Mythology's Last Gods William Harwood,1992 A textual analysis of the Bible leading to a conclusion of errancy and close relation to earlier myth Annotation copyright by Book News Inc Portland OR *Yahweh and Jesus : Mythology's Last Gods* Harwood, William R,1983 **The End of Christianity** John W. Loftus,2011-07-12 In this successor to his critically acclaimed anthology *The Christian Delusion Why Faith Fails* a former minister and now leading atheist spokesperson has assembled a stellar group of respected scholars to continue the critique of Christianity begun in the first volume Contributors include Victor Stenger Robert Price Hector Avalos Richard Carrier Keith Parsons David Eller and Taner Edis Loftus is also the author of the best selling *Why I Became an Atheist A Former Preacher Rejects Christianity* Taken together the Loftus trilogy poses formidable challenges to claims for the rationality of the Christian faith Anyone with an interest in the philosophy of religion will find this compilation to be intellectually stimulating and deeply thought provoking *The Secret Astrology of the Bible* Michael Ledo,2010-05-02 *The Secret Astrology of the Bible* by Michael Ledo is a landmark book that will change the way the scholarly community and the general public views the Bible history and myth Epic in scope this provocative book explores the connections between religious belief and cosmic theory even as it attempts to explain contradictions and irregularities in the text The Bible states Ledo was constructed as a living document with much of its text expanded as time went on If readers stripped away this added material they could actually be left with an Early Bronze Age text over a thousand years older than what is currently accepted by scholars This text suggests Ledo would be a veritable cosmic myth which follows the constellations with stories in a contiguous fashion that combine both history and myth Originally sold as *On Earth as it is in Heaven The Cosmic Roots of the Bible* *Dictionary of Contemporary Mythology* William Harwood,2017-03-10 Hold it Sit Stay That s better No I am not suggesting that you go to the New York Times and tell them I have a book written by the devil Only he s not really the devil He s an extra terrestrial And he s not evil He s God s good brother It s God who is evil Do you think I came to you to have you put in a funny farm You re to publish my manuscript under your own name as science fiction Isn t science fiction the only format under which any sane moral philosophy could be published for the past fifty years You agree I am so glad I have to go now The Overlords are waiting to take me home

Laubach,2012-04-28 Is there no sympathy for the Devil Misunderstood and vilified by the worlds major religions Satan has decided to strike back at his accusers In his own words Satan makes the case that he is only carrying out Gods commands and that he is unjustly blamed for the woes of the world Simultaneously controversial and entertaining *The Parallax from Hell*

delivers a new perspective of religious doctrine from the point of view of Gods fallen angel Satan Aided by his unwitting accomplice Satan examines the tenants of the major organized religions giving first a generic summary of their respective beliefs and then following up with his own very different slant To take care of the credibility problem he even footnotes his sources for skeptics Tongue in cheek at times Satan makes his case and then enlists his minions in Hell to contribute short essays and commentary The result is a comprehensive analysis that covers not only religion but history theology science and philosophy Wry and engaging Satans observations challenge you to think critically about your religiously held assumptions as well as the beliefs of other organized religions Definitely not your ordinary theological critique The Parallax from Hell seeks to serve as an unorthodox vehicle for opening hearts and minds

Why I Became an Atheist John W. Loftus,2012-10-10 For about two decades John W Loftus was a devout evangelical Christian an ordained minister of the Church of Christ and an ardent apologist for Christianity With three degrees in philosophy theology and philosophy of religion he was adept at using rational argumentation to defend the faith But over the years doubts about the credibility of key Christian tenets began to creep into his thinking By the late 1990s he experienced a full blown crisis of faith In this honest appraisal of his journey from believer to atheist the author carefully explains the experiences and the reasoning process that led him to reject religious belief The original edition of this book was

published in 2006 and reissued in 2008 Since that time Loftus has received a good deal of critical feedback from Christians and skeptics alike In this revised and expanded edition the author addresses criticisms of the original adds new argumentation and references and refines his presentation For every issue he succinctly summarizes the various points of view and provides references for further reading In conclusion he describes the implications of life without belief in God some liberating some sobering This frank critique of Christian belief from a former insider will interest freethinkers as well as anyone with doubts about the claims of religion

The Roman Empire Matthew Dillon, Christopher Matthew, 2022-05-05 Religion was integral to the conduct of war in the ancient world and the Romans were certainly no exception No campaign was undertaken no battle risked without first making sacrifice to propitiate the appropriate gods such as Mars god of War or consulting oracles and omens to divine their plans Yet the link between war and religion is an area that has been regularly overlooked by modern scholars examining the conflicts of these times This volume addresses that omission by drawing together the work of experts from across the globe The chapters have been carefully structured by the editors so that this wide array of scholarship combines to give a coherent comprehensive study of the role of religion in the wars of the Roman Empire Aspects considered in depth include the Imperial cults and legionary loyalty the army and religious regional disputes Trajan and religion Constantine and Christianity omens and portents funerary cults and practices the cult of Mithras the Imperial sacramentum religion Imperial military medicine

Palmer, 2005-06 Today Christianity is steeped in mythology and Christians are unwittingly headed towards Hell instead of Heaven They are far away from God and HIS Word How would you answer these three questions 1 Do you pray to Jesus 2 Do you worship Jesus 3 Do you give all the glory to Jesus If you ve answered yes to even one you do not know God HIS only human begotten Son or HIS Word Many Christians have been programmed with mythology as explained in 2 Timothy and 2 Thessalonians However Jesus taught 1 Pray to God the Father Matthew 6 6 2 Worship only God the Father Matthew 4 10 3 That he comes in his Father s glory Mark 8 38 Inside Volume II God Does Not Change you ll learn that Jesus did not change God You ll learn why the trinity and salvation doctrines are false and lead Christians to Hell You ll also learn the true gift of Jesus and that the Holy Bible is actually a book mainly about God and not Jesus Let Scripture educate your heart Volume II of a four volume set that deals with Faith Prophecy and Christology Over 1367 Scriptures are cited and there are 238 illustrations tables lists in the entire four volume set

The Oxford Companion to World Mythology David Leeming, 2005-11-17 Cave paintings at Lascaux France and Altamira Spain fraught with expression thousands of years later point to an early human desire to form a cultural identity In the Oxford Companion to World Mythology David Leeming explores the role of mythology or myth logic in history and determines that the dreams of specific cultures add up to a larger collective story of humanity Stopping short of attempting to be all inclusive this fascinating volume will nonetheless be comprehensive opening with an introduction exploring the nature and dimensions of

myth and proposing a definition as a universal language Briefly dipping into the ways our understanding of myth has changed from Aristotle and Plato to modern scholars such as Joseph Campbell the introduction loosely places the concept in its present context and precedes articles on influential mythologists and mythological approaches that appear later in the Companion The main body of Leeming's work consists of A-Z entries covering all aspects of mythology including substantial essays on the world's major mythological traditions Greek Native American Indian Japanese Sumerian Egyptian mythological types and motifs Descent to the Underworld the Hero the Trickster Creation the Quest mythological figures Odysseus Zeus Osiris Spider Woman and Inanna as well as numerous interrelated subjects such as fairy tales and legends The Companion also locates myth in our lives today relating it to language patterns psychology religion politics art and gender attitudes Many of the better known and more significant myths are vividly retold in this volume that will be illustrated with maps more than 70 black and white images and eight pages of color highlighting the central role art has often played in the transmission and perpetuation of myth Following the entries a rich section of appendices will include family trees of the major pantheons equivalency charts for the gods of Greece and Rome Babylon and Sumer as well as other traditions an extensive bibliography and an index

Essays on the Bible Michael Ledo, 2010-04-12 Formerly titled Bible Bloopers Evidence that Demands a Verdict Too This is a collection of essays about the Bible from a skeptic This was originally written in the 1990's for the Atlanta Freethought Society The book was a sellout It has been out of print until now The commentary has been updated and revised Ledo examines numerous pop theories about Jesus and dismisses them Many essays are the accepted scholarly notions about the Bible which are translated into layperson's language Michael is also a bit of a heretic even among his peers He also looks at rejected theories about the Bible and endorses them Michael Ledo is author of the landmark book *On Earth as it is Heaven The Cosmic Roots of the Bible*

Perspectives on Science and Christian Faith, 1995 **Blessed Assurance? A Demonstration That Christian Fundamentalism Is Simply False** Michael Tenenbaum, 2007-07 BLESSED ASSURANCE is a powerful and compelling book Biblical errors are discussed with understanding of how Christian apologists and theologians think and respond Extra attention is given to errors that are undeniable I had yet to encounter several of them elsewhere Tenenbaum's treatment is in depth yet readable By the time you're done with the chapters on doctrine it will be clear that biblical Christianity is incoherent at its core This book is as valuable for its communicating style and process of thinking as it is for the potent case it makes It will help atheists better understand how Christians think and what sort of points are most likely to get thru to them It will help Ex Christians to reinforce their conclusion that the faith is false It will help Christians to grow out of their faith or perhaps strengthen it despite an avalanche of evidence **STRONGLY**
