Patrician In Politics Daniel Dewey Barnard Of New York:

Patrician in Politics Sherry Penney,1974 **Daniel Dewey Barnard** Sherry Penney,1972 The Anti-Rent Era in New York Law and Politics, 1839-1865 Charles W. McCurdy,2003-06-19 A compelling blend of legal and political history this book chronicles the largest tenant rebellion in U S history From its beginning in the rural villages of eastern New York in 1839 until its collapse in 1865 the Anti Rent movement impelled the state s governors legislators judges and journalists as well as delegates to New York s bellwether constitutional convention of 1846 to wrestle with two difficult problems of social policy One was how to put down violent tenant resistance to the enforcement of landlord property and contract rights The second was how to abolish the archaic form of land tenure at the root of the rent strike Charles McCurdy considers the public debate on these questions from a fresh perspective Instead of treating law and politics as dependent variables as mirrors of social interests or accelerators of social change he highlights the manifold ways in which law and politics shaped both the pattern of Anti Rent violence and the drive for land reform In the process he provides a major reinterpretation of the ideas and institutions that diminished the promise of American democracy in the supposed golden age of American law and politics

Slavery, Capitalism, and Politics in the Antebellum Republic: Volume 1, Commerce and Compromise, 1820-1850 John Ashworth,1995 The Civil War should be seen as America s bourgeois revolution So argues Dr John Ashworth in this novel reinterpretation from a Marxist perspective of American political and economic development in the forty years before the Civil War This book the first of a two volume treatment of slavery capitalism and politics locates the political struggles of the antebellum period in the international context of the dismantling of unfree labor systems With its sequel the volume will demonstrate that the conflict resulted from differences between capitalist and slave modes of production With a careful synthesis of existing scholarship on the economics of slavery the origins of abolitionism the proslavery argument and the second party system Ashworth maintains that the origins of the American Civil War are best understood in terms derived from Marxism 'Agrarians' and 'Aristocrats' John Ashworth,1987-03-27 Cover title Agrarians aristocrats Includes index Bibliography p 280 312 **A History of the Committee on the Judiciary, 1813-2006** United States. Congress. House. Committee on the Judiciary,2007 The Political Culture of the American Whigs Daniel Walker Howe,1979 Howe studies the American Whigs with the thoroughness so often devoted their party rivals the Jacksonian Democrats He shows that the Whigs were not just a temporary coalition of politicians but spokesmen for a heritage of political culture received from Anglo American tradition and passed on with adaptations to the Whigs Republican successors He relates this culture to both the country s economic conditions and its ethnoreligious composition **The Redskins** James Fenimore Cooper,2024-11-01 Cooper s 1846 novel about the Anti Rent Wars in upstate New York now available in a scholarly edition The Redskins James Fenimore Cooper s 1846 novel about the Anti Rent Wars in upstate New York is now available in a scholarly edition The final work in the Littlepage trilogy The Redskins includes Cooper s enduring theme of Indigenous

White relations but examines it in the context of contemporary tensions between wealthy landlords and their tenant farmers in the Hudson Valley region The work is narrated in the voice of a privileged landowner who presents an impassioned defense of the aristocratic class in America and thus raises cardinal questions regarding Cooper's own intentions and authorial control Cooper himself was often derided as an aristocrat in this later phase of his career and the novel can be read as both an endorsement of and a rebuttal to that judgment Edited by Hugh Egan this volume includes extensive historical background material as well as pertinent textual notes based on the original manuscript As part of the series in the Writings of James Fenimore Cooper this MLA approved edition of *The Redskins* will serve as the definitive text for future teachers and scholars alike The Writings of James Fenimore Cooper The distinguished Cooper scholar James Franklin Beard 1919-1989 began organizing the Writings of James Fenimore Cooper in the late 1960s as his work on publishing the monumental *Letters and Journals of James Fenimore Cooper* came to fulfillment Beard's intention was to provide readers with sound scholarly editions of Cooper's major works based wherever possible on authorial manuscripts To date the Writings of James Fenimore Cooper has made available texts of many of Cooper's best known novels as well as some of his most important works of political and social commentary **Where No Man Has Gone Before**, *Manifest Destiny* Anders

Stephanson, 1996-01-31 When John O Sullivan wrote in 1845 the right of our manifest destiny to overspread and to possess the whole of the continent which Providence has given us for the development of Liberty and federated self government entrusted to us he coined a phrase that aptly describes how Americans from colonial days and into the twentieth century perceived their privileged role Anders Stephanson examines the consequences of this idea over more than three hundred years of history as *Manifest Destiny* drove the westward settlement to the Pacific defining the stubborn belief in the superiority of white people and denigrating Native Americans and other people of color He considers it a component in Woodrow Wilson's campaign to make the world safe for democracy and a strong factor in Ronald Reagan's administration

Biographical Directory of the United States Congress, 1774-2005 United States. Congress, 2005 Lists every member of the U S House and Senate since 1789 with brief biographical entries on each member **New York Historical Society Quarterly** New-York Historical Society, 1976 **Dilemmas of Presidential Leadership** Richard Ellis, Aaron B. Wildavsky, 1989-01-01 *Dilemmas of Presidential Leadership* challenges the widely accepted distinction between traditional and modern presidencies a dichotomy by which political science has justified excluding from its domain of inquiry all presidents preceding Franklin Roosevelt Rather than divide history into two mutually exclusive eras Richard Ellis and Aaron Wildavsky divide the world into three sorts of people egalitarians individualists and hierarchs All presidents the authors contend must manage the competition between these rival political cultures It is this commonality which lays the basis for comparing presidents across time To summarize and simplify the book addresses two general categories of presidencies The first is the president with a blend of egalitarian and individualist cultural propensities Spawned by the American revolution

this anti authoritarian cultural alliance dominated American politics until it was torn asunder by what Charles Beard has called the second American revolution the Civil War The Jeffersonian and Jacksonian presidents labored with varying degrees of success to square the exercise of authority with their own and their followers anti authoritarian principles They also were faced with intraparty conflicts that periodically flared up between egalitarian and individualist followers The president with hierarchical cultural propensities faced different problems While the precise contours of the dilemma varied all struggled in one way or another to reconcile their own and their party's preferences with the anti hierarchical ethos that inhered in the society and the polity Hierarchical presidents like Washington and Adams were hamstrung by this dilemma as were Whig leaders like Henry Clay and Daniel Webster who aspired to the presidency but never achieved it Abraham Lincoln's greatness resided in part in his ability to resolve the hierarchy's dilemma He operated in wartime when he could invoke the commander in chief clause and he created a new cultural combination in which hierarchy was subordinated to individualism This suggests the author was a key to his greatness The unique dimension of this volume is its use of cultural theory to explain presidential behavior It also differs from other books in that it deals with pre modern presidents who are too often treated as only of antiquarian interest in mainstream political science literature on the presidency The analysis lays the groundwork for a new basis for comparison of early presidents with modern presidents

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1976 **Biographical Directory of the American Congress** Wayne P Walker, Joel Treese, 1997 The Biographical Directory of the American Congress 1774 1996 is the essential reference tool and guide through more than two centuries of congressional history This directory features Alphabetically arranged biographies of more than 11 000 men and women who served in the U S and Continental Congresses from the beginning in 1774 through the 104th Congress in 1996 Complete rosters for every Congress Listings of all Cabinet members since George Washington's administration This new edition offers many added features including descriptions of legislation for members who are sponsors or co sponsors of acts known by their name notable achievements outside Congress and bibliographic citations

New York History New York State Historical Association, 1987 **Land and Freedom** Reeve Huston, 2000 Beginning in 1839 these tenants created a movement dedicated to destroying the estates and distributing the land to those who farmed it The anti rent movement quickly became one of the most powerful and influential popular movements of the antebellum era

Members of Congress Robert Goehlert, Fenton S. Martin, John R. Sayre, 1996 **Authorial Politics** David Andrew Long, 1989 **NTSC Books**, 1975
