Mythos Kerygma Wahrheit:

Sacred History, Sacred Literature Shawna Dolansky, 2008-06-30 Richard Friedman is well known in the field of biblical studies not only because of his contributions to the study of the Hebrew Bible which are many but also because he has written cogently and clearly for a much wider audience outside the academy most notably in his *Who Wrote the Bible* 1997 In addition his influence has crossed the boundaries of a variety of disciplines such as source criticism archaeology the ancient Near East as well as religious studies The essays in this volume reflect the breadth and depth of Richard Friedman's life and work Several contributors discuss topics related to the Hebrew Bible for example Jacob Milgrom examines the relationship between Ezekiel and the Levites and Carol Meyers discusses the Tabernacle texts in the context of Priestly influence on them Ronald Hendel Michael Homan and Robert Wilson explore the history of source criticism with detailed source critical analysis of Genesis 1-11 and the book of Kings Jeffrey Geoghegan discusses the origins of the Passover in one of several insightful essays under the topic Israel and the Ancient Near East Among the contributions specific to archaeology Baruch Halpern's provides a provocative Defense of Forgery Lastly four contributors e.g. Alan Cooper discuss religion and religious studies along with ramifications for contemporary application A fine collection of contemporary topics discussed by leading scholars in the field **The Bible in Human Society** Mark Daniel Carroll R., David J. A. Clines, Philip R.

Davies, 1995-10-01 This collection of essays written by biblical scholars from around the world attempts to probe the relationship between the Bible and the world It reflects modern social political and hermeneutical issues including liberation concerns These themes echo John Rogerson's commitment to relate his research and the Bible to contemporary issues a commitment visible both in his publications and in his religious and political activities This book is an expression of appreciation of John Rogerson by former and current colleagues former students and other biblical scholars **The Eden**

Narrative Tryggve N. D. Mettinger, 2007 In a book marked by unusually readable yet academic style Mettinger transforms our knowledge of the story of Eden in Genesis He shows us a story focused on a divine test of human obedience with human disobedience and its consequences as its main theme Both of the special trees in Eden had a function the tree of knowledge as the test case and the tree of life as the potential reward for obedience Mettinger adopts a two-tiered approach In a synchronic move he undertakes a literary analysis that yields striking observations on narratology theme and genre in the text studied He defines the genre as myth and subjects the narrative to a functional analysis He then applies a diachronic approach and presents a tradition historical reconstruction of an Adamic myth in Ezekiel 28 The presence of both wisdom and immortality in this myth leads to a discussion of these divine prerogatives in Mesopotamian literature remember Adapa and Gilgamesh The two prerogatives demarcated an ontological boundary between the divine and human spheres Nevertheless the Eden Narrative does not evaluate the human desire to obtain knowledge or wisdom negatively A piece of fresh original scholarship in accessible form this book is ideal for courses on creation primeval history the Bible and

literature and the Bible and the ancient Near East Mythos im Alten Testament und seiner Umwelt Armin Lange, Hermann Lichtenberger, Diethard Römheld, 2012-06-21 In der Reihe Beihefte zur Zeitschrift für die alttestamentliche Wissenschaft BZAW erscheinen Arbeiten zu sämtlichen Gebieten der alttestamentlichen Wissenschaft Im Zentrum steht die Hebräische Bibel ihr Vor und Nachleben im antiken Judentum sowie ihre vielfache Verzweigung in die benachbarten Kulturen der altorientalischen und hellenistisch-römischen Welt Devotional Language Johannes Sloek, 2015-07-24 No detailed description available for Devotional Language **Whispering the Word** Jacqueline E. Lapsley, 2005-11-03 Many Christian feminists wonder if they can simultaneously maintain their commitment to principles of gender equality and their faith in the Scriptures particularly the Old Testament Writing in response to feminist biblical scholars who approach the Old Testament with a hermeneutic of suspicion Jacqueline Lapsley offers Christian feminists strategies to hear the subtle ideas and voices of the less powerful within the Old Testament texts Reading and interpreting a number of Old Testament narratives in which women are prominent Lapsley considers how these stories may reflect God's word for us In doing so she demonstrates how the narrative often attempts to shape the moral response of the reader by revealing the intricacy and complexity of the moral world evoked In this gentle shaping of the reader's ethical sensibilities she argues is where God may be whispering a word for us *The Ethos of the Cosmos* William P. Brown, 1999 Recent studies of the biblical story of creation try to uncover its roots in ancient Near Eastern myths or its compatibility with modern science and ecology In contrast this work by William Brown investigates how the various pictures of creation found in Scripture helped shape the ancient faith community's moral character Bridging the fields of biblical studies and ethics this interdisciplinary work demonstrates how certain creation traditions of the Old and New Testaments were developed from the community's moral imagination for the purpose of forming and preserving both Israel's and the early church's identity in the world Bringing to light insights largely overlooked by modern treatments of biblical ethics and creation *The Ethos of the Cosmos* ends by recommending the formative power of creation for the contemporary church **Old Testament Introduction** Werner H. Schmidt, 2015-02-06 The purpose of this book is to provide a comprehensive introduction to the complexities of the Old Testament it also provides the basic knowledge required for students of OT theology This widely used textbook appears here in its second English edition and is based on the fifth German edition 1995 This new edition has been expanded especially in regard to Pentateuch research and the anthropology of the OT The Fall of the Angels Christoph Auffarth, Loren T. Stuckenbruck, 2004 *Fall of the Angels* focuses on a biblical tradition whose significance has been recognised elaborated and explored in literature and art outside the Bible Its extensive influence on religion and culture during the last two millennia is reflected in the wide variety of interpretations of this tradition among communities as they came to terms with religious identity in the face of opposition *Trames*, 2000 *Collective Reinterpretation in the Psalms* Marko Marttila, 2006 Marko Marttila's study is a new contribution to the old question how the I of the Psalms should be understood It seems that people who were responsible for

editing the Hebrew Psalter more than two thousand years ago identified the suffering anonymous I with the suffering people of Israel Thus the editors in their own time attempted to make earlier texts more actual

BOOK JACKET The Law and the Knowledge of Good and Evil Chris A. Vlachos, 2009-01-01 First Corinthians 15 56 The sting of death is sin and the power of sin is the law is both puzzling and neglected It is puzzling since there appears to be no precursor in 1 Corinthians to the law critical statement found there It is neglected because of its size Nevertheless the short verse offers the opportunity to analyze in a rudimentary state Paul s law sin notion that appears full blown in Romans and the absence of a polemical setting allows scholars to examine a law critical statement issued during a polemical lull In The Law and Knowledge of Good and Evil Vlachos weighs attempts to explain the presence of 1 Cor 15 56 in 1 Corinthians and argues that the Genesis Fall narrative where the tempter plied his seductions by way of the commandment provides the theological substructure to Paul s understanding of the law s provocation of sin In doing so Vlachos contends that Paul reaches the historical high water mark of his polemic against the salvific efficacy of the law by locating a law sin nexus in Eden and contrary to some recent perspectives on Paul he argues that the edenically informed axiom in 1 Cor 15 56 suggests that Paul s fundamental concern with the law was rooted in primordial rather than ethnic soil While studies of Paul and the law have tended to bypass Eden The Law and Knowledge of Good and Evil breaks ground by moving the argument beyond Second Temple Judaism to the Genesis Fall account where the prohibition against partaking of the knowledge of good and evil led to the knowledge of sin

The Wisdom Texts from Qumran and the Development of Sapiential Thought Charlotte Hempel, Armin Lange, Hermann Lichtenberger, 2002 This volume comprises the lectures delivered at a conference on the sapiential texts from Qumran hosted by A Lange and H Lichtenberger in Tübingen 1998 as well as a number of additional contributions This literature although found in the Qumran library is mostly of non Essene origin and can be dated to the third and second century BCE with a single exception which might be even older The sapiential texts from Qumran add to the sparse corpus of postexilic sapiential literature and shed new light on the later Israelite and Jewish wisdom as well as on the sources from which early Christian wisdom traditions originated Therefore the volume attempts to understand the wisdom literature from Qumran in the broader context of sapiential thought in the Ancient Near East the Hebrew Bible Ancient Judaism and the New Testament Beyond this the volume further includes treatments of introductory and linguistic questions as well as articles on specific sapiential texts

The Book of Job Carol A. Newsom, 2009-06-29 Carol Newsom illuminates the relation between the aesthetic forms of Job and the claims made by its various characters Her innovative approach makes possible a new understanding of the unity of the book that rejects its dismantling in historical criticism and the flattening of the text that characterizes many final form readings Additionally she rehabilitates the moral perspectives represented by certain voices of the book that modern critics have treated with disdain

To Begin With, God Created-- Karl Löning, Erich Zenger, 2000 Biblical creation faith and biblical salvation faith both have important statements regarding creation theology Karl Löning

and Erich Zenger bring the parts of the divided yet unified Christian Bible into dialogue with one another so that the entire biblical tradition attains a new life

Geschichte und Theologie Rainer Albertz, 2011-08-30 Besides two hitherto unpublished papers this collection contains 15 of Rainer Albertz papers from the period 1978-2000. They reflect the author's concern to understand biblical developments against the background of the religious and socio-historical developments and currents in Israel and the Ancient Orient. The volume includes, for example, reflections on the development of the tradition of prehistory of the commandment to honour one's parents, of the issue of monotheism or of the significance of personal piety. The collection is completed with socio-historical studies on the social background to the Book of Job or the moving forces behind the Deuteronomistic History together with approaches to the editorial history of the Books of Jeremiah and Deuteronomy.

Die Macht des Mythos Christian Danz, Werner Schüßler, 2014-12-12 Der Mythosbegriff stellt ein grundlegendes Element von Paul Tillichs Religionsphilosophie und Theologie dar. Die Beiträge des vorliegenden Bandes thematisieren erstmals dessen Mythosverständnis in seinem problemgeschichtlichen Kontext sowie in einer werkgeschichtlichen Perspektive. Auf diese Weise wird Tillichs Mythosverständnis vor dem Hintergrund der vielschichtigen Kontroversen um diesen Begriff in den philosophischen und theologischen Debatten des 20. Jahrhunderts prominent herausgearbeitet.

Religious Identity and the Invention of Tradition A.W.J. Houtepen, Jan Willem van Henten, 2021-11-15 STAR Studies in Theology and Religion 3. This book contains the contributions to the first international conference organised by the Netherlands School for Advanced Studies in Theology and Religion (NOSTER) held in the Netherlands in January 1999. The conference theme was inspired by Eric Hobsbawm and Terence Ranger's influential volume *The Invention of Tradition*. Their work provided a starting point for discussing formations and changes of religious traditions on the one hand and the interaction of religious identities and the transformation of traditions on the other. After an introductory section discussing Hobsbawm's definitions and his theoretical framework and offering several critical applications of his framework to Christian traditions, the main part of this volume consists of three thematic sections: the theme of the Exodus, the earliest traditions about the Lord's supper and the modern myth of Fundamentalism. This volume will be of interest to all those engaged in the study of religious traditions and identities and the way in which these interact.

Contents: *The Invention of Religious Traditions: Counterfactuals and the Invention of Religious Traditions* Marcel Sarot; *The Creation of Tradition: Rereading and Reading beyond Hobsbawm* Paul Post; *Early Christianity between Divine Promise and Earthly Politics* Willemien Otten; *Challenging the Tradition of the Bodiless God: A Way to Inclusive Monotheism* Kune E. Biezeveld; *Invention of Tradition: Trinity as Test* Herwi Rikhof; *Inventing and Re-inventing the Exodus: The Exodus as Charter Myth* Karel van der Toorn; *Exodus Liberation History against Charter Myth* Rainer Albertz; *The Development of the Exodus Tradition* John Collins; *History-oriented Foundation: Myths in Israel and its Environment* Hans Peter Müller; *The Exodus Motif in the Theologies of Liberation: Changes of Perspective* Georges De Schrijver; *Exodus in the African American Experience* Theo Witvliet; *The Invention of the*

God's Body Andreas Wagner, 2019-02-21 Images of the body in ancient Near Eastern civilizations are radically different from body images today which in turn creates significant consequences for our understanding of the biblical notion of God's human shape and the frequent and widespread misconceptions therein Andreas Wagner illuminates such frequent and widespread misconceptions and reveals the sometimes distant pictorial world of ancient body images He contrasts these with contemporary models and makes the matter of the Old Testament concept of God's human form accessible and clear Wagner begins by introducing readers to aspects of anthropomorphism the study of body parts and Israel's basic understanding of the human body He then turns specifically to the body of God analysing why and how certain body parts are emphasized or regularly employed in the biblical text when it tries to describe God Wagner draws out the theological aspects of the ways in which God's body is described as well as considering the diverse range of ancient Near Eastern perspectives on God and the ways in which ancient cultures constructed and understood deities Wagner concludes by looking at how the depiction of God in the Old Testament fits with the concept of mankind made in God's image Enhanced by over fifty illustrations God's Body will lead the debate in biblical anthropomorphism for years to come
