Stop Teaching Our Kids to Kill Lt. Col. Dave Grossman, Gloria DeGaetano, 2009-11-04

There is perhaps no bigger or more important issue in America at present than youth violence Columbine Sandy Hook Aurora We know them all too well and for all the wrong reasons kids some as young as eleven years old taking up arms and with deadly frightening accuracy murdering anyone in their paths What is going on According to the authors of *Stop Teaching Our Kids to Kill* there is blame to be laid right at the feet of the makers of violent video games called murder trainers by one expert the TV networks and the Hollywood movie studios the people responsible for the fact that children witness literally thousands of violent images a day Authors Lt Col Dave Grossman and Gloria DeGaetano offer incontrovertible evidence much of it based on recent major scientific studies and empirical research that movies TV and video games are not just conditioning children to be violent and unaware of the consequences of that violence but are teaching the very mechanics of killing Their book is a much needed call to action for every parent teacher and citizen to help our children and stop the wave of killing and violence gripping America s youth And most important it is a blueprint for us all on how that can be achieved In Paducah Kentucky Michael Carneal a fourteen year old boy who stole a gun from a neighbor s house brought it to school and fired eight shots at a student prayer group as they were breaking up Prior to this event he had never shot a real gun before Of the eight shots he fired he had eight hits on eight different kids Five were head shots the other three upper torso The result was three dead one paralyzed for life The FBI says that the average experienced qualified law enforcement officer in the average shootout at an average range of seven yards hits with less than one bullet in five How does a child acquire such killing ability What would lead him to go out and commit such a horrific act

Violence Against Children Gertrud Lenzer, 2017-11-28

Violence Against Children adopts in its title the exhortation of Nobel Laureate Amartya Sen *Making Human Rights Real* which also represents the leitmotif of the book It examines the prevalence of violence against children in Africa the Asia Pacific Region Europe Latin America and the Caribbean and in the United States and explores major ways of its prevention *Making human rights real* engenders the challenge of helping all children to be free from violence and to lead a life replete with genuine nurture and the elimination of all violence Only in this manner will the goal of the United Nations 2030 Agenda for Sustainable Development target 16.2 be achieved and the child as a rights bearing individual realized in her his fullness The specially commissioned chapters that make up the volume have been written by renowned scholars

researchers and advocates They coalesce to provide an overview of the challenges facing children exposed to violence worldwide and they advance discussions of the measures which are available and necessary for the prevention of violence against children The book is intended for policy makers researchers and students of the social sciences and human rights who are interested in ending all the widespread maltreatment of children in our societies and our time *Parents and School Violence* Gerard Giordano,2022-05-09 This book explores advice about controlling school violence It looks at recommendations on student arrests active shooter drills panic buttons emergency texts armed school personnel facial recognition software restorative justice programs anti bullying programs zero tolerance policies mental health counseling mandatory psychiatric screening therapeutic yoga police dogs and bullet proof bags This book relies on a distinctive approach to solving It leads readers to see how one set of problems can contain a key to solving the other set **The Violence of Peace** Stephen L. Carter,2011-01-11 The man who many considered the peace candidate in the last election was transformed into a war president writes bestselling author and leading academic Stephen L Carter in *The Violence of Peace* his new book decoding what President Barack Obama s views on war mean for America and its role in military conflict now and going forward As America winds down a war in Iraq ratchets up another in Afghanistan and continues a global war on terrorism Carter delves into the implications of the military philosophy Obama has adopted through his first two years in office Responding to the invitation that Obama himself issued in his Nobel address Carter uses the tools of the Western tradition of just and unjust war to evaluate Obama s actions and words about military conflict offering insight into how the president will handle existing and future wars and into how his judgment will shape America s fate Carter also explores war as a way to defend others from tyrannical regimes which Obama has endorsed but not yet tested and reveals the surprising ways in which some of the tactics Obama has used or authorized are more extreme than those of his predecessor George W Bush Keeping the nation at peace Carter writes often requires battle and this book lays bare exactly how America s wars in Afghanistan and Iraq are shaping the way Obama views the country s role in conflict and peace ultimately determining the fate of the nation [Peace Education for Violence Prevention in Fragile African Societies](#) Maphosa, Sylvester B.,Keasley, Alphonse,2019-02-10 Though conflicts among African nations diminished at the end of the last millennium the need for peace remains a perennial concern for African citizens within their communities and countries Once again Maphosa and Keasley have engaged a collection of scholar practitioners to address the query What s Going to Make a Difference in Contemporary Peace Education around Africa The contributing authors draw from daily headlines as well as African literature to unearth twenty first century quandaries with which educators in formal and informal contexts are called upon to grapple The What s Going to Make a Difference authors offer insights to educators peace education practitioners and parents for everyday living The authors probe the wisdom of the recent and ancient past and bring forth pearls for contemporary moments All in discerning effort to respond to the guiding question the editors and their contributing colleagues deliver a compelling set of

revelations for Making a Difference in Peace Education for African and world citizens *Turning Points in Ministry* Blanche Clipper Hudson, 2021-07-15 *Turning Points in Ministry* Thinking Aloud is a compilation of Dr Hudson's sermons written between 1995-2015 focusing on the different seasons of ministry from the early years to the challenges of interim ministry to the barren seasons of ministry. These sermons represent both the challenges and the victories of the minister's different seasons of waiting for change and listening for God. Through the barren seasons she learns that there is a purpose for barrenness. She also learns during the barren seasons waiting and listening for God that He develops our spiritual gifts and prepares us for far greater opportunities for service in ministry at the next turning points **The Power of Positive**

Parenting Matthew R. Sanders, Trevor G. Mazzucchelli, 2018 Safe nurturing and positive parent-child interactions lay the foundations for healthy child development. How children are raised in their early years and beyond affects many different aspects of their lives including brain development, language, social skills, emotional regulation, mental and physical health, health risk behavior, and the capacity to cope with a spectrum of major life events. As such, parenting is the most important, potentially modifiable target of preventive intervention. *The Power of Positive Parenting* provides an in-depth description of Triple P, one of the most extensively studied parenting programs in the world, backed by more than 30 years of ongoing research. Triple P has its origins in social learning theory and the principles of behavior, cognitive and affective change, and its aim is to prevent severe behavioral, emotional, and developmental problems in children and adolescents by enhancing the knowledge, skills, and confidence of parents. Triple P incorporates five levels of intervention on a tiered continuum of increasing strength for parents of children from birth to age 16. The programs comprising the Triple P system are designed to create a family-friendly environment that better supports parents with a range of programs tailored to their differing needs. This volume draws on the editors' experience of developing Triple P, and chapters address every aspect of the system as well as how it can be applied to a diverse range of child and parent problems in different age groups and cultural contexts.

Making the Peace Paul Kivel, Allan Creighton, Oakland Men's Project, 2002-05-13 *Making the Peace* is written to help high school students break away from violence, develop self-esteem, and regain a sense of community. It provides photographs, illustrations, exercises, role plays, in-class handouts, homework sheets, and discussion guidelines to explore issues such as dating violence, gangs, interracial tension, suicide, sexual harassment, and the social roots of violence *Positive Parenting* Abraham J. Twerski, Ursula Verena Schwartz, 1996 In an age in which parenting seems to be the most challenging occupation, two leading mental health professionals give practical advice on developing your child's potential. Chapters include *Elevating a Child's Self-Esteem*, *Expectations and Meaning*, and *When Am I supposed to do all this?* **Teaching Peace** Colman McCarthy, 2015-03-10 To see if nonviolence could be taught in 1982, Colman McCarthy became a volunteer teacher at one of the poorest high schools in Washington, DC. In the thirty-two years since then, he has taught peace studies courses for more than ten thousand college and high school students. Large numbers of those students have faithfully kept in touch with

McCarthy often with handwritten letters and he has answered them with the same seriousness he brought to his columns and books. The exchanges rise to a rare kind of literature that blends personal warmth, intellectual honesty, and shared idealism. The discussions range from peace and war to a host of other issues of social justice such as the death penalty, human rights, poverty, the living wage, animal rights, and vegetarianism. The wide-ranging letters suggest how teachers and students co-create a world of more love and less hate.

Peace Movements Worldwide Michael N. Nagler, Marc Pilisuk, 2010-12-16 This three-volume anthology is a comprehensive overview of how the human yearning for peace has played out and is playing out on this planet. *Peace Movements Worldwide* is quite simply the most comprehensive work of its kind on this important subject. In its three volumes, experts document the history and growth of the peace movement, why it is important, who gets involved, and how it can succeed. Organized by major themes and issues, the work examines every facet of human striving for peace from the global to the personal. The first volume, *History and Vitality of Peace Movements*, explores the meaning of peace, its historical, philosophical, and biological foundations, and related spiritual, gender, social, and economic viewpoints. The second volume, *Players and Practices in Resistance to War*, discusses control over weapons, efforts to prevent and end violent conflict, and efforts to heal the traumatic aftereffects of violence. The third volume, *Peace Efforts That Work and Why*, looks at how mankind can build a new world order by building communities with a sustainable culture of peace.

Positive Parenting Natasha Becker, 2019-06-24 Turn Down The Heat Stay Cool And Discover How To Raise Happy Children With Positive Parenting. Do you recognize any of these situations? You are not the boss of me. It's not fair. I don't like you. Especially the last one can break a parent's heart even if you know your kid doesn't mean it. We've all been there. Your child does something wrong and all you want to do is be a good parent, explain the situation, and point out the consequences. Your kid stops listening before you've even started. Eventually the situation escalates and all hell breaks loose. At the end of the day, your kid has already forgotten about what happened in the afternoon, and you are the one who aged 5 years in 30 seconds. Wasn't it your child who was supposed to level up instead of your stress levels that spike every time this situation occurs? Don't worry, this is an average child-parent situation. You are not alone with your questions and fears. According to the National Parenting Survey, 73% of all moms and dads say parenting is their biggest challenge. 1 in 4 parents feel equally terrified and motivated when it comes to raising their kids. Parents agree that if they knew more positive parenting strategies, they would use them. No wonder a majority of parents say they like to get parenting advice from the Supernanny or similar TV programs. Great news: good parenting can be learned, and it is much easier and less stressful than you could ever imagine. In *The Positive Parenting Handbook*, you'll discover how to turn friction and rebellion into cooperation and peace. How to get the support you need whenever you feel like crying, screaming, or running away. How to solve the discipline dilemma with the 1 key to kids' attention. How to overcome the expectation gap and understand children's capabilities. How your child becomes your forever friend. Practical exercises to take action on your new parenting skills. Special tools for all stages of life from crying infants to

rebellious teenagers 4 pillars to stop being judged or judging yourself And much much more Parenting can be a team sport or done by one super parent No matter what kind of relationship parents have there is parenting support for everyone from modern patchwork families to yogi single moms When it comes to parenting communication is the golden key to the heart and the head of your kid Yet words need to be chosen the right way or they can inflict harm Finding the right words especially when a conflict starts to heat up can be challenging That s when simple tricks help to keep you cool No matter if you already a proud parent of 5 kids or you are a first timer you ll always discover new inspirations to become an even better mentor for your loved one Discover how to master parenting and turn the yelling hell into harmony heaven *Encyclopedia of Violence, Peace, and Conflict* ,2008-09-05 The 2nd edition of Encyclopedia of Violence Peace and Conflict provides timely and useful information about antagonism and reconciliation in all contexts of public and personal life Building on the highly regarded 1st edition 1999 and publishing at a time of seemingly inexorably increasing conflict and violent behaviour the world over the Encyclopedia is an essential reference for students and scholars working in the field of peace and conflict resolution studies and for those seeking to explore alternatives to violence and share visions and strategies for social justice and social change Covering topics as diverse as Arms Control Peace Movements Child Abuse Folklore Terrorism and Political Assassinations the Encyclopedia comprehensively addresses an extensive information area in 225 multi disciplinary cross referenced and authoritatively authored articles In his Preface to the 1st edition Editor in Chief Lester Kurtz wrote The problem of violence poses such a monumental challenge at the end of the 20th century that it is surprising we have addressed it so inadequately We have not made much progress in learning how to cooperate with one another more effectively or how to conduct our conflicts more peacefully Instead we have increased the lethality of our combat through revolutions in weapons technology and military training The Encyclopedia of Violence Peace and Conflict is designed to help us to take stock of our knowledge concerning these crucial phenomena Ten years on the need for an authoritative and cross disciplinary approach to the great issues of violence and peace seems greater than ever More than 200 authoritative multidisciplinary articles in a 3 volume set Many brand new articles alongside revised and updated content from the First Edition Article outline and glossary of key terms at the beginning of each article Entries arranged alphabetically for easy access Articles written by more than 200 eminent contributors from around the world *Views on Positive Parenting and Non-violent Upbringing* Ruth Sinclair,2007-01-01 This book presents the results a a two day consultation with children and parents from 19 countries How would you define positive parenting What characterises negative parenting How does smacking make children feel What does it teach them What are the alternatives to smacking Exercises and questions that children and parents addressed on this occasion are presented in this publication and could be used in other similar consultations in the member states **A Contemporary Theology for Ecumenical Peace** J. Will,2014-04-25 Humanity s long history of intermittent conflicts and contemporary violence undermines Christian s and their Jewish and Muslim fellow

believers religious confidence in and moral commitment to world peace The principal issue is the ambiguity of God's presence and action in the world as we experience it In *A Contemporary Theology for Ecumenical Peace* this problem is addressed by relating biblical theology to contemporary philosophical and theological perspectives to motivate and sustain the practice of love and justice in the context of civil religion
