmann sought an answer by demythologizing scripture and Christian tradition. Most philosophers and theologians agree that he failed adequately to demythologize revelation through his notion of the kerygma. In *Demythologizing Revelation: A Critical Continuation of Rudolf Bultmann's Project* Chester O'Gorman corrects this shortcoming to continue Bultmann's project demythologizing Jesus Christ as revelation through the philosophy of Slavoj Žižek. Drawing support from other notable thinkers including Judith Butler, Thomas Altizer, Albert Camus, René Girard and Martin Luther, O'Gorman proffers a non-supernatural account and theory of revelation. This theory enables both Christians and atheists to identify sites of revelation today so that all might better understand and participate in its ongoing liberation of humanity from sin and oppression for the sake of all creation. Encyclopedia of Greek and Roman Mythology Luke Roman, Monica Roman, 2010

This title examines the best known figures of Greek and Roman mythology together with the great works of classic literature. **The Oxford**
