Recipes Of The Wild:

Cooking Wild John Ash, James O. Fraioli, 2025-05-01 To eat wild foods you needn't crawl through the forest or hunt your own game. Many wild foods are as close by as your local supermarket. But this doesn't mean that wild foods aren't worth the hunt. This book takes a big view of wild including recipes and information on both foraged uncultivated foods as well as looking at the progeny of wild foods more conveniently found for sale alongside their conventional cousins. Increasingly Americans are concerned about where their food comes from, how it's produced, packaged and marketed. Heritage breeds, paleo diets, farmers markets and environmental and climate concerns all point to increased interest in foods that are as natural and unmanipulated as they can be. Plants, seafood, meat and birds are all covered in more than 150 recipes and will serve as a historical agricultural education for your kitchen.

Outside Gill Meller, 2022-05-04 Gill Meller's new book *Outside* is a thoughtful celebration of the joys of cooking and eating outdoors. We shouldn't be shutting doors any more; we should be opening them. From his rural home overlooking the sea, Gill is perfectly placed to write about open air cooking, whether it's a simple campfire on the beach or a barbecue in the garden, evoking pictures of summery platters on laden tables and slow, gentle picnics in fields. With more people than ever staying at home for their holidays, taking the family camping or walking, as well as meeting friends for picnics and barbecues, it feels like people have rediscovered their love of the outdoors. Gill's cooking is as always inspired by the changing seasons and encourages us to reconnect with nature and the world around us through the food we eat. So whether you want a bowl of something hearty and warming on a wintry walk or crave something bright, fresh and zesty to enjoy by the coast in the sunshine, there are recipes to delight everyone wherever they are.
