Mythologies Of Danger:

The Mythologies of Danger Jacqueline Berger,1997-05-01 **25 Most Dangerous Sales Myths** Stephan Schiffman,2004-06-04 A Simon Schuster eBook Simon Schuster has a great book for every reader **Mythologies** ,

Street Harassment as Everyday Violence Melinda A. Mills,2022-08-09 In *Street Harassment as Everyday Violence* Melinda A Mills investigates women s experiences with street harassment recognizing this phenomenon as a form of everyday violence The author follows feminist scholars to consider the ways that silence can potentially if only partially protect women from verbally assaultive men who harass women in public This violence both reveals and conceals itself in the discourses of silence about and during street harassment It maps onto and reflects the web of violence that proves persistent and difficult to dismantle This work operates as an initial intervention by way of recognition of street harassment as a problem that hides in plain sight *Dangerous Myths of the Western World* Richard Malmed,2017-11-15 Much of what is thought of as traditional religious belief has in fact no factual or historical basis This collection of essays debunks some of these myths and demonstrates the harmful effect such beliefs have had on the development of western culture **Man's Most Dangerous Myth** Ashley Montagu,2001-04-19 Man s Most Dangerous Myth was first published in 1942 when Nazism flourished when African Americans sat at the back of the bus and when race was considered the determinant of people s character and intelligence It presented a revolutionary theory for its time breaking the link between genetics and culture it argued that race is largely a social construction and not constitutive of significant biological differences between people In the ensuing 55 years as Ashley Montagu s radical hypothesis became accepted knowledge succeeding editions of his book traced the changes in our conceptions of race and race relations over the 20th century Now over 50 years later Man s Most Dangerous Myth is back in print fully revised by the original author Montagu is internationally renowned for his work on race as well as for such influential books as *The Natural Superiority of Women* *Touching* and *The Elephant Man* This new edition contains Montagu s most complete explication of his theory and a thorough updating of previous editions The Sixth Edition takes on the issues of the Bell Curve IQ testing ethnic cleansing and other current race relations topics as well as contemporary restatements of topics previously addressed A bibliography of almost 3 000 published items on race compiled over a lifetime of work is of enormous research value Also available is an abridged student edition containing the essence of Montagu s argument its policy implications and his thoughts on contemporary race issues for use in classrooms Ahead of its time in 1942 Montagu s arguments still contribute essential and salient perspectives as we face the issue of race in the 1990s Man s Most Dangerous Myth is the seminal work of one of the 20th century s leading intellectuals essential reading for all scholars and students of race relations **The Myths of Love** Katherine Heinrichs,1978 This study seeks to define the medieval literary conventions governing allusions to certain Ovidian and Virgilian tales of love in the works of Boccaccio Machaut Froissart and Chaucer Using evidence from the Latin mythographers it addresses several much debated critical

issues in medieval scholarship questions of narrative voice thematic unity and purpose Its principal contribution is to the discussion and evaluation of the French and Italian poems of love to which Chaucer was most heavily indebted The author suggests that the love poems of Boccaccio Machaut and Froissart rather than being ponderous didactic productions designed to instruct medieval audiences in the art of love are true progeny of the Roman de la Rose complex jeux d'esprit much closer in spirit and intention to the works of Chaucer than has been supposed

The Mythology of Crime and Criminal Justice Victor E. Kappeler, Gary W. Potter, 2017-07-18 The social construction of crime is often out of proportion to the threat posed The media and advocacy groups shine a spotlight on some crimes and ignore others Street crime is highlighted as putting everyone at risk of victimization while the greater social harms from corporate malfeasance receive far less attention Social arrangements dictate what is defined as crime and the punishments for those who engage in the proscribed behavior Interest groups promote their agendas by appealing to public fears Justifications often have no basis in fact but the public accepts the exaggerations and blames the targeted offenders The net widening effect of more laws and more punishment catches those least able to defend themselves This innovative alternative to traditional textbooks provides insightful observations of myths and trends in criminal justice Fourteen chapters challenge misconceptions about specific crimes or aspects of the criminal justice system Kappeler and Potter dissect popular images of crimes and criminals in a cogent compelling and engaging manner They trace the social construction of each issue and identify the misleading statistics and fears that form the basis of myths and the collateral damage of basing policies on mythical beliefs The authors encourage skepticism about commonly accepted beliefs offer readers a fresh perspective and urge them to analyze important issues from novel vantage points

Myths and Legends of British North America Katharine Berry Judson, 1917 **Dangerous Brown Men** Professor Gargi Bhattacharyya, 2009-01-26 Why is the public presentation of the war on terror suffused with sexualised racism What does this tell us about ideas of gender sexuality religious and political identity and the role of the state in the Western powers Can we diffuse inter ethnic conflicts and change the way the West pursues its security agenda by understanding the role of sexualised racism in the war on terror In asking such questions Gargi Bhattacharyya considers how the concepts of imperialism feminism terror and security can be applied in order to build on the influential debates about the sexualised character of colonialism She examines the way in which western imperial violence has been associated with the rhetoric of rights and democracy a project of bombing for freedom that has called into question the validity of western conceptions of democracy rights and feminism Such rhetoric has given rise to actions that go beyond simply protecting western interests or securing access to scarce resources and appear to be beyond instrumental reason The articulations of racism that appear with the war on terror are animated by fears and sexual fantasies inexplicable by rational interest alone There can be no resolution to this seemingly endless conflict without understanding the highly sexualised racism that animates it Such an understanding threatens to pierce the heart of imperial relations revealing their intense contradictions and uncovering

attempts to normalise violent expropriation **Greek Mythology** , Libanius: Ten Mythological and Historical Declamations ,2020-01-30 This book offers translations of ten rhetorical declamations of the fourth century AD sophist Libanius of Antioch and some related texts almost all appearing for the first time in a modern language In these works the declaimer impersonates such mythological or historical figures as Poseidon Paris Achilles and Orestes either in court as prosecutor or defendant or by trying to persuade his audience to take a course of action The texts illustrate the sophist s eloquence and had an educational purpose in the schools but were also delivered before adult audiences They also put the Hellenic past on display for audiences of the Greek East in the Roman Empire The annotated translations are accompanied by analyses of their themes structure and argumentation **Parables, Myths and Risks** Cheryl R. Lehman,2017-07-27 Continuing the search for greater reflectivity regarding accounting s role in society this volume identifies the many ways accounting contributes to knowledge creation and the consequences in socio economic realms **Scope and Myths of Roe V. Wade** United States. Congress. House. Committee on the Judiciary. Subcommittee on the Constitution,2006 **Native Americans: 22 Books on History, Mythology, Culture & Linguistic Studies** Lewis Spence,John Wesley Powell,James Owen Dorsey,Charles C. Royce,Frank Hamilton Cushing,Washington Matthews,Garrick Mallery,Cyrus Thomas,Clay MacCauley,Edward S. Curtis,James Mooney,Alexander Scott Withers,Franz Boas,Elias Johnson,Erminnie A. Smith,John Stevens Cabot Abbott,Joseph Kossuth Dixon,John Heckewelder,William C. Reichel,Black Hawk,Charles M. Scanlan,William John McGee,John G.
